## THREE GAMES HOLD INTEREST

### Michigan-Illinois And Ohio-Iowa Contest Feature Of Big Ten Card

By Edward C. Derr  
(U. P. Staff Correspondent)  
Chicago, Oct. 23.—(United Press)—

Middlewestern football interest tomorrow will be centered in three games—the Michigan-Illinois combat at Urbana, the Iowa-Ohio State game at Columbus, and the Big Ten inter-sectional game at Philadelphia where Chicago meets Pennsylvania.

There are other games in the Big Ten conference, but for one reason or another they will not attract nearly the attention of the three contests above named.

The game at Urbana will bring Red Grange into action against the team he demolished last year by sprinting to four touchdowns in the first quarter and to a fifth touchdown before the final whistle. The Wolverines this year have a superior team and Illinois is weaker, thus making a Michigan victory highly probable, but the outcome may be different if Grange can find a few holes. Benny Friedman, star of the Wolverine backfield, will be closely watched.

At Columbus another pair of opposing stars will be brought face to face. They are Nick Kutsch, the hard-hitting halfback from Iowa, and Elmer Mack, a dashing athlete from Cedar Rapids, Ia., who left his home state to join the Buckeyes. Odds are even in this game, but Ohio has a slight edge on the face of early games.

Coach Stagg's Chicago Maroons have a tight fight on their hands at Philadelphia. Penn is a 7 to 5 favorite to win and the odds are even higher among critics who saw Chicago's indifferent exhibition against Northwestern last Saturday. Certain of the "wise ones" however, believe the wily Stagg has been keeping much of his strength under cover.

Next to these three games, the most important battle on tomorrow's program is the Notre Dame-Minnesota engagement at Minneapolis. While the Irish were humbled by the away they are expected to give Coach Dooley's Gopher team a great game.

The Northwestern-Tuam game at Chicago brings together one of the most powerful teams that ever represented the south and a Big Ten team that is suffering the absence of its

greatest star, "Moon" Baker. The southerners should be easy winners unless the Wildcats have improved greatly since last week.

Wisconsin meets Purdue at Madison. Although this is a Big Ten championship game, it lacks importance for the reason that Wisconsin already is out of the race and Purdue is not expected to get very far.

The remaining Big Ten team—Indiana—takes on Miami at Bloomington.

## ALONG THE SIDELINES

(United Press)  
Chicago — Coach Alonzo Stagg and his Chicago team are speeding into Philadelphia today, confident of their ability to win from Pennsylvania Saturday.

Evansville, Ill. — Northwestern's hopes sank lower today with the announcement that Marney Matthews, injured yesterday, probably will not be able to play against Tulane. Concentration on defense is still the order in the Wildcats' camp.

Columbus, O. — Much stress continues to be laid on defensive work, in the camp of the Buckeyes. More than forty thousand people are expected to be on hand when Ohio meets Iowa here Saturday.

Champaign, Ill. — With the campus crying "Beat Michigan," a renewal of the old fighting spirit of Illinois is much in evidence. The line is at last showing signs of being able to hold and Grange may have the advantage of support he has lacked thus far.

Iowa City — Leaving behind the parting shot that "My team is unprepared for the Buckeyes, they haven't recovered from the Illinois game," Coach Ingwersen and his Hawkeyes left for the fair of Ohio State. Raffensperger and Smith will not be in the campaign.

South Bend, Ind. — With the team more of a mystery than ever, and several new faces expected to appear in the lineup Saturday, the Notre Dame players are on their way to Minneapolis. Rockne has done so much shifting that fans do not know what to expect Saturday.

Minneapolis — Defensive work is the order in the camp of Doc Spears' Minnesota men. It is held significant that little forward passing work has been done during the week.

Bloomington, Ind. — Showing the best form of the year, the Hoosier squad is keyed to a high pitch for the Miami game Saturday.

Madison, Wis. — A powerful aerial attack is being perfected by the Badgers for the Purdue game Saturday. The line has been strengthened until it now gives the backfield time to start plays.

Lafayette, Ind. — The Purdue squad is enroute to Madison for the Wisconsin game Saturday. The week's practice was tapered off with a light workout yesterday afternoon.

Ann Arbor, Mich. — Michigan has been dealt a severe blow by the injury of Tom Edwards, tackle, who will be unable to play against the Illinois Saturday. Hawkins will go to tackle and Dewey will take the guard place left vacant by Hawkins.

Philadelphia — "Chicago is the hardest team on the schedule. We have to win and I think the boys will come through," Coach Lou Young said before taking his Pennsylvania squad to Acheson, N. J. The Chicago squad arrived this morning and was offered the use of the stadium for practice this afternoon. "We've got a fighting chance to win," Pop Stagg, the Chicago coach said.

