DEMPSEY-TUNNEY FIGHT IS PROBABLE

Officially, Bout Is Not On And Not Off; Unofficially, It Is On

By Henry L. Farrell
(United Press Staff Correspondent)
New York, Aug. 11.—(United Press)—As soon as a "few little things are ironed out" Tex Rickard can open his box office and start selling tickets for the heavyweight championship fight between Jack Dempsey and Gene Tunney in the Yankee Stadium on Sept. 16.

Officially, as far as the New York license committee is concerned, the fight is not on but it is not off.

Dempsey has not been denied a license to fight in New York. Action was taken yesterday by the committee, it was merely deferred.

Unofficially the fight is on, however. "Everything will work out alright," William Muldoon, senior member of the boxing commission and the one who led a winning crusade to have the commission approve of a Dempsey-Tunney fight, said today.

There are a few things to be worked out—little things—but everything is alright," Rickard said today.

The little things to be worked out are merely in the progress of getting a license for Dempsey to fight in New York. Tunney was granted his license yesterday.

Get a license, according to Col. John Phelan, chairman of the license committee, Dempsey must sign a contract to fight "some one" in accordance with the rules and regulations of the New York boxing commission.

The "some one" mentioned, Col. Phelan pointed out, doesn't mean any particular person, and he added a significant remark when he said—"The license committee considers that Dempsey accepted the challenge of Harry Willis when he signed a contract with Floyd Fitzsimmons in Niles, Michigan last September."

Previously the boxing commission had ruled that Dempsey was ineligible until he agreed to fight Willis, the commission's recognized challenger.

Col. Phelan intimated that the Willis obstacle was no longer in the way when he said—"We are not asking Dempsey to fight anyone in particular. We want him to sign a contract to fight someone and show it to the commission."

WATCHING THE SCOREBOARD

Yesterday's Hero—Tyron Cobb, manager of the Detroit Tigers, who drove pinch hitting for O'Rourke in the seventh. The Tigers beat the Yanks 5-3. The game was called early to allow New York to catch a train.

The Pittsburgh Pirates took the Brooklyn Robins for the second in a row, 10-2. Lee Meadows went the route for the Champs.

The Washington Senators pounded back the Cleveland Indians, 4 to 1. Reuther held the Tribe to six hits, while Levens allowed nine.

The White Sox lost a heart-breaker to the Philadelphia Athletics 4-3 in the 11 when Morehart, subbing for Eddie Collins at second dropped a ball after tagging Hale out. Hale galloped home on the next hit.

Hurler Virgil Barnes of the New York Giants held the Cubs to four hits, while his mates made twice that number. The Giants won 2-0.

Ken Williams, homer with George Sisler on the Paths gave the St. Louis Browns a 6 to 4 victory over the Boston Red Sox after the count was tied in the eighth.

"Red" Grange Is Back On His Ice Wagon

Wheaton, Ill., Aug. 11.—(United Press)—Harold "Red" Grange is back on the ice-wagon again.

Armed with his solid silver ice tongs and clad in a khaki shirt and trousers, "Red" covered his ice route yesterday for the first time since completing his moving picture efforts.

Grange is teaming with Archie MacKinney, Wheaton College athlete, on the ice wagon squad.

SCHULZ HIRED AT SOUTH SIDE

School Board Hires Athletic Director; Principal Harris Transferred

Fort Wayne, Aug. 11.—At a meeting of the city school board last night, Adolph "Gertie" Schultz, former University of Michigan football star, was employed as director of physical education in the South Side high school, and Nelson R. Snyder, principal of the James Smart grade school, was named principal of South Side, to succeed Robert C. Harris, who was transferred to the James Smart school.

An effort was made last spring to place Schultz at the head of athletics in the South Side school, but opposition by the student body and scores of parents to the suspension of coach Lundy Welborn, defeated the plan, and Welborn was retained as football coach. Since Spring, E. E. Perry has succeeded Mrs. R. Earl Peters as a member of the school board, and Mr. Perry lined up with those members who favored the appointment of Schultz. Welborn will be retained at South Side, as he is under contract. However, he will work under Schultz, who will be supervisor over all branches of athletics.

After disposing of the appointment of Schultz, the board tackled the question of the principalship of the South Side school. The decision of the board to transfer Harris to the James Smart school centered upon the suspension of South Side from the state high school athletic association last spring.

The blame for the suspension was freely placed upon the shoulders of Harris and, after Superintendent L. C. Ward had assured the board that the school could be reinstated if Harris were removed from the principalship the board consented to his transfer.

South Side now has two football coaches and no basketball coach. The board will hire a basketball and baseball coach if the school is reinstated, Mr. Ward said.

Wolves Increasing In Soviet Russia

Moscow.—(United Press).—The Soviet Government is preparing to offer all possible cooperation and encouragement to hunters who are trying to exterminate wolves. Wolves have been increasing in numbers because of the neglect of hunting during the stormy years of the Revolution, and today their number in Russia proper, excluding the affiliated Ukrainian, White Russian and Transcaucasian Republics, is estimated at a hundred thousand.

During winter months wolves sometimes invade peasant villages and small towns and cases have been reported in which they attacked trains and were only beaten off after a desperate battle. Approximately a million cattle are killed by wolves every year; and the losses which they inflict on the peasant population are reckoned in tens of millions of rubles. Cases of attacks on human beings are also not infrequent.

dietary improvement is making England healthier, according to Sir George Newman, Chief Medical Officer of the Ministry of Health.

"Good houses, good food and a sanitary environment in working conditions make for health," Sir George declared, "but these things cost money and are out of the reach of many people.

"The simpler things such as more tooth brushes, more windows and a more general appreciation of sunshine and fresh air, are easily within the reach of every one, however, and are making for a healthier people in England."

Propose Warning Lights At All Grade Crossings

Indianapolis, Ind., Aug. 11.—(United Press).—A proposal for the establishment of blinker light warnings at all points in Indiana where State highways cross railroads is being considered today by the state highway commission.

A proposal was made to the commission by the Highway signal cor-

poration whereby that company will erect the warnings at the various crossings, free of charge with the stipulation that they be allowed to sell the advertising space thereby created.

An opinion by Attorney General Gilliom states that the erection of the signs is proper but that the matter of allowing the sale of advertising space is "at the sufferance of the legislature."

Three years ago the commission barred all signs from the state highways.
