

Look First

The only quick-cooking oats with this flavor is "Quick Quaker"

FLAVOR is the all-important point in food. In oats it is probably more important than in any other.

That is why people who once taste the toasty richness of Quaker Oats are spoiled thereafter for all others.

Quaker flavor is unique, toasty and delightful. No other oats offers it to you. Some 50 years were spent perfecting it.

Quaker milling, too, retains much of the "bulk" of oats. And that makes laxatives less often needed. Protein, carbohydrates, and vitamins and this "bulk" are thus combined to make Quaker Oats an excellently balanced ration.

For your own sake, say "Quaker" when buying oats. Two kinds now at groceries: Quick Quaker (cooks in 3 to 5 minutes) and Quaker Oats as always.

Quaker Oats

Right Of City To Sell Gasoline Meets Test In Nebraska Court

By Richard C. Wilson
(United Press Staff Correspondent)
Lincoln, Neb., April 23. — (United Press.)—The right of a municipality to enter retail business in direct price competition with privately owned companies will be fought out before the Nebraska supreme court this week.

Lincoln, which has enjoyed lower retail gasoline prices than any other city in the country for the past two years as a result of the municipality owned gasoline filling station, will defend its constitutional right to remain in business. Suit to close the municipal station was brought by the Standard Oil Company.

The question brought up by the oil company involves the moral and constitutional right of a city to enter private business and compete with privately owned firms.

The city gasoline station was opened to combat high gasoline prices. By selling at practically cost, the municipal station forced filling stations of the city to meet the competing price. Whereas gasoline formerly sold for about 23 to 35 cents a gallon, the general price today is 17 to 18 cents a gallon. This price is said to be lower than that of retail filling stations in the oil fields of Oklahoma.

At the same time the voters of Lincoln voted to open the gasoline station, they agree to operate a municipal coal yard, which retails coal at cost prices. After a bitter court battle against the coal companies, the city won the right to operate its own coal

yard.
In its fight to retain the municipal gasoline station, the city defeated the Standard Oil Company in lower court and has received one favorable verdict from the supreme court. The hearing this week will be a reargument of the higher tribunal's last decision, which authorized the city to operate the filling station.

OBITUARY

Jacob R. Martz was born near Monroe, Ind., October 10, 1854, and died near Geneva, Ind., April 16, 1926, his age at the time of death being 71 years, 6 months and 6 days.

He was the son of Jacob H. and Susanna Martz and had 8 brothers and 2 sisters.

Four of the brothers are dead. Henry, Dan, Joe and James.

Those living are Samuel, Martz and Mrs. Angie Hendricks of Monroe; John George and Mrs. Ella Hocker, of Berne and Frank, who lives east of Monroe.

On July 13, 1875, he married Miss Amy Ray and for a little more than 50 years they walked life's path together.

Seven daughters made up their family circle, two of whom, Rachel, and Elta, preceded their father in death.

Those living are: Mrs. Minnie Kaiser, Rockford, Ohio; Mrs. Ethel Nelson, Elkhart, Ind.; Mrs. Odessa Bucher, Geneva, Ind.; Mrs. Hattie Bergman, Lafayette, Ind., and Mary Wilhelm, Portland, Ind.

There are 24 grand children and one great grand child.

About 40 years ago, Mr. Martz was converted at a meeting held at the Friends church, east of Monroe, later on coming to Geneva he and his wife united with the U. B. church. For about 30 years Mr. Martz has lived in this community and has been one of our quite respected men, he was friendly and had many friends.

For several years he has suffered, severely at times, but bravely with little complaints he kept on his even way.

A few months ago, in hope of relief, he underwent an operation, and remained at the hospital a short time, when he was brought home he still held to the hope of regaining health. Yet he was willing to go, repeatedly saying, "I am ready." Cheerfully hopeful to the end, with wife and children about him, he slept out into the New land of Eternity.

Thus it is with each of us. First the years of vision and planning. Then the toil with successes and failure.

