### Speaks to Women

Peoria, Ill.—"I have used several of Dr. Pierce's remedies which I always found to be very good," said Mrs. J. W. Blackburn of 208 Main st., Peoria, Ill., whose picture appears above. "I consider them perfectly reliable and equal to all that is claimed for them. I advise all to remember the 'Favorite Prescription' in case of feminine trouble, and the 'Pleasant Pellets' when a mild laxative is needed."

Dr. Pierce's famous family remedies can be procured from your neighborhood druggist. Write Doctor Pierce, President Invalids' Hotel in Buffalo, N. Y., for free medical advice, no matter what your ailment may be. Send 10c if you desire a trial pkg. of any of his medicines.

## Only Ten People In Marion County Have Right To Keep Liquor

Indianapolis, Nov. 21. — (United Press)—Only ten people in Marion county have any right to have any liquor in their homes or offices.

This was learned today when Albert Lesche made known that fact that since the passage of the Wrigt "Bone Dry" law he had issued only ten permits to "receive and possess" liquor.

Two of the permits were issued to wholesalers and eight to doctors.

## German Reichstag Approves Locarno Pact

Berlin, Nov. 21.—The reichstag today approved the Locarno safety treaties by a vote of 46 to 4 with 14 abstaining.

The reichstag, somewhat similar to the American senate, has delegates from each German state.

The treaties come up next week in the reichstag on a vote to approve their signing. The passage now appears certain.

## Soda Water Dispensers Are Worst Offenders Against Sanitary Laws

Indianapolis, Nov. 21. — (United Press)—Dispensers of soda water and soft drinks were the worst offenders against the sanitary laws of the state during the fiscal year, just ended.

This was revealed in the report of I. A. Miller, head of the chemical division of the laboratory of hygiene of the state board of health.

The report showed that of the 151 samples examined during the year, 164 were found to be illegal.

Opposed to the popular theory that hamburger sandwiches are likely to be harmful was the report of Miller that out of 158 samples examined only 45 were found to be illegal.

The laboratory also examined 3,016 milk samples and found 990 illegal; 70 samples of butter were found to be illegal out of 210 samples examined; 281 cream samples were tested and 102 did not conform to the state laws.

Miller's report points out that a total of 3,296 food inspections were made during the year and that 1,620 of the samples examined were found not to conform with the state hygiene laws. Ninety-one drug samples were test-

ed and seventeen found deficient.

The report of the department also brought out that sanitary conditions surrounding barbecue stands over the state has been greatly improved during the past year.

"The danger of finding a stray fly or goat in your sandwich or pie has been greatly reduced," one attache of the department said.

Practically all of the barbecue ovens in the state are now equipped with metal or glass coverings.

In addition to the regular inspection work, operatives of the department visited 1,000 stands located at the state fair and county fairs this year.

# FOR THOSE WHO CARE WHAT THEIR MONEY BUYS

Dodge Brothers, Inc. have always built a good, sound, long-lived product.

They have never built "yearly models" and never will.

They do not make frequent expensive changes simply to catch the whim of the hour.

On the contrary, they devote themselves steadfastly to the improvement of a car that has been good from the very beginning.

This process of improvement has now been going on for 11 years.

Its influence on the car's appearance and performance has been nothing short of remarkable.

Always eminently *dependable* it is now also an exceptionally *easy riding* car.

Always up-to-date, it is now strikingly *attractive*.

Style and smartness stand out in every line.

Sheer logic never made the choice more obvious—

*Dodge Brothers Motor Car for those who really care what their money buys.*
