MARKET REPORTS

Daily Report Of Local And Foreign Markets

OPENING GRAIN REVIEW

Chicago, Dec. 28. — (United Press) —
General speculative buying, stimulated
by sharply higher cables jumped wheat
3-4 to 2-1-3 cents in opening dealings on
the Chicago board of trade today.
Predictions of \$2 wheat were borne
out as the strong world's wheat po-
sition were freely expressed. It was
said America has over exported by
seven million bushels and would be
required to import grain within the
next few months.

December wheat carried most
strength. Boosts of 4-1-4 to 5-1-2 cents
in Liverpool and a 5-1-2 cent gain in
Buenos Aires swept aside the warning
that caution should be exercised. The
rapidity with which prices have soared
within the past three or four days of
trading has caused many to look for a
drastic break.

Speculative demand for corn contin-
ued brisk today. There was consid-
erable buying credited to easterners and
local shorts.

Oats moved forward fractionally in
sympathy with the strong market un-
der tone.

Provisions buying by houses with
outside connections advanced prices
moderately.

IMPROVED UNIFORM INTERNATIONAL Sunday School 'Lesson'

of the Evening School, Moody Bible In-
stitute of Chicago)

Lesson for January 3

THE SON OF GOD BECOMES MAN

LESSON TEXT—John 1:1-18.
GOLDEN TEXT—And the Word be-
came flesh and dwelt among us (and we
beheld His glory, the glory of the only
begotten of the Father) full of grace
and truth.—John 1:14.

PRIMARY TOPIC—John Tells the
People About Jesus.
**INTERMEDIATE AND SENIOR TOP-
IC**—Why God Came to Earth in Jesus
Christ.
**YOUNG PEOPLE AND ADULT TOP-
IC**—The Purpose and Power of the In-
carnation.

The lessons for this quarter are
taken from the Book of John, giving us
an opportunity as teachers to present
this great message from God. In
teaching the lessons the teacher must
get John's central purpose and bend
every lesson to it. Happily the writer
has plainly declared it in chapter
20:30, 31. It is twofold. 1. To prove
that Jesus is the Christ, the Son of
God. 2. To show that eternal life is to
be obtained through faith in Him.
With this twofold object before him,
John proceeds lawyer-like, to lay down
his propositions and then to intro-
duce his witnesses, one by one, to
establish them. The section for our
lesson is the prologue to the Gospel
according to John.

1. The Pre-existent Word (vv. 1-4).
The Eternal Son is called the Word
of God because He is the expression
of God to man. He is the one who
utters to men the Father's will "the
only begotten Son which is in the
bosom of the Father, He hath declared
Him" (v. 18). Observe:

1. The Son is a Person Separate
from the Father.
There is at the same time an insepa-
rable union existing between them.

2. The Son is Eternal.
He was with God in the beginning.
He did not begin to exist when the
heavens and the earth were created,
neither did He become the Son at His
baptism, for He was before all things
(Col. 1:17).

3. The Son is Divine.
The Word was God. He is a being
equal with God and one in essence
with Him.

4. The Word of God is the Omnipot-
ent Creator.
By Him were all things made, the
world and all things therein. The One
who died to redeem us, made us.

5. The Word of God is the Source
of All Life.
He is the eternal fountain from
which all life has been derived.

6. The Word of God is the Light
of Men.
Man's power to reason has come
from Him. The conscience, and even
the illumination of the Holy Spirit,
have their source in Him.

7. The World's Attitude Toward
the Word of God (vv. 5-13).
1. Men are Insensible to the Pres-
ence of the True Light (vv. 5-10).
So dense is the ignorance of mankind
that the presence of the very Lord of
Glory is unrecognized. Christ not
only made the world but was in the
world directing and governing the
whole creation before the incarnation.
He is the preserver of all its forces
and interests. Being thus unrecog-
nized, God in His grace sent John the
Baptist as a witness that all men
might believe (vv. 6, 7). God was not
willing that men should grope in
darkness, so He sent a man with a
true testimony to point out that light
to them.

2. The Desperate Wickedness of
Man's Heart (v. 11).
The Word was rejected by the cho-
sen nation. They would not receive
the one whom God had anointed to be
their King.

3. Some Received Christ and Thus
Became the Sons of God (vv. 12, 13).
While the nation rejected Him, some
individuals embraced Him and were
crowned heirs of immortal glory. In
this section we are shown how men
become children of God. It is not by
blood relation with the Covenant peo-
ple "of blood"; (grace is not in-
herited); not by the efforts of their
hearts, "the will of man; but of
God." The new birth is God's work;
man cannot change himself, neither
can one man change the other.

4. The Eternal Word Became In-
carnate, "Made Flesh" (vv. 14-18).
In these verses we are taught the
Eternal Word became the Incarnate
Son. The eternal Son of God be-
came man, born of a woman. He
passed through childhood and youth
into manhood. He was tested; He
suffered and died in order that He
might become identified with the race
and lift it to Christ, and thus restore
the broken fellowship. This incarnate
Son tabernacled among us.

