

## U.S. HIGHWAYS ARE SELECTED

(CONTINUED FROM PAGE ONE)

many degrees of dangers. These will have a yellow background with black letters and symbols. The other group will include the standard route markers in the form of a United States shield and directional and informational signs. All signs in this group will have a white background and will bear black letters.

The report of the Joint Board recommends that all of the signs, with the exception of the route marker, be used on all State highways in order to familiarize the public with the signs. The use of the United States shield as a route marker is to be restricted to United States highways and no other type of route marker is to be permitted on such roads.

The first meeting of the Joint Board was held at Washington last April, followed by six regional meetings at which the system was worked out for the various groups of States. The final coordination and selection were the result of a meeting of the board at Washington in August. Special subcommittees of the board worked out the system of numbering and marking the highways after careful consideration of a great many proposed plans.

Col. Coolidge Reported To Be Much Improved

Bulletin

Plymouth, Vt., Nov. 19.—(United Press)—A marked improvement in the condition of Colonel John C. Coolidge, father of the president, as compared with yesterday morning, was reported today by Dr. Albert M. Cram, his physician, following a call at the colonel's home.

"With a few more days in bed," Dr. Cram told the United Press "we should be able to get rid of the heart block which has been the principal cause of the trouble and the colonel should be himself again."

ALL WORN OUT?

So Was Mrs. Dannel Who Tells Her Experience.

Are you tired all the time; worn out night and day? Does your back ache as if it would break? Do you suffer from dizziness, headaches, rheumatic twinges or distressing urinary disorders? You have good cause, then, to be alarmed about your kidneys. Do as many of your townsmen recommend. Use Doan's Pills—a stimulant diuretic to the kidneys. This Decatur case is convincing:

Mrs. Lena Dannel, 911 Jefferson St., says: "Bearing down pains caught me in the small of my back and I had kinks when I stooped or bent. Then it was hard for me to straighten again. Mornings my back was lame and stiff and I felt tired and all worn out. Specks blurred my sight and I had dizzy spells, too. My kidneys were weak and the secretions passed too often. But I used Doan's Pills and they cured me of kidney trouble." 6c. at all dealers. Foster-Milburn Co., Mrs., Buffalo, N. Y.

## Automat Restaurants Fail Because Partons Use Slugs For Coins

Indianapolis, Nov. 19.—Automat restaurants, successful in New York, failed in their infancy here, because the patrons used slugs and washers instead of coins of the realm.

The Hoover Automatic Service corporation, manufacturer and operator of pie and sandwich machines which were placed in industrial centers and office buildings, today announced suspension of business.

## Believe Cause Of Radio Interference Is Found

After a day and a half of searching, the radio reception trouble has been found, it is thought by those who volunteered to search for the trouble. Radio fans of this city believe that an electric "jumper" on the Fort Wayne-Decatur traction line just north of the river, is the cause of the trouble.

Interurban officials have been notified and they stated that they would remedy the trouble at once if it was at all possible. A thorough test was given all wires in the city yesterday in an effort to run down the trouble and it is believed that the "jumper" is the cause of the interference.

## Germany Starts Steps To Approve Locarno Pact

London, Nov. 19—Germany started today the final steps toward parliamentary approval of the Locarno safety agreement following the British lower house's overwhelming approval of the measure. The commons voted approval, 375 to 13 and it is generally assumed here that the pacts in Germany will not have such support, they will never be less be accorded a sufficient reichstag vote to insure German signature on December 1.

## Queen Mary Alexandra Suffers Heart Attack

London, Nov. 19—Queen Mary Alexandra suffered a severe heart attack today and is in a critical condition, Marlborough house told the United Press this afternoon.

An official bulletin revealed that the attack occurred at 5 o'clock this morning.

The bulletin issued this evening from the Sandringham estate where

the queen mother made her home of late, said:

"Her majesty, Queen Alexandra, who for some time past has been in failing health, suffered a severe heart attack this morning. Her majesty's condition is critical.

## M. E. Church Assails Presidential Boom Of Governor Al Smith

Washington, Nov. 19.—The presidential boom of Governor Al Smith of New York was assailed today as "astounding extravagance" by the board of temperance, prohibition and public morals of the Methodist Episcopal church, in a "message to the south."

The board, an official agency for the church, denounced the "harmony trip" of "Jimmy" Walker, mayor-elect of New York City.

"The south will be interested to know Mr. Walker's connections with New York's odorous prize fighting game and with those elements in New York, which are doing their best to murder American standards of morality," the statement said.

"Mr. Walker, who will experience a courteous hospitality not given to Mr. McAdoo's southern delegates at the New York convention need not be misled thereby into believing that the south will support the country's foremost political champion of the liquor interests."
