THE DEATH OF C. S. NIBLICK:—

There are times when words are idle and when anything that can be said fail to relieve and this is one of those times. We can and this community will pay sincerest respects to an honorable citizen who has done much for his community, who has lived a clean life, who has fought all ways for his friends—but we cannot restore to the family their beloved husband, father, brother, nor to the thousands who mourn today, their friend.

Charles S. Niblick, president of the Old Adams County Bank, a leader in many ways, a community worker, friend to rich and poor alike, died at the Mercy Hospital at Gary at 12:40 o'clock this morning. He had been taken there from Indiana Harbor a week ago and an emergency operation was performed in hopes of saving his life. Encouraging word came from time to time and only yesterday morning the attending physicians expressed hope for his ultimate recovery. During the afternoon however, he suffered a relapse and though every known stimulant was administered and everything possible done, he sank gradually into the sleep of eternity. He became unconscious early in the evening and his death followed at midnight.

It is needless to say that this community feels the shock. No man here numbered so many warm and admiring friends, no man here had worked more faithfully for others, no man here had taken part in so many lines of public endeavor as did Charley Niblick. He not only carried his burden, but always a little more. He was a banker, a business man, a churchman, a lodge man, a Rotarian, a booster for every thing that was clean and good and no one ever heard him decline to serve. He was treasurer of almost countless organizations and yet he always found time to encourage the other fellow. He was a friend to every one and every one knew him and knew that when he took his troubles to him he would not only find sympathy, but concrete help. He entered the Old Adams County bank when but fourteen years of age and had served that institution continuously forty-five years, filling every position from errand boy to president, excepting that of vice-president. His smile, his hand wave, his pleasant words were assets worth while. It was a pleasure to know him, to meet him, to advise with him and he will be sadly missed in almost every circle in this community. His place cannot be filled in home, church, lodge, business or the many other niches of Decatur and Adams county where he belonged and where he was looked to so often.

He was your friend and our friend. His keen mind contained no enmity toward any one; only a desire to make it easier for those about him, his trail body was constantly urged on that he might serve and his greatest happiness was to see others successful. It is therefore not to be wondered at that this community is stunned today

and that our words but feebly express the loss.

If you are informed as to conditions in Decatur you know they are splendid, that we have made much progress with a reduced tax rate and without a bond issue. This is the result of the democratic administration of the past years and should be continued. Nothing is more important than a city which can assure those who wish to locate industries here that we have sufficient power, water and light at reasonable rates. The democratic candidates propose if elected to continue the plans now under way to better the city plant, reduce rates, secure lower insurance rates if possible and keep the tax rate down. They know just what the responsibility is and they wish to finish their job. They should be permitted to do so and we believe the entire ticket will be elected next Tuesday.

This is Fire Prevention week and you are requested and urged to provide as you can against conflagration. You have been told often of the millions of losses and advised that the great percentage is preventable. This is the week to see that the chimney is sound and the furnace safe, that the debris is cleaned away in the attic and cellar, and that the wiring in your house is safe and that any thing which might cause fire is removed.

Two more excellent precinct meetings were held last evening, one at the Ed Green home, first ward A and one at the home of Mrs. D. D. Heller, precinct A, second ward. Much interest is being manifested and indications for an organization that will assure a victory with a large majority could not be better at this time. Its important that we keep it up and that every vote is cast on election day.

Of course you are going to vote next Tuesday, but don't stop at that. Look up a friend or two and perhaps it will be convenient to have them drive to the polls with you. Interest in who will conduct your municipal affairs and how they will do it, is important, for its affects you at least four years and perhaps much longer than that for often the things done by public officials are felt a decade or two, good or bad.

So this is October with her bright blue skies? Well the poet can also add a few lines on the beautiful snow. Looks like those fellows who predicted seven or eight months of winter knew their stuff.

The organization of an Adams County Fair association is going forward and Mr. Williamson reports splendid success as a result of his first half days canvas.

ATTEND THE SMOKER AT DEMOCRATIC HEADQUARTERS THIS EVENING. SPEECHES BY LUTZ, HELLER, FRUCHTE, DEVOS AND JABERG.

SUCCESS

I could stand to lose my money, I When at last my time is ended, that could smile a little bit I'm poor I shall not mind If I'd made a stroke for glory and if there's something to be proud of in the son I leave behind. I had fallen short of it. I can say I wasn't clever, wise men over losses I have had thought my judgment bad. If at last I am successful as the father But I didn't fail the youngster in the father that he had.

Life has many ways to travel, and Success lies not in fortune, not in it's difficult to choose, pump or power, or place, And the joys we try so hard for And the things men boast the most of seem the easiest to lose; may at last be their disgrace. Success that's told in money, any So I hold my foremost duty, above everything I plan. But God may judge the father by the Is to try to be successful as the father of a man.

ECZEMA

Dries right up!

If you just realized how easy it is to stop fiery, itching, burning eczema by simply building up the red blood-cells in your blood with S. S. S., you wouldn't waste another minute trying to do it any other way.

That's the only way to relieve irritated, broken out skin of any sort. You lack rich, red blood. Impurities are in your system. The blood is so weak it can't fight back and overcome the enemy, so the impurities break out through the skin.

S. S. S. builds the blood back—builds millions of new red blood-cells. Eczema dries right up. Boils, pimples, blackheads, ugly blotches and irritating rashes all disappear. Clear up your skin. Get S. S. S. All druggists sell it. The larger bottle is more economical.

Pastor's Car Is "Stolen"; New One Placed In Garage

Berne, Ind., Oct. 28.—The old Ford car belonging to the Rev. David Schwartz, three miles northwest of Berne, was stolen last Saturday evening. The brethren of his congregation, Amish Christian, took it and brought it to town only to replace it with a new model four-door Ford sedan. The exchange was made in the night without their pastor knowing about it. In the morning when the pastor and family went to the garage in the usual manner they found the new car in place of the old one. This surely was a pleasant surprise for Mr. Schwartz, and shows much appreciation of his brethren. A theft of this kind would surely please any one.
