You can relax and thoroughly enjoy yourself by attending "Cheer Up", the Elks show at the Catholic Auditorium tonight. It does just that—cheers you up and that's what we all need these days, a little more laughing and a little more pep.

Trade with those who advertise. They are the liveliest merchants. They buy at the lowest figure and sell at the lowest profit, figuring upon volume to bring them in their return. Watch these columns and select your goods from those advertised. It pays every way you figure it.

The fair secretaries are meeting at Laporte this week to discuss plans for bettering that very important work over the state. This county is represented by Mr. Williamson who has for many years been recognized as a leader in agricultural fairs in Indiana.

Attention of Decatur merchants is called to the fact that this is the time of year for your harvest. Thousands of dollars will be spent during the next few weeks. Will you reap your share or will you sit idly behind the stove and permit the other fellow to garner the crop? A little judicious advertising will bring you in the trade. Bustle up, tackle the job and do it.

Fathers and sons mingled together in the various churches last evening and every meeting was reported a happy one from which good is sure to result. Dads and lads who pull together, who advise with each other, who play and work together, will get more out of life. It's certainly a fine spirit and the churches are to be commended on their efforts and their success along this line of endeavor.

One of the largest crops of beets ever raised in Adams county has been but half harvested because of the unusual weather conditions. The sugar company today urges co-operation of the farmers and all others who will assist in saving the big crop. Are you a good neighbor? If you can spare a day or two, help the other fellow save his crop. It can be done if we will help do it and can have just a few days of bright weather. It's very important too that it be done and the Ohio pastors who offered prayers for good weather and who urged their congregations to back the prayers up with a little muscle and willingness, had the right view of things.

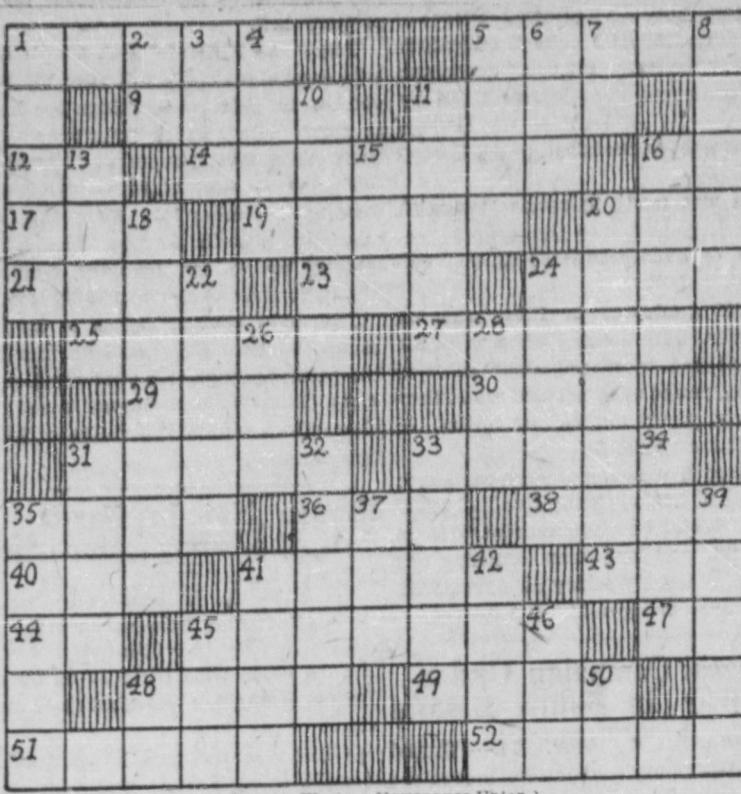

Representatives from the Woman's club and the Shakespeare club asked the city council to take whatever action was necessary to convert the old cemetery on Winchester street into a city park and Mayor DeVoss promised to take the matter up with the county officials at once. We are sure any action of this kind would meet the approval of ninety-nine percent of the people and we know that such an improvement would be one of the best the city could have. A discarded cemetery is any thing but attractive and a pretty park is always an asset. If Mayor DeVoss needs any assistance, it should be given and will be given gladly. The change has been talked about for a number of years and if Mayor DeVoss will push it through successfully he will further endear himself to the people.

Hugh Dougherty touched the life of Indiana on several sides and left it better for the contact. His death

DAILY DEMOCRAT CROSS-WORD PUZZLE

(© 1925, Western Newspaper Union.)

Horizontal.

