OBITUARY

Ira Calvin Cook, son of Daniel and Francis Cook was born in Blue Creek township Adams County, Indiana, on March 13, 1893. Departed this life on Sunday morning July 25th, 1926. Age 33 years, 3 months and 13 days.

He grew to manhood in this county and on January 18, 1913 was united in marriage to Elsie Williams and to this union were born four children, three daughters and one son.

He has resided in Decatur, Indiana for the past 9 years and has for several years been in the employ of the General Electric Company.

He was stricken while at his work on July 19th, and took his bed, continued to grow worse and in spite of the care and attention of the physicians and friends, death came. The deceased was a devoted worker, and had a host of friends because of his kindness and love. Just a few hours before the death angel came he acknowledged Jesus Christ as his personal Savior and committed himself to God.

He leaves to mourn his going away the devoted wife and companion, the children, Inez, Helen, Louis, and Louise, a father, four brothers, John, Samuel, Fred and Floyd, two sisters, Mrs. Jennie McCrory and Mrs. Pearl Kollar, together with many others. A precious one from us has gone.

A voice we loved is stilled
A place is vacant in our home
Which never can be filled
But God in His Wisdom has recalled
The balm of His Love has given.

The soul is safe in Heaven.
Funeral services were conducted from the United Brethren Church Tuesday afternoon and burial in Maple Wood cemetery, Rev. Cecil R. Smith, of the United Brethren Church officiating and being assisted by Rev. Ira Johnson of Lynn, Indiana.

SCHOLARSHIPS TO BE INTERCHANGED

Indianapolis, Ind., July 30.—(United Press)—Completion of arrangements for the first interchange of scholarships by the American Legion and Fidae, interrelated veterans' organization, was announced today by John R. McQuigg, national commander of the Legion.

The exchange will be put into effect this fall between the United States and Poland and will be the first international exchange of scholarships made by the two organizations of former service men.

The American scholar who will study in a Polish university next year is to be chosen on August 15, according to Brig. Gen. L. R. Gignilliat, chairman of the Legion committee in charge of the scholarship arrangements.

Candidates for the appointments will be considered from every state. Gen. Gignilliat said. The Polish student who will come to America has already been selected.

Applications for the scholarship must be made in a letter addressed to James Barton, national adjutant of the Legion, at headquarters at Indianapolis.

In the application must be given the name and address of the applicant, nationality of his parents, a record of his educational progress, and what university in Poland he prefers to attend.

The scholarship will include a \$500 stipend, tuition fees and steamship transportation. The scholar appointed must be a man between 20 and 30 years of age and a citizen of the United States.

LEGION PLANS FOR PARIS MEET

Flare-Up Of Anti-American Sentiment In France Does Not Change Plan

Indianapolis, Ind., July 30.—(United Press)—The flare up of anti-American sentiment in France has caused no change in preparations of the American Legion for holding its 1927 convention in Paris.

This was revealed today by Bowman Elder, national chairman of the Legion's France convention committee, who said the preparations were going ahead without interruption.

"The fact that a few irresponsible persons in Paris have taken advantage of France's fall to vent their feelings on a few tourists will not affect our program," Elder said.

"The legion has a cordial invitation from the French government to hold its convention next year in Paris and the invasion of the 30,000 American ambassadors of good will, will go far to strengthen the already cordial relations existing between America and her war time ally."

"Our visit to the graves of our American soldiers buried in France, our trips to the battlefields where Poilu and Doughboy fought side by side and our visit to French shrines can only bring the peoples of the two nations into closer sympathy."

The thirty thousand legionnaires who are expected to attend the Paris convention will sail in twenty-four chartered ships in September, 1927, for France.

London Paper Attacks Government For Not Curbing Rum Running

London (United Press)—A demand that the Baldwin Government take adequate steps to stop the flow of "bootleg" liquor from England into the United States, has been made by the Daily Herald, official Labor paper, here.

To offset attacks on the importations of "Soviet gold" from Russia, used to aid striking coal miners, the Herald editorially criticized the English Government for not taking effective measures to stop liquor exportations to United States ports, or to intermediate ports, where the final destination of the consignment is known to be the United States.

"Even since the United States went dry," the editorial stated, "shiploads of

whiskey have left Scotland daily for America. Some of the leading distillers in Scotland are engaged in this unlawful trade, which is an unwarranted attempt to interfere with American laws. The British Government knows of this conspiracy, but the distillers have not been rebuked in any way.

"Many distillers have actually made overtures to bootleggers and British customs officials are employed to check, in the usual way, the quantities produced and exported. This happens not only in Scotland, but in many ports in England and in the British colonies in the West Indies, whence all kinds of liquors are shipped to the United States."

"Thus the British Government is conniving at illegal acts, directly helpful to those who are fighting the American Constitution, and has been conniving at them for a long time."
