JOHN W. TYNDALL NEW PRESIDENT OF LOCAL BANK

Prominent Tile Manufacturer Elected Head Of Old Adams County Bank

SUCCEEDS THE LATE CHARLES S. NIBLICK

John W. Tyndall, active business man and for many years connected with the Krick-Tyndall Tile company was elected president of the Old Adams County bank, by a unanimous vote of the directors, at a meeting held last evening.

He will begin his duties tomorrow morning and will devote his entire time to looking after the interests of this, the oldest and largest financial institution in the county. He is busy today clearing his desk at the tile factory and turning affairs there over to the younger members of the firm. He will, of course, continue his connection with that institution, but will not be active there during the time he is serving the bank.

Succeeds C. S. Niblick

Mr. Tyndall will succeed the late Charles S. Niblick, whose death occurred recently, after serving as president of the bank for nineteen years, and after a continued service of nearly half a century in every capacity in the bank excepting that of vice-president. The new president of the institution has had a long and varied business experience, is one of the best known men of the county and will, it is predicted, make good in his new position of high trust.

A native of Adams county, Mr. Tyndall loves to aid his community in any way possible and will give his best effort to the service of the institution which he now heads. He was born in Blue Creek township, October 30, 1861, attended school there and was graduated from Valparaiso University in 1885. Later, he taught school and in 1886 was elected county surveyor, serving eight years and then he devoted several years as city engineer of Decatur.

Since 1886, Mr. Tyndall has been a member of the Krick-Tyndall firm and has assisted in building that plant into one of the best factories in the middle west. In 1904, he was elected to the state senate from the Allen-Adams district, serving four years. He has been a leader in civic affairs and in those things which he believes helpful for the community. As a member of the board of directors of the Old Adams County bank for several years he has gained an insight into the work of the institution and he assumes the

HOOSIER KLAN IS HOMELESS

Order Turns Against Republicans; Not Wanted By Democratic Party

Indianapolis, Nov. 17. — (United Press)—The politically powerful Ku Klux Klan in Indiana, foreswearing republican allegiance in some sections of the state, was looking for a new home today—with no place to go.

Walter S. Chambers, state democratic chairman, indicated that the democrats will actively combat klan efforts to find a roosting place in the rooster ranks.

This gave rise again to the talk of a klan party being thrown into the field against the two major parties, but seasoned politicians pointed out that this would destroy the element of secrecy on which the hooded order has thrived.

Chambers issued a call for a special meeting of influential democrats from all counties of the state to be convened at 10:30 a. m. Thursday at which nominations of two candidates for United States senator and all candidates for congress will be discussed.

Part of the call for the meeting was considered as being directed against the klan, indicating the democrats will strongly resist surrender of its party machine to the hooded organization.

RENEW ATTACK ON BELL TELEPHONE COMPANY TODAY

Indianapolis, Nov. 17. — (United Press)—The public service commission and representatives of twelve Indiana cities today prepared to renew their attack on the Indiana Bell Telephone company in an effort to prevent another rate boost.

It was Perk's contention that all elements of valuation are shown on the company's books and that any re-production cost on a higher level is unnecessary, according to the company's own figures.

The Montclair youth was found guilty of murder in the first degree last night. Sentence will be pronounced next Monday, but famed "Jersey justice" permits nothing but the death chair as the penalty for Noel's crime.

Noel, who also kidnapped and killed six-year-old Mary Daly of Montclair, did not raise an eye or move a muscle when the verdict was read haltingly.

William A. Wachenfeld, who was assigned by the court as Noel's attorney when the youth's father failed to furnish counsel, said the verdict would be appealed. The defense pleaded that Noel was a victim of dementia praecox.