## To Hold Auto Race For Colored Drivers Sunday

Much interest is being shown in the 75-mile automobile race for colored drivers, to be held on the half-mile dirt track at Centlivre park, Fort Wayne, next Sunday afternoon. The race was scheduled for last Sunday, but was postponed on account of rain.

This is the first race for colored drivers ever attempted in northern Indiana, although they are held at regular intervals in larger cities. Reports from those cities state that the colored drivers make the races highly spectacular. The 75-mile race is the only event on the program. The race will start at 2:15 p.m.

## Great Western Train Is Wrecked In Iowa

Waterloo, Ia., Oct. 23.—Great Western passenger train No. 56, east-bound, was derailed six miles southwest of here at 1:20 a.m. today.

Engineer Jim Liddell, Des Moines, was pinned in his cab and when extricated was found to have his right leg crushed.

Though all the cars left the track to passengers were injured.

Spreading rails is thought to have caused the wreck. A large section of the track was torn up.

## POWERFUL TEAMS MEET SATURDAY

### Games Tomorrow Have Important Bearing On Sectional Championships

By Henry L. Farrell  
(U. P. Staff Correspondent)  
New York, Oct. 23.—(United Press)—

Games with an important bearing on sectional championships will be played tomorrow.

Dartmouth, one of the most powerful teams in the east, meets Harvard in a battle that might develop into a huge surprise.

Georgia Tech and Alabama, leaders in the race for the southern championship, will provide the feature game of the south.

While there is no definite title at stake, the game in Philadelphia between Pennsylvania and Chicago will be one of the most interesting games of the day. Chicago's standing in the western conference would not be affected by a defeat, but a defeat for Pennsylvania would seriously affect its claim for the eastern championship, as there is no way to judge claims in the past except on games won and lost.

Against a weaker team, Michigan will have a chance to revenge itself for last year's defeat by Illinois.

Dartmouth coaches and the student body have been warning the team against over-confidence since Harvard was downed last Saturday by Holy Cross.

It is rather early in the season for such an important game as the Georgia Tech-Alabama contest, as the two teams really haven't been tested.

## Lehigh Grid Star Is Fighting For His Life

Bethlehem, Pa., Oct. 23.—Flowers in abundance and messages of encouragement from Lafayette, Pennsylvania, Princeton, Holy Cross, Gettysburg, Rutgers, Harvard, Yale, and numerous other big eastern universities poured into the hospital here where Charlie Prior, star back of the Lehigh eleven, is fighting for his life with a broken neck sustained in last Saturday's game.

The message from Holy Cross said that daily prayers were being offered by the student body for his recovery. Lafayette, Lehigh's ancient rival, sent a huge basket of flowers, draped with the colors of the two teams.

Prior is paralyzed from the neck down, but the doctors have hope that he may recover if he keeps up his courage.

## Lodge's Accusations Of League Of Nations Are Published Today

New York, Oct. 23.—With the league of nations intervening to halt the Greco-Bulgarian hostilities, posthumous accusations from the pen of its bitter enemy, Senator Henry Lodge, published today, held the league "futile" and charged it "has done nothing to stop wars."

"Every day of the league's existence," he wrote in a volume brought out by Scribner's, entitled "The Senate and the League of Nations," "has convinced me of the wisdom of the United States in holding aloof from its useless and at the same time dangerous provisions. In practice, the league thus far has proved futile for the purpose for which it was ostensibly designed and loudly proclaimed. It has done nothing to end wars."

The book is sharply critical of President Wilson, for Lodge held that not idealism but vanity, actuated his work.

"The key to all he did was that he thought of everything in terms of Wilson," remarked Lodge.

Peru. — W. H. Meyers of Peru, says his wife won't have any cause if pumpkin pies are scarce. He grew a hundred pound pumpkin.

## Flyer

World's champion sprinter is the title sought by Wanda Danley, eighteen, of Oakland, Cal. She recently defeated Helen Filkey, of Chicago, world's champion in the dashes.

## Stock Market Enters Eighth Day Of Boom

New York, Oct. 23.—The phenomenal stock market boom that has made and lost millions of dollars for investors went into an unprecedented eighth day of furious bidding, swept onward by J. Edgar Hoover's speech before the American Iron and Steel institute, in which he declared the nation to be on the eve of a great prosperity.

Millions changed hands as stocks were traded in recklessly, in a great upward movement.

The underlying reasons for the great boom still remains a mystery. The titan's forces grappling behind the scenes for financial supremacy have not yet been revealed.

## Epidemic Of Infantile Paralysis At Louisville

Louisville, Ky., Oct. 23.—(United Press)—The public and parochial schools here were closed today in an attempt to check an outbreak of infantile paralysis.

With four deaths and 19 new cases reported, City Health Commissioner Owen said he had appealed to the Mayo foundation for serum and this was expected to arrive today or tomorrow.

The public schools were ordered closed yesterday and the parochial schools were asked to close today. All churches were appealed to discontinue with Sunday school classes.