Then the days of dimming light, and waning strength, and then with or without good byes, earth is past happy. Happy, he whose vision opens the rich of a life ordered according to divine Law Thrice happy when at the end he can say, "I have fought a good fight, I have kept the faith."

Pete DePaolo Enters His Car And Baby Shoes In Indianapolis Race

Indianapolis, Ind., April 23.—(United Press.)—Pete DePaolo's young son, Tomaso, once more lead Pete to victory in the greatest automobile race in the world, as they did last year? DePaolo himself says he is sure they will. Let the world smile at the thought of baby shoes deciding destinies at a great race, if it will. Pete has his reasons. They have led the way in many a hard-fought contest on brick and board tracks of the country in the last year.

DePaolo is the latest entrant in the Fourteenth Annual International Sweepstakes, to be run at the Indianapolis Motor Speedway, Monday, May 31. Tomaso's little "dogs" led Pete to the top last year, because they rode, one on each front spring of his Duesenberg Special as he finished first in the fastest 500-mile race ever held, his average being 101.13 miles an hour.

DePaolo will pin his faith in the coming race to the same make of car that has brought him so much fame and racing fortune in the last two years. While his mount will be a Duesenberg Special, it will be a brand new automobile, as the piston displacement changes this year from the 122 of the last three races to 91 1/2.

The little Italian-American won the American Automobile Association racing championship in 1925, defeating such veterans as Tommy Milton, Ralph DePalma, Earl Cooper, Eddie Hearne, Harry Hartz, Frank Elliott and Benjie Hill. DePaolo scored 3,260 points against 1,735 for Tommy Milton, the second man.

Pete got his racing baptism riding as a mechanic with his uncle, DePalma. When the racing cars changed from double to single seaters Pete began driving for himself.

The 500-mile race this year is expected to be the most interesting event ever held on the track, due to the small size of the motors. In spite of their size, engine experts believe that they will be little, if any slower than the cars of last year.

Dave Lewis, who finished second to DePaolo last year in a front-drive Miller Special, already has announced his entry of the same type of car. Other entrants announced to date are: Three Schmidt Specials, from Paris, France; two unnamed cars, by Ralph DePalma; a Hamlin front-drive Special, by the Hamlin Motor Company, of Chicago; Harlan Fengler, in an unnamed car. Before the entries close May 1 it is expected that every racing driver of prominence in America and several from Europe will have entered.

Sandbank — Floyd Webb discovered a thief in his chicken coop. After killing the mauler, Webb hung his clothes on the line for a needed airing.

Got The Real Thing
"For five long years I suffered with stomach trouble and what the doctors called gall stone colic, and all said nothing but an operation would do me any good. A friend who had taken your medicine advised me to try it, and I found it to be the real thing. I feel better than I have in eight years and I am praising God for MAYR'S. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Holthouse Drug Co., and druggists everywhere."

Pimples

What can I do?

"O H, why can't I have a skin like other girls? Why do I have to have these ugly pimples, blotches and blackheads?"

"If I could only find something that would clear up my skin and give me back my soft, rosy complexion, I know I would be the happiest girl in the world! What can I do?"

Is that you talking? If it is, you don't have to worry a minute! Just build up the rich, red blood in your body. Then your skin will be as clear and soft as anybody's.

That's what S. S. S. has been doing for generations—helping Nature build rich, red blood! You can build red blood-cells so fast that the impurities that cause breaking out on the skin hardly get into the system before the pure blood annihilates them—kills them right out—stops them from breaking out through the skin.

And then this rich, red, pure blood feeds and nourishes the tissues of the skin and keeps it looking healthy.

That's all there is to it. Healthy, vigorous, red blood such as S. S. S. helps Nature build.

It beautifies your skin—drives away pimples, blackheads, blotches, rash, boils and eczema—gives you back your appetite—builds firm, plump flesh and fills you full of new life and energy. All drug stores sell S. S. S. Get the larger bottle. It's more economical.
