MARKET REPORTS

Daily Report Of Local And Foreign Markets

Opening Grain Review

Chicago, Jan. 4.—Trading on the Chicago board of trade opened the new year today with sentiment decidedly bullish.

Principal buying that boosted prices 2 1/2 to 3 cents at the start was credited to those predicting the \$2.00 mark would be reached within six weeks. Small grains were inclined to follow the leading cereal.

Surprising strength in Liverpool and crop complaints from the southern hemisphere added stimulus to wheat buying.

The reduced crop estimate together with lighter receipts and strength in wheat gave corn a substantial boost.

Oats were higher in sympathy with other grains.

Provisions held firm without features.

Twentieth Century Limited Crashes Into Empty Cars

Chicago, Jan. 4.—(United Press).—The sixth section of the Twentieth Century Limited, Chicago bound, slid into a string of empty coaches on the far south side here today, derailing three of the coaches. There were no casualties.

The engineer of the fast train slammed on the brakes when he saw the empties come off a siding, but the slippery condition of the rails prevented a full stop in time to avoid the crash.

MAZELIN HERD
IN LEAD AGAIN

Cows That Led In Testing Association Last Year Lead In December

It appears that some of the old members of the Adams County Cow Testing Association have decided the new contenders are ready for fitting chastisement in the form of a set-back.

At any rate, the December report of the activities of the Association shows that David J. Mazelin, holder of last year's annual record, is in the lead for the month. His herd of five purebred Jerseys gave 4,406 pounds of milk which contained 168.2 pounds butterfat, and average of 33.6 pounds fat per cow.

Sol Mosser, with his herd of 13 purebred Jerseys, pushed the leader for the month by registering an average of 32.3 pounds per cow, his total production being 419.4 pounds fat in 7,242 pounds milk. E. H. Kruetzman landed third place in herd average, with 29.5 pounds fat.

Carl E. Amstutz, a new member, residing in Jefferson township, broke into the limelight by piloting his herd of 11 Holsteins to fourth place with an average of 29.3 pounds. Only nine of his eleven cows were in milk.

Orton Wheeler, Burkhardt Lehman, A. Z. Smith, C. W. R. Schwartz, Jacob J. Schwartz and Noah Rich finished their herds in the order named. To average butterfat production for all cows in the Association was 24.1 pounds, which is almost double the average monthly production of the average Indiana cow.

"Pearl," a purebred Holstein, owned by Jacob J. Schwartz, was "high" cow for the month, she running up a total of 68.5 pounds fat. Three milkings daily were needed to draw the 2,440 pounds milk she gave during the 31 days.

Otto D. Bieberick, a new member, who resides in Kirkland township, landed second and third places in point of individual production with "Queen" and "Spot," they producing 69.7 and 58.6 pounds fat, respectively. Osla Von Guntenfeld fourth high cow, she increasing the food supply of the nation by 58.4 pounds butterfat. "Maxine," who produced 516 pounds in the David J. Mazelin herd last year, was fifth, with 56.2 pounds, while a cow in the Noah Rich herd produced 51.3 pounds and won sixth place.

Carl E. Amstutz placed two cows in the "high ten," they registering 51 and 50.7 pounds respectively. One of Sol Mosser's Jerseys hit an even 50, while C. W. R. Schwartz' herd contributed the tenth high cow, with 49.7 pounds fat.

The ten high chows averaged 1,473 pounds milk during December, containing 55.5 pounds butterfat. This means that each cow produced each day practically six gallons of milk, containing 1.8 pounds butterfat.

REPPERT AUCTION SCHOOL NOTES

The students held their first bona fide sale Saturday afternoon at the building formerly occupied by the Old Adams County bank. The sale was well attended. The opening sale was placed in the hands of E. B. "Doc" Miller and he did a good job.

The class was fortunate in the choice of the president. Mr. Wimberly is a real father to the "boys," and has the interest of every one of the students at heart.

A sale will be held every night this week and the public is invited to attend. We guarantee to give you your money's worth. Come early and avoid the rush.

Kellogg Must Appear In Court On February 4

Washington, Jan. 4.—Secretary of State Kellogg was ordered today to appear February 4 in the District of Columbia supreme court to show cause why Countess Karolyi, wife of the Hungarian republican, should not be admitted to the United States.

The order was issued by Justice Hitz without argument and was the first perfunctory step in the suit brought by the Countess to have Kellogg retract his decision, refusing her a pass port visa.

MC CLINTOCK CASE DELAYED

William D. Shepherd Again Disappointed In His Attempt to Obtain Fortune

United Press.—William D. Shepherd was disappointed again today in his attempt to obtain the \$2,000,000 estate of his deceased ward, Billy McClintock, when a crowded court dock made it impossible to hear his appeal for admitting Billy's will for probate. The case will be heard Wednesday.

Chicago, Jan. 4.—(United Press).—Unless delayed by another court postponement, William Darling Shepherd will today reopen his fight for the million dollar estate bequeathed him by his millionaire ward, William McClintock.

Despite the fact that Shepherd was acquitted of the charge that he murdered young McClintock—an alleged step to gain the estate—he was temporarily denied the fortune when the probate court refused to accept Billy's will.

Firebug Admits Starting 48 Fires In Six Weeks

Brooklyn, N. Y., Jan. 4.—(United Press)—Walter Foley, firebug and false alarm fiend, has confessed to authorities that he set fire to 48 buildings in Brooklyn within six weeks.

Foley, a longshoreman, known as the "travelling pyro," because of the speed with which he operated, admitted that even of these fires were started on Christmas Eve, within an area of four miles.

"I don't know why I did it," Foley told Fire Marshal Brophy, who captured him.

"I just liked the excitement. I liked to see the engines roll by."

Cardinal Mercier Shows Marked Improvement

Brussels, Jan. 4.—Cardinal Mercier's condition was reported today as excellent. While shortly after he underwent an operation the aged cardinal was reported in a weak condition, his improvement the past few days has been marked.

South Bend Has Costly Fire In Packing Plant

South Bend, Jan. 4.—Flames, which have caused damage estimated at more than \$100,000, were still burning in the storage plant of the Armour Packing company, here today.

The storage plant with its supplies of meats, lard and eggs, alone valued at \$75,000, was a total loss. Firemen were hindered by frozen hydrants.

ECZEMA

Dries right up!

If you just realized how easy it is to stop fiery, itching, burning eczema by simply building up the red-blood-cells in your blood with S. S. S., you wouldn't waste another minute trying to do it any other way.

That's the only way to relieve irritated, broken out skin of any sort. You lack rich, red blood. Impurities are in your system. The blood is so weak it can't fight back and overcome the enemy, so the impurities break out through the skin.

S. S. S. builds the blood back—builds millions of new red-blood-cells. Eczema dries right up. Boils, pimples, blackheads, ugly blotches and irritating rashes all disappear.

Clear up your skin. Get S. S. S. All druggists sell it. The larger bottle is more economical.

ACHING JOINTS, RHEUMATIC PAIN

"Heet" Relieves Instantly

With applicator attached to cork, just brush "Heet" over the pain area, whether in knees, feet, legs, hands, shoulders, back, neck or body. Instantly, you feel this harmless, glorious, penetrating heat draw the pain, soreness and stiffness right out of any aching or swollen joint, muscle or neuritis-ridden nerve. Besides, "Heet" scatters the congestion and establishes a cure.

"Heet" contains two soothing, penetrating ingredients, too expensive to use in ordinary liniments or analgesics. "Heet" is a clean, pleasant liquid; doesn't stain, blister or irritate the skin and costs only 60 cents at any drug store.
