STICK TO KRICK AND HIS TICKET.

VOTE TOMORROW. BE A GOOD CITIZEN.

ATTEND THE SMOKER AND CLOSING MEETING OF THE CAMPAIGN AT DEMOCRATIC HEADQUARTERS THIS EVENING.

Just place a cross in the rooster ring tomorrow and take no chances on spoiling your ballot. Remember that the election will be won or lost tomorrow and do your part towards winning it.

Stick to Krick, stick to the rest of the ticket, remembering that to get the best results there must be harmony in the administration. This is just a big corporation and you are employing those who will manage it.

Vance, Linn, Hunter, Ashbaucher and Miller are candidates for the city council. They are all business men of experience, excellent citizens who are willing to serve you in a conscientious manner. Vote for them tomorrow.

Mrs. Luella Magley is the candidate for city treasurer and Mrs. Catherine Kauffman for city clerk. They are estimable and deserving women. Give them your vote tomorrow.

Alright, everything is set, tomorrow is election day. Let's make the majority a decisive one and then let's all buckle down and make this a better town in every way in which to live. Vote early and then get your friends in.

With a democratic majority of five hundred there is no reason why the ticket nominated this year on a platform of sane progress, should not be elected by that majority. This will happen if you do your full duty tomorrow. Get busy.

STICK TO KRICK.

There is absolutely no reason why you should not vote the straight democratic ticket here tomorrow. The platform is excellent, the men are worthy and qualified, the past record is good. The majority should be a decisive one.

A program of speeches and organization work for tomorrow's election will be carried out at headquarters tonight. You are invited to attend and you will enjoy taking a part in this election. Bring your friends along and help arouse an interest which will get the vote out.

Remember that this city now has one of the finest plants in the middle west, that we have ornamental lights, excellent streets, that we are progressing each year, that the debt is being paid off and that the city is showing a profit. If you had such a condition in your own business, you would make as little change in the organization as possible, wouldn't

you? Isn't it just as important in city affairs?

Midnight circulars and final appeals of whatever kind are usually made because those who circulate them are afraid to stand an analysis. Vote tomorrow on the real issues of the campaign—is Decatur to continue her march of progress, well managed and well conducted by experienced men or are we to throw away the advantages gained during the past dozen years?

The campaign is closing and has been an unusual one here. The republicans have issued no statements that could be discussed or replied to, have made a silent canvass, are playing politics, which should not win, for in an election of this kind when the chosen tomorrow are to serve you four years, the people have a right to know the issues far enough in advance to discuss them. We believe the democrats will carry tomorrow's election and we believe it is best for all the people.

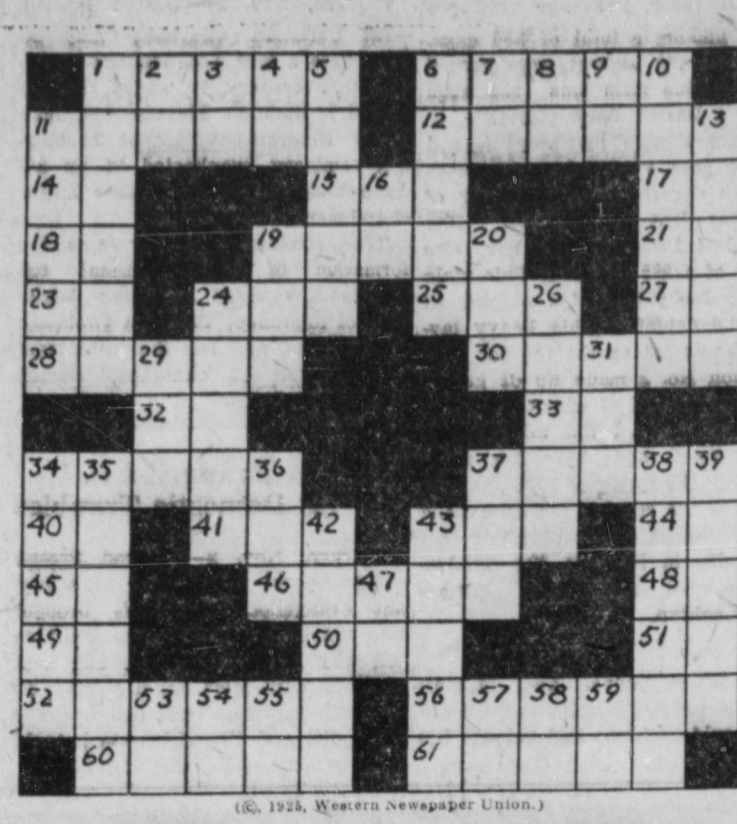

Defiance, Ohio, sold their municipal plant to the Toledo-Edison company, a few years ago. Now the city is torn with a fierce battle over a proposition to bond the corporation to the extent of \$425,000 to build a new plant, because the rates have been advanced several times. Its serious for them and its a serious proposition for any community. Municipal plants prosper when properly operated and when the changes in policies and business management are not too radical. Its worth thinking about.

All the issues of a campaign should be discussed openly and above board and we hope and believe the voters of Decatur will feel that way about it. We have conducted a clean campaign, presenting to you in a fair manner, the platform and policies of the democratic candidates. These men are experienced, honest, good citizens, willing to serve you. During the past years under democratic administrations, the city has progressed steadily and is now in excellent condition. Don't change at this time when many matters of importance are ahead.

Elections are won on election day many times. Get up on your toes, voters, go to the polls, show an interest, get your neighbors to vote. A town can go forward some or back up a long ways in four years, which makes this a very important election. We believe you should continue the progress now being made by electing the entire democratic ticket, we feel sure these men who are experienced can handle the job better than those who must learn their duties and who may have different ideas as to how it should be done. However you feel, we hope you vote, so that the decision is that of the entire population of the city.

