the early centuries of the Christian era dominated the world from Rome. But empire also means force, might, dominion, command, Empire, as the will to life and to power, is at the base of all living organisms. Every nation which possesses the exuberant capacity for progress is forced by its own nature, as its productive powers grow stronger, to widen the limit of its own Pacific penetration in the world and to expand its power, its intellectual and moral prestige beyond its frontiers. Does not the history of the United States afford us a typical example of this movement of pacific expansion? Has not an American imperialism been spoken of in the same way that reference is made to Italian imperialism? There is no need for me to remind you, an American, of the ideas and works of Roosevelt, who only a few months before his death, wrote "Every People must, above all, make use of its particular energies and must safeguard its own honor and its own vital inter-

ests." "When one speaks of an Imperial Italy no definite territorial conquest is alluded to, but rather an attitude of mind, the rule of virtue conduct, combative it needs be, which Italy must observe in great international problems."

"Italy's importance among the nations of the world, her great sacrifices during the World War and her exuberant population all give her the right to wider expansion."

## PROPOSE CHANGE IN TOURNAMENTS

session of the board of control at Indianapolis Saturday.

Under the plan advanced at the meeting, sectional and regional meets would be held as in the past.

The week following the regionals, four semi-finals would be played by the regional winners and the next week the championship would be determined at a three-game final to be played in some city other than Indianapolis.

The increased cost of holding the final tournament in Indianapolis and desire of the board to lower the cost of admission to the championship game brought on discussion of a change.

Trester pointed out that the cost

of holding the tourney in Indianapolis last year was \$16,049, of which the item of rental alone amounted to \$2,000 plus the cost of light, heat, gas and water at the state fair exhibition building where the meet was held.

The rental charge this year has been set at \$3,000 according to Trester. He said there are already four high school gyms in the state with a capacity of 5,000.

Trester listed numerous advantages of the proposed plan:

Distribution of nearly \$12,000 more from the receipts of the final tourney to high schools of the state instead of expending the receipts for heavy overhead costs of the tourney in Indianapolis.

Elimination of many of the objectionable features of the strenuous grind of the present system of finals in Indianapolis, in which the winning team must play four hard games within twenty-four hours time.

Opportunity for a greater number of persons to see the finals without traveling expenses by passing the finals around.

Trester said the proposal placed before the board would be given thorough consideration before definite action is taken.

### TO OUR FRIENDS IN ADAMS COUNTY

It is Christmas time again. The time of the year when most of us are inclined to forget somewhat the urge and the surge of business and to think more seriously of the beauties of life and the things which make life worth living.

One of the most beautiful things in life, as we see it, is the spirit of friendship which underlies our relations with each other. Without friends life would indeed be an empty shell.

As in our personal lives so it is also in our business lives. With an understanding such as is born of true friendship our business relations with our fellow men tend to become warm and cordial.

And so at this time we want to tell you that we have appreciated your friendship for us, your confidence in us, your loyalty to us.

In token of our genuine appreciation of your friendship we extend to you our sincere wish that you, and those who are near and dear to you may enjoy a truly Happy Christmas Season and a most Prosperous New Year.

Sincerely yours,  
MR. AND MRS. E. B. WILLIAMSON
