Attend the Smoker at Democratic headquarters Wednesday night. A good program and a good time.

Don't forget the precinct meetings this week. They are important and they need you.

This is the final week of the city campaign and promises to be a snappy one. There is much to be done in the way of organization. Precinct meetings and a smoker will be held by the democrats. You are invited to attend.

The Decatur city plant is earning a large profit annually. The money has been used to improve the equipment and after the first of the year we will have a model outfit here, prepared to take care of any industry which cares to located here. Its important that it be continued as a great part of the city. Stick to Krick.

E. B. Williamson today began his campaign to organize an Adams County Fair Association. His appeal is a sensible one and his plan is good. This is our county and the fair should be ours, conducted by those engaged in farming and dairying. If the substantial men and women of the county will get behind this movement, they will help the community and the county in many ways and build a valuable property and company.

Take part in the Callithumpian parade Saturday night. Play a little. Dress the children up, put on a funny face yourself, get in the crowd and have a good time. Thousands will be here, there will be music and noise and red fire, a bushel of fun for every one. Its a good thing to have a good time and that's what this is—just a clean and wholesome celebration of Halloween, designed to provide so much merriment and such a good time that the youngsters will forget the old custom of destroying property.

The Republicans are trying to put over a smooth one in the state by winning as many of the city elections as possible and then using that as a sign for next year's campaigns. They have held big mass meetings in every district. The one for this section was held at Portland and was attended by republican candidates for city offices here. They were told to win this year so it would help the republican cause in the state. There is no reason why the Democrats should sit around and let them do it in a city which has a good majority, a splendid ticket, a good record and a platform of fair and square dealings. Get busy boys.

Yesterday in the Decatur churches was something different than usual because in several of them, laymen assisted. At the Methodist church, Sunday morning, Mr. Pogue, of Celina, Ohio, and Mr. Bancroft, of Columbus, Ohio, gave excellent talks. At the Christian church in the afternoon, at the first anniversary of the new build-

ing, French Quinn delighted those who attended. At the Presbyterian church last evening, Mr. Loesch, a Bluffton banker, gave a splendid address at the Presbyterian church. Each was good and coming from business men as the messages did, added to the words of the ministers. It's a fine thing and we hope that more programs of this kind are carried on.

Campaigns in the various Indiana cities will warm up this week and everything will be set by Tuesday of next week when the battle of ballots will take place. In Indianapolis Walter Meyers, a young attorney, is battling County Treasurer Duvall for the mayorship and it looks like a scrap. If Meyers makes a good showing in the race with a 25,000 majority to overcome he will become one of the real Democratic leaders of the state. Lively scraps are also on at Fort Wayne, Muncie, South Bend, Evansville and in other of the larger cities and while the interest has not reached the usual point, it is expected there will be a rather large vote out in most places on November 3rd.

The most important thing for you in the coming election, as a citizen and tax payer here, is to select those officials who because of their experience and their ability can best serve you. The city plant here is now a million dollar institution and does a tremendous business. Its important that we keep it going smoothly, that our rates be as low as possible, that the machinery and equipment be kept up, that we can furnish power and light to the various institutions which employ labor. The election should not turn upon any foolish or sentimental thing, started now or sprung at the eleventh hour to secure your vote. It should be decided because of the best interests of the city and in favor of those who have proven their worth by their actions. The Democratic ticket is a well balanced one and you are safe in electing the candidates found there.

## SOME TIME

From Betty Eaton comes a note which I should dearly love to quote. But space forbids, and so I'll take a thought or two from it and make for her this little round of rhyme about that far away "sometime!"

"Sometime," all parents love to say,  
"We'll take you down to see a play,  
Sometime to Boston we will go,  
Sometime all pleasures you shall know;  
Not now, but sometime later on  
An ocean boat we'll ride upon."

In days when I was but a child  
By "sometime" I was reconciled,  
I sat and dreamed and wished a lad  
Like us will promise "sometime," too.

## Expect Commissioners To Declare Office Vacant

Hartford City, Ind., Oct. 26.—Action by the board of county commissioners to declare the office of county auditor, a bone of contention between Walter Hughes, Democrat, and Ruth Werber, Republican, vacant is momentarily expected.

At a recent meeting, the commissioners were informed that Miss Werber had disqualified herself for the post by accepting another office.

Following the meeting, the commissioners sent word to Miss Werber's attorney that they would accept her resignation and appoint some neutral party to the office.

At the recent session several at-

torneys were called into conference and informed of Miss Werber's action. These attorneys, it is understood, each advised that the office should be declared vacant.

Should Miss Werber refuse to accept the compromise offered by the board it is probable that action to declare the place vacant will be taken this week.

Lafayette, Ind., Oct. 26.—Governor Jackson and other prominent officials are scheduled to address the third annual conference of architects, contractors, engineers and craftsmen to be held here October 29.

## Beside St. Mary's Bank

Would'st thou behold fair autumn's face  
And drink the wine of joy?  
Follow the path that leads there now  
To scenes that do not cloy?  
In ever changing tones of light,  
In tints ten-thousand fold,  
The slope beyond attends the sight.  
By verdant vale and wold,  
And would'st thou view the frosted brow  
That crowns the wooded ranks,  
Follow the path that leads there now  
Beside St. Mary's banks.

Would'st thou behold fair autumn's grace  
And drink the wine of joy,  
Follow th tantalizing lines  
That nature does employ;  
The brook that runs its laughing way,  
The fertile, fruited mead,  
The path that hid itself away  
From base and common need?  
Lift up thy heart like every bough  
That crowns the embazoned ranks,  
Follow the path that leads there now  
Beside St. Mary's banks.

## Compare these Better Buick Sedans with "Coaches"

These finer closed cars are built on the famous Buick chassis with the 21-year-proved, 60 and 75 horsepower Buick Valve-in-Head engines. Extra power!

And they have the famous "Sealed Chassis" and the new "Triple Sealed Engine." No other car, regardless of price, furnishes this completeness of protection for driving parts.

And these Buicks have the characteristic Buick charm of body profile. They are finished in Duco. They seat five full-grown people in roomy comfort. They have the Fisher VV one-piece, ventilating windshield wiper, and a host of light necessities. Buick's exacting closed car standards prevail in their Fisher-built bodies.

Come in and see how much superior these Better Buick Sedans are to "Coaches" before you spend your money.

## What's in the news?

—the announcement of a great discovery, telling of new benefits to mankind—the announcement of a new bridge—a new style in clothes—a new product for the home.

All are news—news that tells of places to go—things that have happened, or will happen—what and where to buy.

All are interesting—the advertisements especially, for they contain news which vitally affects your well-being and the comforts of your home.

Here, perhaps, is the story of how a manufacturer labored a lifetime to lighten a woman's housework. It may be that here is a merchant who has brought stuffs from the four corners of the earth to your very door. Here is a new and delightful dish for dinner; a wonderful place to spend your vacation—or just a perfectly baked loaf of bread.

There is a news message to you in every advertisement. Read this news for home economy and enjoyment.

Advertisements in the Daily Democrat are the most interesting of all news—for they interest you personally.