We congratulate J. W. Rice who had charge of the Callithumpian parade in this city Saturday evening. It was a big success in every way and the great crowd which attended enjoyed it thoroughly. The event was carried out exactly as advertised and the winners were awarded their prizes as they passed the judges stand on the counter march. There were several hundred splendidly masked people in the parade and the judges had a difficult job. As was hoped for and asked for, the young people refrained from destroying property, marking cars or windows, carrying away every thing which was loose. It was unfortunate that one of the paraders suffered severe burns, the only thing which marred the event and for which no one was to blame. The

SPEAKING OF LOSSES

Speaking of losses, look at these.
Which I have suffered through the years.
Observe how swiftly fortune flees
However guarded it appears;
Time was that I was rich and proud
And feared no shadow that could fall.
I was with priceless gifts endowed,
But somehow I have lost them all.
I've lost my appetite for pie,
I've lost the strength I once possessed,
I've lost the baseball batting eye
With which my days of sport were blest;
I've lost that old-time hunger which
Made every meal a rare delight,
Time was that I was very rich,
For I slept soundly every night.
Through many a fortune I have run,
I've lost the charm in little things,
Now winter's cold or summer's sun
A fear of dreadful illness brings;
No more I mock at warnings grave
Or laugh at hurts which may befall.
Then I had strength, and I was brave,
But somehow I have lost it all.
I've lost the care-free way I had
When cares I thought would never come,
Instead of being always glad
There now are times when I am glum.
But still in spite of all I've lost,
And all that was and is no more
And all that withered 'neath the frost
Life still has charms at forty-four

event was well accepted and will be made an annual affair, according to plans now under way.

George Krick, democratic candidate for mayor is at present a member of the city council with a good record. He is also a member of the firm of Krick-Tyndall Company, tile and brick manufacturers, a good business man, a clean and upright citizen; Mrs. Catherine Kauffman, for clerk, has served four years and is worthy; Mrs. Luella Magley is a well-known and deserving woman of the city and is a candidate for treasurer. For the council, Fred Ashbaucher, well-known business man, member of the present council with a record of serving to please his constituents; Joseph Hunter, superintendent of the Citizens Telephone Company and a fine young man; George Miller, grocer, successful and enterprising business man; Fred Linn, former member of the council with a record of having devoted much time to his work, because he loves his home town, and O. L. Vance, clothier, leader in civic affairs, well-known and trustworthy. What's the matter with that ticket?

TO SEEK WAGE BOOST

Brotherhood Of Railroad Trainmen To Demand Substantial Increase In Pay

Chicago (Nov. 2.—United Press)—Chairmen of the Brotherhood of Railroad Trainmen are scheduled to meet here tomorrow to prepare demands for a substantial wage increase, according to word to the railroad labor board today. Several chairmen held a preliminary meeting yesterday.

The brotherhood has a membership of 180,000, employed on 200 class one railroads. Restoration of war-time wages may be demanded. In 1921 the labor board cut wages 12 per cent.

The other railroad brotherhoods also may ask for increased wages. New wage contracts between the brotherhoods and the railroads must be signed by the end of the year as the present contracts expire Dec. 31.

Railroad labor leaders are said to feel they will secure an increase, being encouraged by the increased railroads earnings of the past few months.

31 Million Railroad Crossings Without An Accident

Statistics completed recently show that during 1924 the vehicles operated by the Standard Oil Company (Indiana) crossed railroad tracks 31 million times without an accident. This is an average of 85,000 safe crossings per day.

This remarkable safety record is a deserved tribute to sustained effort on the part of the Management of the Standard Oil Company (Indiana), to impress all employees with the need and desirability of careful driving.

The Company pointed out the dangers of careless driving and furnished placards reading—

"This car stops at all railroad crossings."

Every driver was asked to pledge himself to co-operate and to evidence his good intentions by displaying the placard on the rear of his machine.

Thus the result was achieved as by common consent, through an appeal from the Management to the sound judgment of loyal men.

It is this remarkable spirit within the organization that has made the Standard Oil Company (Indiana) such a constructive force for good in the Middle West.

The 29,000 employees are proud of the Standard Oil Company (Indiana)—they glory in its achievements—they are jealous of its standing.

They go at the daily task with energy, intelligence, loyalty, courtesy and enthusiasm.

That Standard Oil Company (Indiana) service shall be superior is their creed.

The success of the Standard Oil Company (Indiana) is due, in no small part, to the ability of the management to mold an organization which is so conscious of its responsibility and so willing to discharge its obligation that it responds to a suggestion as effectively as to an order.

FATHER JOHN'S MEDICINE

Has Helped These Seven Boys and Girls to Keep Strong and Healthy

How to keep the family healthy is one of the greatest problems facing every mother. So many irritating coughs and colds threaten more serious illness that constant watchful care is needed.
— Mrs. Edward Sheridan of 41 Sault au Matlot St., Quebec City has every reason to be proud of being able to keep her family of seven children in such robust health. She says:—"I have used Father John's Medicine for years and always have a bottle in the house. My children had Bronchitis for a long time and I used Father John's Medicine it proved to be wonderful, so I thought my testimonial would help some other sufferer."

For seventy years mothers have used Father John's Medicine and have found that it nourishes, strengthens and builds up the body that Coughs and Colds are driven out in the natural way. It is a real food tonic containing cod liver oil and other valuable ingredients in a blend which is particularly palatable to children and easily digested by them.
As Father John's Medicine contains no alcohol or dangerous drugs it is safe for anyone.