- Condensed vapor frozen
- Accommodates, as a theater
- Highway
- Preposition
- Traveling salesmen (slang)
- Note of scale
- Skill
- Pairs of horses
- Shoemaker's tool
- Sailors
- Caustic alkaline solution
- To cry, as a sheep
- Companions
- Compensation
- To start
- To sense
- Incrustation over a wound
- Boy
- To hasten
- Printing measure
- Cattle raiser
- Long Island (abbr.)
- Bumps into
- To crackle
- Changes direction
- Knotting
- Condenses, as a theater
- Highway
- Conjunction
- Sour
- To make a mistake
- Alas!
- Pole with a support to raise foot off ground in walking
- Counts between two
- Boy's name
- College club (abbr.)
- Spring month
- To influence
- Stumbled
- American poet and writer
- Gastropod with spiral shell
- Boats
- Reverential fear
- Place where two pieces are joined
- Part of a roof
- Parts
- Navvies
- Existing
- Weapons
- Canvas shelter
- To prohibit
- Beam
- Railroad (abbr.)
- Mixed type

Solution will appear in next issue.

ASSUMES DUTIES
AT BANK TODAYJohn W. Tyndall Receives
Congratulations And Best
Wishes From Friends

John W. Tyndall, well-known manufacturer and business man of this city, assumed the presidency of the Old Adams County bank in this city, this morning. His friends and patrons of the bank were calling on him today, extending their congratulations and good wishes and wishing him success in his new and responsible position.

Mr. Tyndall succeeds the late Charles S. Niblick as president of this well-known banking institution. He was elected by the board of directors at a special meeting Monday and planned to assume his new position at once. He is one of the best known citizens and business men in the county and for many years has been connected with the Krick-Tyndall Tile company of this city.

The other officers connected with the bank remain unchanged, they being G. T. Burk, vice-president; D. J. Harkless, cashier; A. Scheumann, assistant cashier and R. E. Meibers, assistant cashier. J. H. Heller, president of the Decatur Democrat company, was elected director of the bank, filling the vacancy caused by the death of Mr. Niblick.

NOTICE

The time is here to have your piano tuned and repaired for winter. Any one wishing my service please write or call at my home morning or evening. No phone. I will not leave city at present as planned.

2713 D. A. GILLION.

CARD OF THANKS
We wish to express our appreciation and thanks for the many acts of kindness shown by neighbors and friends during the illness and death of our sister, Mrs. Antoinette Lengerich. Also, to thank those who sent floral offerings and aided in the funeral services.

Benjamin Lengerich,
Henry Lengerich,
Theodore Lengerich,
Joseph Lengerich,
August Lengerich,
Mrs. G. S. Myers.

NOTICE
Positively no hunting allowed on the Fonner Stock Farm. Violators will be prosecuted.

A. J. Smith, owner.

NOTICE
No hunting or trespassing allowed on the Henry Krick farm in Washington township.
THE OWNER.

NOTICE
All persons having claims against the C. S. Niblick estate should file same with C. J. Lutz, attorney, or Mrs. C. S. Niblick, admr., within next ten days.

NOTICE
Positively no hunting allowed on the Fonner Stock Farm. Violators will be prosecuted.

A. J. Smith, owner.

The Daily Democrat—Your Paper

Your Bank
Book is Your
Protector

It is the bulwark of your security; your shield of safety.

Making deposits in this bank regularly—say a little each month—strengthens your protection and places you on a level to meet the present day difficulties.

It is your duty to save. Once started it becomes a pleasure and is most welcome in times of need.

RADIO
TOPICS

This column is conducted by a person who has made a wide study of radio. The column is conducted for the interest and benefit of the readers of the Daily Democrat. Questions on the subject will be answered free of charge. Diagrams will be furnished free, providing an addressed and stamped envelope accompanies the request. Send your questions to the Radio Editor, Care Daily Democrat, Decatur, Indiana.

The New Type Tubes

Nearly all tube manufacturers have introduced recently a new line of tubes for radio use. The following is a list of them:

The UX-120 is a new dry battery amplifier tube, designed to provide increased loud speaker volume and improve the quality of production from dry battery sets.

This tube also has the new UX base, but will fit the present sockets without an adapter. It lists at \$9.00. This tube is being used in quite a few amateur stations and operates very successfully as a transmitting tube.

This tube also has the new UX base, but will fit the present sockets without an adapter. It lists at \$9.00. This tube is being used in quite a few amateur stations and operates very successfully as a transmitting tube.

This tube is made from a six volt filament source and the plate voltage should be 135 volts, with a "C" battery of 22 1/2 volts for efficient operation. It lists at \$2.50.

This tube is made from a six volt filament source and the plate voltage should be 135 volts, with a "C" battery of 22 1/2 volts for efficient operation. It lists at \$2.50.

This tube is made with the new type base, using longer contact pins, but will fit the present 201-A socket without the use of an adapter, and sells at \$6.50.

The UV-210 is a super power amplifier tube designed to produce loud speaker volume considerably in excess of that obtained with present type soft tubes.

It will operate a filament source of 6 to 8 volts, preferably 8, and a plate voltage of from 90 to 425. The grid bias or "C" battery varies from 4 1/2 volts to 25 volts, depending on the "B" battery voltage.

This tube also has the new UX base, but will fit the present sockets without an adapter. It lists at \$9.00. This tube is being used in quite a few amateur stations and operates very successfully as a transmitting tube.
