### Prices Of Ford Motor Cars Are Reduced Today

Phil L. Macklin, manager of the Adams County Ford garage, received a telegram this morning announcing the reduction of all Ford cars. Effective today. The local concern immediately put the order into effect by reducing prices on all cars on hand. The surprise, which was not delivered, including those sold, but not delivered. The reduction is average of forty-five dollars and came as a surprise. Prices on all models, delivered, and with balloon tires and self starters may be found in this issue. The action of the local company proves their desire to give every advantage to patrons.

### Sentences Men Who Stole Squibbs Liquor

Indianapolis, Ind., June 19—(United Press)—Sentences ranging from 4 months in jail and \$1,000 fine to 18 months in federal prison and \$2,500 fine were imposed in federal court here today on five men charged with stealing 350 cases of confiscated W. P. Squibbs liquor from the federal building.

South Bend—Two men—a fireman and a policeman—will be sent to Culver by the city to take a course in fire saving and first aid.

## CORN BORER IS NOT FOUND HERE

### Rumors Of Presence Of Pest In Adams County Are Unfounded

Unfounded rumors are afloat in several parts of the county to the effect that the corn borer has been infesting corn and other plants in this county. Reports from all parts of the county fail to reveal any truth in the rumor.

It was learned at the county agent's office that the nearest to Adams county that the borer had actually been found was about 65 miles north-east, near Bryan, Ohio. The borer is slow in traveling and it is thought that it will take about three years before it will be near this county.

County Agent Busche, however, urges all farmers to report to him, if they think the borer is infesting their corn. There has been no method discovered yet to eradicate the borer, but all efforts are being made to stop it before it reaches this part of Indiana.

## COURT HOUSE

#### Marriage Licenses

Francis Costello, postal clerk, Decatur, to Mary Thomas, Adams county.

Elmer Oblinger, laborer, Celina, Ohio, to May Steed, Geneva.

Edward Whale, upholsterer, Berne, to Lockven Bailey, Geneva.

#### Will Probated

The last will and testament of Sarah A. Smith, late of Willshire, Ohio, was probated here today. The entire estate was left to a son, James F. Byer. The son was appointed executor of the will, and he filed bond in the sum of \$2,300. The will was written August 5, 1913.

#### New Trial Sought

A motion for a new trial of the case of Mrs. Augusta Kaiser against her brothers, Fred and August Gallmeier and others, contesting the validity of the will of their father, the Frederick Gallmeier, in the Wells circuit court at Bluffton, yesterday. A jury recently returned a verdict declaring the will void.

#### On Federal Jury

M. T. Harris, Decatur business man, is serving on the jury in federal court at Fort Wayne in the trial of the suit of Mrs. Alone Slater, of Kosciusko county, against the New York, Chicago & St. Louis Railway company for \$50,000 damages. The trial opened Friday morning. The trial was adjourned yesterday afternoon until Tuesday morning.

### Decatur G. E. Band Wins Prize At Indianapolis

The band from the General Electric plant in this city won second prize among the industrial bands at the annual convention of the Northern Indiana Volunteer and Industrial Firemen, at Indianapolis, this week. First prize in the contest was won by the Fort Wayne G. E. band. The Decatur G. E. band, which made its first appearance at the firemen's convention as a separate unit this year, has been making rapid progress since it was reorganized last fall under the leadership of Prof. Cafaro, of Fort Wayne.

The G. E. band will give its regular weekly concert at the G. E. plant at noon next Thursday. The public is invited to attend the concert.

### Local Carpenter Has Piece Of Steel In Eye

Ira Bodle, well-known Decatur carpenter, was taken to a hospital in Indianapolis, this morning, for an operation on his left eye. A small piece of steel flew into Mr. Bodle's left eye, while he was working with a local contracting firm, on May 25. He has been unable to use that eye since that time and during the last few days the injury has begun to affect the right eye. Physicians stated that it would be necessary to remove the piece of steel from the left eye to save the right eye. It is not known whether or not it will be necessary to remove the left eye.

## THE STUDEBAKER CORPORATION OF AMERICA

appoints

**Thomas J. Durkin**

**Modern Garage, South Second St.**

**as Studebaker dealer in  
Decatur Indiana**

THE STUDEBAKER Corporation of America takes pleasure in announcing this appointment to the many Studebaker owners in this locality.

This selection is in line with the Studebaker policy of appointing as its representatives only those men who are thoroughly qualified to render Studebaker owners the service and attention that we have always considered a part of the sale.

This organization decided to handle the Studebaker line after a thorough investigation of the field of fine cars. These are the factors which influenced their decision—factors which will appeal equally to every motor car purchaser seeking utmost value for his dollars.

**1** Studebaker offers the only One-Profit automobile in the fine-car field. Like Ford in the low-price field, Studebaker builds all of its own bodies, engines, clutches, gear sets, brakes, springs, differentials, steering gears, axles, gray-iron castings and drop forgings. Thus by saving the profits of outside parts and body makers, Studebaker is able to offer a much better car for the money—can afford to use finer upholstery, better steels, higher grades of hardwood, more painstaking workmanship, and still keep down the purchase price.

**2** The One-Profit Studebaker is a better car, regardless of price, because it is designed, engineered and built as a unit. As a re-

sult, its hundreds of parts function together as a unit, yielding greater comfort, easier riding and longer life. Scores of thousands of miles of excess transportation are thus built into every Studebaker car.

**3** Studebakers are kept constantly up-to-date, improvements being made without regard for the calendar. This policy protects buyers against unnecessary depreciation and lowered resale value caused by annual announcements.

**4** Back of every Studebaker car are assets of \$100,000,000, plus Studebaker's 74-year-old reputation for quality. This background assures the purchaser that the Studebaker will never be an "orphan" car.

Come in and inspect the display of One-Profit Studebaker cars. See the Studebaker enclosed models—coaches, broughams and sedans. See the exclusive Studebaker Duplex models—combining open-car airiness with closed-car protection. Remember, the One-Profit Studebaker offers you a better car at lower price. It is the supreme value in the fine-car field.
