

## CONSIDER PLANS FOR EQUALIZATION

### Public Service Commission May Make Change In Bus Depreciation Fund

Indianapolis, Oct. 22.—The members of the public service commission today are considering plans for the equalization of the bus depreciation fund.

It is not known just what steps will be taken but in view of testimony presented at a hearing yesterday it is considered probable that some differentiation between passenger busses and freight trucks will be made.

A plea that the operators be permitted to carry the depreciation fund as a book account instead of cash also is being considered. It was pointed out that the operators need the money for the establishment of adequate credit.

Members of the commission indicated that it would be impossible to establish a separate depreciation fund for each company.

Such action, one member of the commission said, would require the employment of a large number of additional clerks and that the budget committee would not approve of such action.

Operators of freight lines, at the hearing, declared the life of a truck is much longer than that of a passenger bus and urged the depreciation fund for truck lines be set at one per cent instead of two and one half per cent as ordered by the commission.

Only two states besides Indiana require a cash depreciation fund for bus and truck operators.

## ALONG THE SIDELINES

(United Press)

Champaign — The Illini is concentrating on defense in this week's practice. The reappearance of Chyck Brown, last year's tackle, has put new life into the team. Pug Daugherty is still resting but he is certain to be in the Michigan game Saturday.

Iowa City — Coach Ingwerson is polishing up reserve backs for Saturday's game with Ohio. Two full teams leave this afternoon for Columbus, in good shape for the game.

Madison — New faces have appeared in the Wisconsin line. Outside of scrimmage, the practices this week consist mostly of passing for the backfield, and defensive work for the line.

Ann Arbor — Coach Yost is concentrating on a defense to stop Red Grange of Illinois Saturday. Every play that has helped to make Red famous is being analyzed and the Michigan team is confident of stopping him.

Chicago — Coach Stagg has picked his team, and 27 men leave here today to do battle with Penn Saturday. The last Chicago workout consisted mostly of kicking practice on both punts and point makers.

Evanston, Ill. — A passing game is being perfected by Northwestern to be used against Tulane Saturday. Paring "Moon" Baker, every Wildcat will be in the game. Benny Froelich, who was kicked in the head Monday is recovering rapidly and will play Saturday.

Minneapolis — Doc Spears is switching his variety about for the Notre Dame game. He is not satisfied with the defense. The coach as yet is showing no preference for players but is using every available man.

Columbus, O. — Ohio is concentrating on a passing attack. Marek and Bell are doing most of the work with Cunningham coming in occasionally with one of his forty yard shots. The team will be in good shape for the Iowa game Saturday.

Lafayette, Ind. — Purdue's hopes in the Wisconsin game have received a severe setback with the injury in scrimmage of Dode Gladders, fullback, and Don Cunningham, guard. Korbasky and Deephouse have taken their places. The team leaves today for Madison.

South Bend — The freshmen, using Minnesota plays, have managed to chalk up consistent gains against Rockne's men and there seems little to base high hopes of victory on. But the team is confident and hundreds of students will accompany it to Minneapolis.

Bloomington, Ind. — Perfection of its own grid plays is the order at Indiana and no attempt is being made to teach the team Miami plays. Practice has been lengthened by the use of four large flood lights.
