MARKET REPORTS

Daily Report Of Local And Foreign Markets

Opening Grain Review

Chicago, Mar. 13—(United Press)—Grain prices opened irregular on the Chicago board of trade today.

Wheat opened fractionally higher on all deliveries except May old which was off 1/4.

The other pits were featured by irregularity at the opening.

The fractionally higher opening wheat was expected by local traders. These dealers even predict further advances. The present bullish market in this grain shows the strength of the undertone. Advances of about 11 cents have been recorded during the last three days following a break of seven cents in one day.

Corn opened fractionally higher in the July and September.

SPECIAL TRAIN RATES ON ERIE FOR NET MEET

(CONTINUED FROM PAGE ONE)

There will be officials at the Loyola gymnasium at Chicago who will sign the certificates and on the return trip one-half fare will be charged.

This plan has been used effectively before, it was announced today. Officials at Chicago at the Loyola gymnasium will be on hand March 18, 19 and 20 to sign the return tickets.

Norbert Holthouse, member of the executive committee, in charge of the Decatur Catholic basketball team, is in receipt of a letter regarding rates at the Edgewater Beach Hotel, at Chicago, which will be official headquarters during the tourney. The letter is as follows:

"Dear Mr. Holthouse:
Replying to your letter of March 6, beg to advise that the National Catholic basketball tourney headquarters will be the Edgewater Beach hotel, the same as last year.

We are making a very special rate of \$3.50 per person, per day. This rate includes room and meals. It will be necessary for the boys to go three and four in a room, but all rooms are large, outside rooms and each is equipped with a private bath. They are very desirable headquarters and the boys will be well taken care of.

Will you please advise us as early as possible as to how many will be in attendance?

Very truly yours,
EDGEWATER BEACH HOTEL,
B. A. Sullivan."

This letter is interpreted to mean that the same rates that were current last year during the tourney will also prevail this year for all fans and teams.

It was estimated today that Decatur would probably have about 350 rooters at the games. Today's Chicago Herald and Examiner carried a story on the sport page doping Decatur as one of the dangerous teams of the tourney.

Chicago city officials, including Mayor Dever will assist in making the tourney a success, and the mayor will be given the honor of throwing the first ball of the tournament.

Back To France

In 1927 With

The American Legion

The Second A. E. F.

Dust off the old French Dictionary—How's this—polly vo, no com'pray, van rouse, wo—what the heck was that other word I knew—well, doesn't make any difference, guess we can get along without it. But listen, here's the straight dope right off No. 1:

The American Legion will hold its convention in Paris, France, in the fall of 1927—coming on the tenth anniversary of the year in which America entered the war.

This will be the second A. E. F. the first in War, the second in Peace. It will be the greatest international pilgrimage in history. A tribute to the thousands of our buddies who stayed over there under the little white cross.

Every detail will be arranged for by the Legion. Special rates on railroads to and from the U. S. seaport, special arrangements about passports, reservations all made on your boat, in France, side trips and everything taken care of in advance—but—

We can't all go. That's out of the question, so they leave it up to us in this way: First—You must have a 1926 membership in the American Legion.

Second—You must show that you are really planning on making the trip and for that purpose a savings account will be started and handled like the Christmas Savings account. Starting in now and continuing until September 1927—you can deposit \$2, \$3, \$4, \$5, or as much as you care to each week at the Old Adams County Bank and in this manner save the amount necessary to make the trip.

The first reservation lists will be made up this fall and these will be made from the names of men carrying the savings account, sent to the Legion by the bank handling the accounts. If anything happens that prevents a man going, the money is returned exactly the same as a Christmas Savings account.

The minimum time to make the trip will be twenty-seven days from the U. S. port back to U. S. Longer time may be spent abroad if desired, as the transportation will be good until January, 1928.

The cost will be unusually low. \$175.00 will take you over and back in first class fashion, pay railroad fare to and from the port of landing to Paris, cover your housing accommodations in Paris with meals for seven days and pays for your side trips to battlefields and cemeteries.

If you want to "high-hat" the sky is the limit, but whether you take the minimum or the maximum, the freedom of the ship is granted to all. And "bucks" gather this in—there will be no "sun" decks for officers that you can't use, there will be no hob nail shoes on slick decks, no greasy mess kits to wash in salt water, no boat drill in B. V. D's—above all there will be no guard duty. Can you imagine being on a boat for four days and not be called out in the middle of the night to do your turn—so thick headed and sleepy you couldn't have told a submarine from a row boat if you had seen one.
