SEEK AN INCOME TAX AMENDMENT

Indianapolis, Ind., July 27.—(Unit-
ed Press)—With endorsement of the
proposed income tax amendment to
the state constitution as its objective,
the Indiana Farm Bureau Federation
is conducting a statewide educational
campaign on the proposal.

Leaders of the federation hold that
an income tax will aid in equalizing
the burden of taxation, a dispropor-
tional share of which they claim now
falls on the shoulders of the farmer.

The amendment proposes that every
person be taxed 2 and 1/2 per cent of
their yearly income after deduction of
twenty per cent of the amount of
their taxable property from the income
tax figures.

In addition to the income tax it is
proposed to place a fifty cent tax per
hundred dollars on all taxable property
owned.

This feature, it is claimed, would
and in equalizing the income tax paid
by persons who do not own property
with that of persons whose assets are
largely taxable under the present law.

Support of the income tax proposal
has been one of the main planks in the
Indiana Farm Bureau federation.

An effort was made before the Re-
publican and Democratic state con-
vention leaders to have the income
tax proposal indorsed in the party
platforms.

Following failure of this effort, the
campaign of education was launched
to bring the purposes of the income
tax amendment before the voters who
will decide its fate in November.

See what it does for the Kidneys

FOUR BUILDINGS ARE DESTROYED IN FIRE ON FARM

(CONTINUED FROM PAGE ONE)

barn, were burned.

Most of Mr. Bertsch's farming tools
were stored in the implement shed
and all were destroyed. There was
200 bushels of wheat in the granary
and all were destroyed. There were
firemen, by soaking the pile of wheat
with water, were able to save part of
it.

Hundreds of persons were attracted
to the scene of the fire, many being
from Decatur, Bluffton and Monroe.

On the week end holiday of July 4
and 5, more than 32,000 persons were
at the parks, Lieber said.

The heat wave this month had a
direct bearing on attendance at the
parks, hundreds seeking refuge in
them from the suffocating tempera-
tures.

The new playground and swimming
pool at the McCormick's Creek Can-
yon park in Owen county near Spen-
cer have helped increase the number
of visitors there, according to Lieber.

INDIANA STATE PARKS POPULAR

Indianapolis, Ind., July 27.—(Unit-
ed Press)—Indiana's state parks are

proving more popular this year than
ever before with residents of the state
and tourists alike, it was shown today
by attendance figures compiled by the
state conservation department.

Richard Lieber, director of the con-
servation commission, announced that
there was an increase of twenty per
cent in the number of visitors at the
parks in May and June over the cor-
responding months last year.

On the week end holiday of July 4
and 5, more than 32,000 persons were
at the parks, Lieber said.

The heat wave this month had a
direct bearing on attendance at the
parks, hundreds seeking refuge in
them from the suffocating tempera-
tures.

The new playground and swimming
pool at the McCormick's Creek Can-
yon park in Owen county near Spen-
cer have helped increase the number
of visitors there, according to Lieber.
