Ira Fuhrman Wins In Guessing Contest

Ira Fuhrman Decatur barber, won first prize in the ice-melting contest conducted by the Callow & Kohne drug store last Saturday. A 50-pound cake of ice was placed over a tub in front of the store Saturday morning and the guessing contest centered around the length of time that would be required for the ice to melt. The exact time required for the ice to melt was 17 hours 27 minutes and 23 seconds. Mr. Fuhrman's guess was 17 hours, 27 minutes and 18 seconds. Mary Jane Knott, of Plymouth, Indiana, won second prize with a guess of 17 hours, 25 minutes and 52 seconds. Dr. C. C. Rayl, of Decatur, won third prize with a guess of 17 hours, 29 minutes and 14 seconds, and Clem Kortentrer, of Decatur, won fourth prize with a guess of 17 hours, 25 minutes and 15 seconds. First prize was \$5; second prize, \$3. third prize, \$2; and fourth prize, \$1. There was a total of nearly 5,000 guesses, ranging from 31 seconds to 110 hours. This was the second contest of this nature conducted by the Callow & Kohne store this summer.

Two Persons Killed In "Death Trap"; County Commissioners Censured

Evansville, Ind., Aug. 2.—(United Press)—Two persons were dead here today and the third in a hospital dangerously injured, while Vanderburgh county commissioners were being censured for leaving a "death-trap" on the Petersburg road just beyond McCutchanville, about seven miles from Evansville.

Katherine Whitehouse, 15 year old high school girl, and Alfred J. Hurtle, 19, furniture worker, were killed, and George Becker, 20, a automobile mechanic, is seriously injured.

The car, belonging to Becker, plunged forty feet to the bed of a creek. A new bridge has just been completed over the stream, about 15 feet to the left of where the old bridge stood.

No barricades or signs were put up to warn motorists to make the sharp turn to the left it was said.

Further Probe Of Aimee McPherson's Case Dropped

Los Angeles, Cal., Aug. 2.—(United Press)—The promised resumption of the Los Angeles county grand jury's investigation into the Aimee Semple McPherson "kidnapping" has been dropped. New evidence is "too vague."

District Attorney Asa Keyes, who several days ago said he would present to the jury "sensational evidence that would clear up the Aimee Semple McPherson mystery," today said that abrupt termination of the new investigation was definitely decided upon early Saturday when he recalled chief investigator Ben Cohen from Carmel-by-the-Sea where the deputy had gone to serve a sheet of subpoenas.

Brazil Coach Goes To Lima, Ohio, High School

"Tubby" Moffett, former star athlete at DePaw university, who has been coach of all branches of athletics in the Brazil, Indiana, high school for the last four years, has signed a contract to be athletic director and head coach of athletics in Central high school, Lima, Ohio. Moffett has been successful as a coach at Brazil, turning out strong teams in all branches of athletics each year.

Indianapolis To Have Professional Grid Club

Indianapolis, Ind., Aug. 2.—(United Press)—Plans have been completed for the establishment of a professional football club in Indianapolis this year, according to an announcement today by Joseph Canning, local sportsman. The team will play teams of the National professional leagues.

Helen Wills And Vincent Richards Spring Surprise

New York, Aug. 2.—(United Press)—With the astounding return to form of Miss Helen Wills, national tennis champion, in the fashionable Maidstone Tournament, and the surprising defeat of Big Bill Tilden, national men's champion, in the Crescent Club tournament, tennis had something to ponder over today.

At no time since she attained national prominence did Miss Wills show more effective strokes and more impressive stamina than in winning the final round of the Maidstone tournament against Miss Mary K. Browne, a fellow Californian, who is at the most conservative estimate

one of the four best players in the world.

The victory of young Vincent Richards, who met with little success in European tournaments, probably will be glossed over by the partisan rooters for Tilden because the champion has been beaten seven times this year in important competition.

Sharp Earthquake Felt

Manila, Aug. 2.—(United Press)—An earthquake of sharp intensity, felt over a considerable section of Luzon, was reported today.

The tremor started at 1:03 p. m., and continued for several minutes. Local seismographs indicated it was not widespread and accompanied by little damage if any.

Indiana To Continue To Arrest Kentucky Motorists

Indianapolis, Ind., Aug. 2.—There will be no relenting in the arrest of drivers of commercial vehicles coming out of Kentucky for failure to display Indiana license plates, Frederick Schortemeir secretary of state, said today.

No agreement has been reached with Kentucky officials for settlement of the controversy over license plates.

Schortemeir said Kentucky officials had failed to answer a telegram asking settlement.