Into the Will of God

Study the singular benefits and ad-
vantages of a will resigned and melted
into the will of God. Such a spirit
hath a continual Sabbath within it-
self, and its thoughts are established
and at rest.—Flavel.

Wonders in God's Word

The word of God will stand a thou-
sand readings; and he who has gone
over it most frequently is the surest
of finding new wonders there.—J.
Hamilton.

CITY FIREMEN HAVE BUSIEST DAY IN HISTORY

name of the residence. This will be
of great aid to the firemen and in
many instances save a great amount of
time and unnecessary trouble.

The third run was made to the Dr.
J. Q. Neptune home on South Second
street, about 5:15 o'clock yesterday
afternoon. An overheated fireplace
caused the rear side of the house to
catch fire. Damage was estimated at
about \$20.

The last call of the day came from
the south part of the city. A fire had
been built underneath a coal car to
thaw it out in order that the coal
might be unloaded. The coal caught
fire in the car and for a time it ap-
peared as though the entire car was
destined to be burned. This was the
only fire yesterday which could not be
extinguished with chemicals. It was
necessary to play a stream of water
on the car.

The good work of the firemen held
the loss of all four fires to about \$100.
Water pressure was held high yester-
day and both trucks were in shape to
answer any call. The local firemen
urge that the greatest precautions be
taken during the cold weather, while
furnaces are being fired to an over-
heating point. In case of fire, it is
asked that the correct alarm be turned
in promptly.

The fire signals, blown by the whistle
at the water works, are:
One blast—East of Fifth street and
north of Monroe street.
Two blasts—East of Fifth street and
south of Monroe street.
Three blasts—West of Fifth street
and south of Monroe street.
Four blasts—West of Fifth street
and north of Monroe street.

Much Suffering Is Reported In Many Localities

Many Important Persons Are Stricken With Illness

(United Press)
The holiday season finds many im-
portant persons in all walks of life
throughout the world stricken with
illness.

Cardinal Mercier is to undergo an
operation in Brussels tomorrow for
an ulcerated stomach.

Colonel John C. Coolidge, father of
resident Coolidge, has been stricken
with paralysis.

Dowager Queen Margherita of Italy,
is convalescing after an attack of
pleurisy.

Silence is being kept regarding the
illness of Mrs. David Belasco, who is
confined to the home of her daughter,
Mrs. Morris Gest.

Carrie Jacobs Bond, famous song
writer is reported ill in California.

Rudyard Kipling is convalescing
from bronchial pneumonia in England.
Former Governor W. T. McCray, of
Indiana, serving a term in Atlanta
federal penitentiary for misuse of the
mails, was taken to the prison hospi-
tal today suffering from high blood
pressure.

Andy Smith, California football
coach is recovering in Philadelphia,
after a siege of pneumonia.

Stanley Callow is spending a few
days in Fort Wayne with his sister,
Miss Mary Callow.

Red Ball Bus Line Wants To Boost Rates

Indianapolis, Ind., Dec. 28. — (United
Press) — The Red Ball Bus Lines, one
of the largest bus companies of the
state, today filed a petition with the
public service commission asking for
a rate increase.

The petition, signed by Fred Jones,
receiver for the company, declares
the present rates do not yield enough
revenue to pay operating expenses and
a fair return on the investment.

All the lines of the company, reach-
ing to every part of the state, are in-
volved in the petition.

Among the lines on which increases
are asked for are those from Indianap-
olis to Greensburg, Indianapolis to Clin-
ton, Indianapolis to South Bend, Indi-
anapolis to Elwood, Indianapolis to
Richmond, Indianapolis to Martinsville,
Indianapolis to West Lafayette, and
Ladoga to Crawfordsville and Roches-
ter to Logansport.

While trains from out-state points

motor busses maintained their sched-
ules without difficulty.

Cold Is Widespread

The greater part of the nation con-
tinued in the clutch of a cold wave
today, despite gradually rising tem-
peratures in some sections.
Ten cities reported a total of 25
deaths resulting directly or indirectly
from the freezing weather.

Today, despite gradually rising tem- peratures in some sections.

The United States weather bureau
at Washington predicted that the cli-
max of the cold wave would be reached
tonight in the north Atlantic and mid-
dle western states, but held forth no
relief for the south now excepting rec-
ord, breaking low temperatures.

With the mercury in and around Chi-
cago ranging from 5 to 25 degrees be-
low zero, thirteen persons have per-
ished there within 48 hours.

The south is swept by near-zero
weather with the thermometer record-
ing four degrees above at Asheville,
N. C., and similar low temperatures
at Atlanta and Roanoke.

Sub-zero temperatures were general
over the central and middle western
states.

St. Paul and Minneapolis reported
three below zero; Madison, Wis., five
below; Milwaukee had rising tempera-
tures, the mercury coming above zero
after a drop to eight below yesterday;
Springfield, Ill., had four below yester-
day and the mercury stood at zero this
morning; temperatures in Indiana
ranged from three to 10 below.

Carroll, Iowa, reporting an unofficial
temperature of 18 below, apparently
was one of the coldest spots in the mid-
dlewest.

Gary Wants Hospital For Infectious Diseases