In addition to the schools, theaters will be asked to refuse admittance to children under 15 years of age, Dr. Owen announced.

## Steel Merger Rumors Heard In Youngstown, O.

Youngstown, O., Oct. 23.—Steel merger rumors revolving around the Inland Steel company in the Chicago district are being heard here. The Inland property is said to be available at a price around \$75 a share for its 1,180,000 shares of common, fixed by the chief owners, the Block family.

Companies seeking the property are believed chiefly those without a Chicago district plant, but Jones and Laughlin, Bethlehem, Youngstown Sheet and Tube and perhaps Republic are believed to be connected with the other end of the deal.

Inland Steel affords the best entrance into the Chicago district for corporations not represented there and so is the center of such talk.

## Body Of Wealthy Retired Farmer Found

Terre Haute, Ind., Oct. 23.—The body of Oliver C. Myles, 69-year-old wealthy retired farmer, who is said to have divided his residence between Snider, Ill., and Terre Haute, was found early today under the Pennsylvania railroad bridge at the edge of the city.

The man's tongue was cut in two and his right leg was broken. The ground near where the body was found by Sheriff Fencannon indicated that the body had been dragged several feet, advancing the theory that he had been murdered and the body carried to the spot where it was found.

Weight receipts in the dead man's pockets indicated he had sold 700 bushels of corn at Snider yesterday. Only eight cents was found in his pocket.

Crawfordsville. — Republicans of the ninth district will rally here Oct. 27th.

## MORE BODIES ARE TAKEN FROM S-51

### Total Of Eight Bodies Have Been Removed From Wrecked Submarine

Newport, R. I., Oct. 23.—Two more bodies, as yet unidentified have been recovered from the sunken hull of the submarine S-51 off Block Island, according to a wireless dispatch received here today by naval communications.

The bodies were taken from the engine room of the submersible by divers.

With the body recovered late yesterday, this makes a total of eight that have been taken from the lost submarine.

The bodies recovered today are being brought here on the navy tug Triton.

New London, Conn., Oct. 23.—Identification of the three bodies recovered from the sunken submarine S-51 in the past 24 hours, cannot be made until Captain J. H. Taylor of the bureau of navigation at Washington arrives at Newport, with the records and finger prints of the crew, it was learned here today.

Meanwhile, work on raising the submarine is progressing favorably, it was said. The navy hopes to make its final attempt to bring the craft to the surface in a few days. Divers continued their explorations today.

## 26 Federal Prohibition Agents In Northwest Ousted

Bulletin

Minneapolis, Minn., Oct. 23.—(United Press)—Twenty-six federal prohibition agents in the northwest district were ousted today in the most extensive dry force shake-ups on record for this area.

W. F. Rhinow, new northwest administrator, announced acceptance of the requested resignations at 9 a. m. today.

No reasons were given for the ousting of the agents, and General Rhinow withheld the names of those relieved from duty.

The shakeup is part of General Rhinow's program to restore prohibition enforcement efforts in the northwest to an efficiency basis, he said. When he was recently appointed to the office he asked the resignations of every agent in the district. All complied. Of the 70 resignations offered, 26 were accepted today.

Included in those accepted was the resignation of Maurice L. Silverman, acting divisional enforcement chief.

## Aviator Kills Wild Goose With Airplane; Faces Federal Charge

Jefferson City, Mo., Oct. 23.—Lieutenant Fred C. Nelson, United States army aviator, faces arrest on a charge of "driving, killing and capturing a Canadian goose from and with the aid of an airplane." This unusual complaint was filed by Federal Game War-

den Barmier after complaints of citizens of Callaway county and a federal warrant was issued for the aviator here Monday. Nelson was flying with a passenger on October 31, 1924, when it is explained that he drove his plane into a flock of geese, the propeller knocking one of the birds to the ground.

It is further asserted that a landing was made to recover the goose, in which the plane was damaged. As Missouri game laws do not cover the case, federal authorities were called in.

Lieutenant Nelson is instructor for the 110th air squadron of the Missouri national guard.

## Garage At Grover Hill, Ohio, Robbed This Week

A robbery, which is identical with

the one at the Mann garage in Pleasant Mills, last Monday night, occurred at the Owens-Gauvey garage in Grover Hill, Ohio, Wednesday night. Three and storage batteries valued at between \$1,000 and \$2,000 were taken at Grover Hill. The thieves broke open the doors to the garage and lashed a truck into the building, where they loaded their loot unmolested. They seven tires, four storage batteries and \$4 in cash were missing when the garage was opened yesterday morning. At Pleasant Mills, the thieves lashed a truck into the Mann garage and loaded in several tires, three double

Evansville. — "The students who 'stunk' in college because of love is a rare bird," said Alfred Hughes, president of the college here. He said most of the failures are those who take wrong courses.
