### REDS TIE CARDS FOR LEAGUE LEAD

#### Manager Hendricks Says His Team Has Its Second Wind; Still In Race

By Henry L. Farrell,  
(U. P. Staff Correspondent)

New York, Sept. 14.—Last week when Roger Hornsby and his regular pitching staff on the St. Louis Cardinals were spending an off day scouting the New York Yankees, the "Rajah" told New York sport writers:

"We're about in now. We're ahead and we can't be caught."

Today the manager of another club standing abreast of St. Louis in the race for the National league pennant, volunteered an opinion.

"We're still in the race, aren't we?" Jack Hendricks, manager of the Cincinnati Reds said. "If there is such a thing as second wind we have it. We've been caught and passed several times and we have fallen behind but we are still up there."

Hendricks was asked why he had so much confidence in a club that the experts said had no business in the first division.

"I don't have to give a good reason," he answered. "The averages in the club standing will show you why we are right in the race for the pennant. We have a good balanced club, not a tremendous hitting club but one that seems to hit when a run or several runs are necessary. We have a good pitching staff and above all—

"We are all working together."

"The manager is just the goat," Hendricks said. "If he wins, he is great. If he loses, he is a bum. If the Reds come through this year I want no more credit than that I have been privileged for a season to spend a great many days among some of the finest boys I ever have known."

It was suggested a few days ago that the effects of the strain of the pennant race would work on the nerves of the players on the three contending teams so much that one or two of them would crack.

There seems to be no nerves among the Cincinnati players. They, apparently, are playing for games without looking at the scoreboard.

the club has lost thousands of dollars' damages.

Chicago Sept. 14.—(United Press)—The decision of an Indianapolis Judge will stop the Dempsey-Tunney fight in Philadelphia John M. Whiteside, attorney for B. C. Clements who drew up the bill presented in the Indiana court said today.

"Under the conditions, the Pennsylvania court must issue an injunction stopping the fight," Whiteside declared. "That court must give full faith and credit to the act of a sister state."

Philadelphia, Sept. 12.—(United Press)—The injunction issued in Indianapolis against holding of the Dempsey-Tunney battle here Sept. 23, will "have no effect whatever" in Pennsylvania, in the opinion of Edward M. Abbott, well known lawyer and counsel for the sesqui-centennial exposition.

"If proceedings are instituted here I doubt if the Indiana injunction would rest on the legal merits of the case," he said today.

"Surely, our plans will go right along to stage the bout just as if there had been no interference," declared Tex Rickard, promoter of the bout.

"Never have I opposed the courts and I don't intend to begin now."

Get the Habit—Trade at Home, it Pays

"I DO NOT want to be thin! I just want to be my right weight! I want those hollows filled out. I just want enough firm, plump flesh on my bones to fill out my figure."

Of course you do. You want a figure that you can drape your clothes on—not just hang them on! What's the use of having pretty clothes, if they just hang on you?

And what would you say if you were told you could have the figure you want? A graceful, well rounded body—firm, solid flesh—just enough—just your right weight? You'd be mighty happy, wouldn't you?

Well, then, be happy—because you can have it! Put plenty of red cells in your blood and watch your weight go up to where you want it. That's what's the matter with you! Your blood is impoverished. You need more rich, red blood. S. S. S. is the thing to put red blood in your system.

Cells are the millions. You just try S. S. S. and watch how quickly you begin to fill out your clothes. Notice your skin clear of unsightly blemishes—your appetite increase—strength come to flabby muscles and vim and vigor fill your whole system. It's red blood that does it. And S. S. S. surely helps Nature build that red blood.

S. S. S. is sold by all drug stores. The larger bottle is more economical.
