CONVENTIONS TO BE LARGER BODIES

Both Parties To Have More Delegates At State Conventions Next Spring

Indianapolis, Ind., Dec. 31.—(United Press)—Both the republican and democratic party conventions here in May and June next year will have larger delegate bodies than in the past, it became known today.

As a result of the apportionment of delegates on the basis of returns from the election there will be 350 more delegates at the republican meeting and twenty-six more at the democratic session, according to an announcement made by the state election commissioners.

The delegates are apportioned according to the vote cast for Secretary of state in the preceding election. One delegate is allowed for each 400 votes or fraction over 200.

W. W. Spencer, democratic member of the board of election commissioners, pointed to the fact that the new apportionment indicates a return to Urban control of party politics in this state.

Harry C. Fenton, secretary of the republican state committee, has selected May 26 and 27 as the tentative dates for the republican meeting, while the democrats will meet either the first or second week of June.

MARKET REPORTS

Daily Report Of Local And Foreign Markets

OPENING GRAIN REVIEW

Chicago, Dec. 31.—(United Press)—Trading in grain futures started with irregular price changes on the Chicago Board of Trade today. Eleventh hour covering by wheat operators, short commitments, boosted December wheat, new variety touching \$1.90. Distant futures were off fractionally. Coarse grains had a weak undertone. Offers in December wheat were small forcing shorts to bid up prices. Lack of buying support weakened the distant deliveries.

Corn weakened under scattered profit selling, inspired by a heavy movement of grain from the country. Oats followed a more or less steady course.

Provisions were off a few cents on commission house buying.

LaPorte Jail Breaker Apprehended In Detroit

La Porte, Ind., Dec. 31.—(United Press)—William G. Clark, 22, who escaped from city jail here August 2, was expected to be returned from Detroit today to face vehicle taking charges.

Clark, who is also wanted at Muskegon, Mich., his home, for alleged participation in a \$33,000 payroll robbery, waived extradition and local officers left for Detroit last night.

BEET HAULERS HAVE BANQUET

E. J. Fricke, Representing Sugar Company, Throws Feed Last Night

The close of the beet hauling season was celebrated last night by the eight regular beet haulers for the local Sugar company at a banquet at the Peoples restaurant, given by E. J. Fricke, representing the sugar factory, for the eight men.

Each truck driver was presented with all the food he could eat and, during the banquet, a new eating record was made by one of the haulers. One man ate a two and one half pound steak, and all the trimmings. Then, finding that he was not filled up, the rabbit was passed and the same man ate four large pieces of rabbit.

The record was made after Mr. Fricke threatened to order more than the man could eat. His original order was the large steak, but the man so completely over-ate the estimate, that Mr. Fricke was at a loss, and the rabbit was resorted to as a last minute filler. All the men who attended the "feed" reported a good time.

Most Of Illinois-Iowa Corn Husked By Dec. 1

Chicago, Dec. 31.—(United Press)—More than eighty per cent of the Illinois-Iowa corn crop had been gathered on December 1, according to a review issued today by the seventh federal reserve bank. On that date a considerable amount of the corn crop of Indiana and Michigan was still in the fields.

Heavy rainfall resulted in corn going to the crib with such a high degree of moisture that the crop has suffered about 15 per cent deterioration in merchantability and at least eight to ten per cent reduction in feeding quality from earlier expectations. Due to unfavorable weather conditions, the winter wheat planting fell off and the acreage may be slightly under that of a year ago, the bank stated.

The pig crop is reported slightly smaller than last year. Dairy herds have gained slightly, while beef cattle increased in Illinois and Indiana and decreased in Iowa and Michigan.

SEES TRUTH IN MUCH CRITICISM

Decatur Pastor Says Church Should Admit That Much Criticism Is True

In speaking of the approaching simultaneous evangelistic meetings to be held by the local Protestant churches beginning January 10, a local pastor today declared that the greatest act of friendship that the church can do itself is to honestly admit that much of the criticism directed against it is true. He said that it is high time that the church take a good honest look at itself and then correct its mistakes. His statement is as follows:

"On every side leaders of religious thought are predicting a renaissance of spiritual power in the church. To accept this statement is at once to admit that the church has lost this power. Enemies of the church was eloquently expressive in holding up before the world the failings of the church. If the church has lost its spiritual content, if it is as ineffective as its enemies say; then it is high time that the church take a good honest look at itself.

"The greatest act of friendship that the church can do itself is to honestly admit that much of the criticism directed against it is true. The leaders of the religious life of the city of Decatur are keenly alive to the vital needs of the times and are putting themselves unitedly on record in the coming simultaneous meetings which are to begin on January 10.

"These meetings will be for the purpose of bringing the church face to face with its great opportunity. It is hoped that each and every professing Christian will resolve to make his or her greatest possible contribution to the success of these meetings."

Eighty Women To Serve Jail Sentences In Chicago

Chicago, Dec. 31.—(United Press)—Eighty women, many of them mothers of families, will serve in the county jail here as a result of an appellate court verdict, which sustains a lower court in giving them sentences ranging from five to forty days for picketing.

The court yesterday upheld sentences imposed by Judges Sullivan, Poel

and Ryner, convicting the women of picketing the premises of various clothing companies, violation of an injunction.

Attorney Peterman, who represented the women, contended that all of the accused were serving their sentences within weeks and that no appeal will be taken.

There are 87 defendants in the case, seven of them men.

Another Baine Asks For Increase In Rates

The petition filed by the Hoos-

ier Stage Lines, operating between Indianapolis and Muncie and serving other parts of northeastern Indiana with Indianapolis as the terminal.

In its petition, the company sets out that the present rate of two cents a mile is inadequate to make expenses.

The traction lines of the state charge three cents a mile.
