### Keep in Trim!

Good Elimination Is Essential to Good Health.

THE kidneys are the blood filters. If they fail to function properly there is apt to be a retention of toxic poisons in the blood. A dull, languid feeling and, sometimes, toxic backaches, headaches, and dizziness are symptoms of this condition. Further evidence of improper kidney function is often found in burning or scanty passage of secretions. Each year more and more people are learning the value of Doan's Pills, a stimulant diuretic, in this condition. Scarcely a nook or hamlet anywhere but has many enthusiastic users. Ask your neighbor!

## The Cornerstone Of Neighborhood Health ----Your Grocer

WHAT fails to enter his door generally fails to enter yours. He is the food pilot. Fair play to the family health is your grocer's first commandment.

DESPITE all prior interference, scores and scores of poor quality foods try to "get by"—but your grocer is your defense.

DAY in and day out, year in and year out, the sanitary and health service in behalf of your food by your grocer is so splendid that it commands the highest scientific admiration. Is there another service that excels it?

THINK it over as you will—the modern grocer is the last word, final man or woman, inspector general, if you please—responsible in no mean measure for maintenance of high quality and high purity in family foods.

IT IS NO exaggeration to say: "Your Grocer is the cornerstone of neighborhood health."

### PERFECTION BISCUIT CO.
