MARKET REPORTS

Daily Report Of Local And Foreign Markets

Opening Grain Review
Chicago, March 1—Grain prices opened irregular on the Chicago board of trade today.

Wheat itself was irregular, the May delivery being firm while July and September were fractionally lower. The weakness was caused chiefly by the failure of Liverpool prices to go up this morning in line with Saturday's advance in Chicago. What strength there was in evidence was brought about by the belief that private estimates of the amount of wheat in store would show marked decreases from this time last year. July corn was higher on some buying of short covering nature. Other corn deliveries were off because of considerably heavier receipts. Oats were unchanged to slightly lower in sympathy with other grains. Trading was slow. Provisions were slightly higher.

"Vanishing American" Epic Of Indian Race Opens Next Week At Adams Theatre

"The Vanishing American," a magnificent production, the screen's mighty tribute to the American Indian, first lord of the western continent, opens next Sunday at the Adams theatre for a three-day run. This photoplay, which is truly an American epic shows the parade of civilization from the first man and his mate down to the modern Indian.

The picture, which is rated by critics alongside of Paramount's other mammoth productions, "The Covered Wagon" and "The Ten Commandments" was made on the last frontier of America, 160 miles from any railroad and with a monster cast including 10,000 Navajo Indians. Richard Dix heads the cast, and with him are Lois Wilson, Noah Beery, Malcolm McGregor and many other stars.

The story was written by Zaue Grey, and the picture took six months to make in the majestic Arizona canyons. The action which is swift and thrilling moves from the plains of the West to the trenches of France, and back again to American civilization. The first part of the production deals with the life of the Indians from the earliest cliff dwellers down to modern times. The second part is an enthralling story of the love of the Indian for a white girl and the consequent intensely interesting situations.

WHEAT PRICES TAKE BIG DROP

May Wheat Closes 6 1/2 Cents Lower Than Saturday's Price At Chicago

Chicago, March 1.—(United Press)—Wheat prices dropped sensationally on the board of trade here today as dealers dumped their holdings on the market.

The downward trend in wheat started soon after the opening of the market but it was not until a few minutes before close that prices took their sharp drop. The finish in May wheat was \$1.59 a bushel a drop of 6 1/2 cents from Saturday's price.

Grasshoppers Found On Farm In Union Township

Frank McIntosh, of Union township, a member of the county council, stated that grasshoppers were already inhabiting his farm and that this was a sure sign of an early spring. Those whose coal pile is down to about "rock bottom," hope that the sign does not fail.

"I DO NOT want to be thin! I just want to be my right weight! I want these hollows filled out. I just want enough firm, plump flesh on my bones to fill out my figure."

Of course you do. You want a figure that you can drape your clothes on—not just hang them on! What's the use of having pretty clothes, if they just hang on you?

And what would you say if you were told you could have the figure you want? A graceful, well rounded body—firm, solid flesh—just enough—just your right weight? You'd be mighty happy, wouldn't you?

Well, then, be happy—because you can have it! Put plenty of red cells in your blood and watch your weight go up to where you want it! That's what's the matter with you! Your blood is impoverished. You need more rich, red blood. S. S. S. is the thing to put red blood in your system. S. S. S. helps Nature build red blood cells by the millions.

You just try S. S. S. and watch how quickly you begin to fill out your clothes. Notice your skin clear of unsightly blemishes—your appetite increase—strength come to flabby muscles and vim and vigor fill your whole system. It's red blood that does it. And S. S. S. surely helps Nature build that red blood.

S. S. S. is sold by all drug stores. The larger bottle is more economical.