Drought Broken In All Parts Of Indiana Sunday

Indianapolis, Ind., Aug. 2.—(United Press)—Wind and rain during the week-end did considerable damage to crops in several sections of the state, according to reports received today at headquarters of the Indiana Farm Bureau Federation.

The benefit of the rain to crops which were suffering from drought was far in excess of the damage, Bureau officials said.

Much of the corn blown down will straighten up, Louis Needler, secretary of the Federation, said.

The drought was broken in practically all sections of the state by showers, most of which were intermittent.

Accused Pastor Asks Congregation To Give To Fund To Fight Case

Port Worth, Texas, Aug. 2.—(United Press)—Rev. J. Frank Norris, pastor of the First Baptist church, who is under indictment charged with killing E. Chippis, Sunday called upon his congregation to contribute funds to battle the alleged conspiracy against him.

"I hope several put down \$1,000 as their contribution," said Norris at the close of his morning sermon, when check blanks and envelopes had been passed among the members.

"I'm glad to make a contribution of \$1,000 or more myself," added the pastor. Norris said that those who didn't have funds at present could pay in sixty days.

The members responded with heavy donations.

Norris' trial on the charge of murder has been set for September 13.

Country Club Governors To Meet This Evening

A meeting of the board of governors of the Decatur Country club will be held this evening at 7:30 o'clock, at the club house. Members are urged to be present.

Falling Timber Kills Man

Lafayette, Ind., Aug. 2.—(United Press)—Charles Ware, 28, of Omaha Ark., is dead here today from injuries received when a piece of timber at the Wea bridge, under construction near here, struck him on the head fracturing his skull.

AMERICAN GIRL NEARS GOAL IN CHANNEL SWIM

(CONTINUED FROM PAGE ONE)
sponge cake at intervals. There was no music aboard the tug.

The informant estimated that at 2 p. m. Miss Barrett was only 10 miles off shore, although it was believed here that she had reached midchannel at 1 p. m.

BEGIN AUDIT OF COUNTY RECORDS

(CONTINUED FROM PAGE ONE)
one year's work to check, the task will not be as difficult or require as much time as formerly. Last year all the records were brought up to January 1, 1925.

The records of the county officials will be completed first and then it is probable that they will take up the trustee books.

The state board of accounts covered all the counties last year and

the records in every county have been checked up to 1925. Most of the counties have been visited this year and, by the end of the year, every county will have been checked for last year.

Both Messrs. Daley and Hammond have checked the records in this

county before. They have been members of the state board of accounts for several years.

Notice G. E. Night employees. For your convenience the Kintz restaurant will remain open until one a. m. 181-21

Are You Striving For Success?

Internal Harmony

A statistical report issued recently by the Standard Oil Company (Indiana), reveals a remarkable accord between management and employees of the Company. It shows complete agreement in 90% of the matters considered by the Joint General Committees, under the Industrial Relations Plan since its adoption in 1919. It is noteworthy that in the few cases of disagreement, the differences were not over such vital subjects as wages, hours and working conditions, but related to subjects of minor importance. This report is conclusive evidence of the internal harmony which manifests itself in many ways. A feeling of good fellowship prevails among the employees, and between the employees and the management.

Wherever a group of Standard Oil Company (Indiana) employees are working—at an oil well—in a laboratory—refinery—or service station—an atmosphere of good-will and friendliness is apparent.

This internal harmony is reflected in the attitude of the Standard Oil Company (Indiana) employees toward the people they serve. The harmony prevailing within is radiated without the organization. The consuming public receives the benefit in friendly, cheerful, competent service.

The comradeship that exists throughout the entire organization of the Standard Oil Company (Indiana) has been definitely strengthened by such measures as the Industrial Relations and Stock Purchasing Plans.

The human, personal character of the organization is the inspiration back of the various measures which promote internal harmony.

The Standard Oil Company (Indiana) always has believed that mere magnitude of numbers does not alter the human characteristics and relationships of a group.

The Standard Oil Company (Indiana) works on the theory that a working force of 29,000 men and women should be bound together by the common ties of sympathy and friendship which unite a small family group. The size of the group heightens, rather than minimizes, the importance of the individual.

The Standard Oil Company (Indiana) is a huge organization, whose success depends upon the earnest effort of each of the 29,000 individuals who constitute the whole.

Through this harmonious and co-operative working of the organization as a whole, the management is achieving the goal set for the Company, i. e., to render such a broad and comprehensive service as to merit the respect and esteem of the thirty million people of the Middle West.
