Register before October 4th if you wish to vote and you ought to.

Tuesday, October 19th is Dairy Day in Decatur. You will have a good time and the day should be one of the best in the history of the community.

Wonder if Colonel Mitchell will have any thing to say about the loss of the giant Sikorsky biplane at Roosevelt Field yesterday and whether what he has to say now will startle the public as did his accusations of a year ago?

You have less than two weeks in which to register if you are not qualified to vote now. You should not only attend to that duty at once but should help your committeemen see that every voter in your precinct is registered.

Well, Tunney can afford to take a good beating for \$200,000 and Dempsey will get twice that, win or lose. The only suckers are the sports who will pay fancy prices to see the brawl and the newspapers who have given them several million dollars worth of free advertising.

Hon. Evans Woolen, democratic candidate for the short term, will open the campaign in this city Saturday, evening, October 2nd. He will be accompanied by Hon. Arthur Hamrick, candidate for secretary of state and several other leaders. The event should be an evening of profit to those who wish to hear the issues of the campaign discussed in a fair and earnest manner.

You can assist your committeemen in conducting the campaign and its duty of every good citizen to do so. We should have the best officers that we can get for the coming year of economical government. You are invited to call at democratic headquarters, to offer your suggestions and to assist in putting on an old-fashioned campaign that will spell Victory in November.

It is costing fifty million dollars a year to operate the state of Indiana and that's four or five times what it cost a few years ago. And they have the unmitigated nerve to ask "Why change?" And then to add to that insult they are trying to convince the general public that you are wallowing in wealth, ought to produce less and be satisfied that you are still breathing the air without a meter attachment. If we mistake not a lot of so called politicians are in for a genuine surprise the morning after election day when they scan the results.

A couple of smooth talking gentlemen, purporting to represent the Anti-Saloon League were here today putting out the usual political propaganda. They disregard many matters of importance and seem to be able to bend their conscience to suit the desires of those they represent, easily disclosing the fact that they are bent on politics. At least in this district the liquor issue is not before the people, but there are a number of important questions to be decided and we feel certain that whoever is elected will not permit any more liquor to be stolen from the state house than has been during the past year or two.

American people have already given a million dollars to the Red Cross in

Where Brunt of Florida Hurricane Was Felt

This is an airplane view of Miami, Fla., taken before the disastrous hurricane brought death and ruin. Many of the piers and buildings shown are now jumbled masses of wreckage.

answer to the appeal from President Coolidge for a relief fund for the unfortunate victims of the Florida hurricane. So terrible has been the disaster that only a portion of the death list has been available and it may be days before the exact results of the storm are known. The property loss has been one of the severest ever reported and there is no doubt that thousands of people have suffered terribly since the fateful hour last Saturday morning when the clouds rolled in from the sea and almost engulfed portions of the "play ground of America."

The program committee and the barbecue committee for Dairy Day met last night and began plans to make the event even bigger and better than announced. While all details have not been completed we can assure you that the interest manifested is a guarantee that the day will be an enjoyable one for all who attend. The general committee composed of the chairmen and officers of the Dairy Day Association will meet Thursday evening for a check up and the complete program can be announced by next week. Suffice to say that nothing is to be left undone and that those who miss this celebration, farmers day, fall festival will overlook the surest bet for a happy and profitable day.

Whatever else this age may be it is an age of investigation. It is nearly as hard to dodge a questionnaire as an automobile sticker. It seems as if there had been the development of a profession that devotes itself to inquiring minutely into things in which nobody is interested. Such information may become interesting when it and may even eventually be of service to the world, so it is always wise for all of us to withhold our scorn. Sometimes, although we can not conceive a reason for the inquiry, we can conceive the reason for the answer to it. For instance, tests made by Columbia University show that men spend more time looking into store windows than women. The reason for this undoubtedly is that they are wondering what those things are. The women, of course, know.—Indianapolis News.

Red Cross Takes Steps To Prevent Epidemic In Devasted Florida

TEACHERS WILL MEET OCT. 15-16

(CONTINUED FROM PAGE ONE) Huntington county; Senator W. N. Ferris, of Michigan; Elizabeth McCrickett, of Michigan State Normal school; Elizabeth Baker, of Mrs. Blaker's school, Indianapolis; Flora E. Leyns, president of Indianapolis College of Music and Fine Arts; Mary Beeman, state director of Domestic Science; Z. M. Smith, state director of vocational work; A. L. Trester, president of the Indiana high school Athletic Association and Blanche Merry, state attendance officer.

FURTHER PLANS ARE COMPLETED FOR DAIRY DAY

(CONTINUED FROM PAGE ONE) and roasting of several young steers, get the coffee ready and serve with pickles, ice-cream, etc. An expert will be secured to take charge of the barbecue work and every plan will be carefully worked out so that there can not be a hitch. Mr. Beery reported last evening that his committee would serve 100 per cent and promised to put the big show on in the final.

The general committee, composed of all chairmen and officers, will meet Thursday night to check up. In the meantime, everyone can start boosting Dairy Day just as hard as they can for it is going to be a real event.

Lost His Rheumatism and Stomach Trouble

Says He Never Has a Bit of It Now, Suffered for 30 Years. "I had stomach trouble for 30 years. My stomach would bloat and cramp. The gas would crowd back my heart, and the pains were awful. My appetite was poor and I had to watch what I ate all the time. I also had rheumatism in my right leg below the knee, and my ankle swelled up so I could hardly walk. Nothing I would take did me any good. Then I heard of Viuna and bought a bottle, and right from the first I felt better. Now I feel fine. My stomach trouble is all gone. No gas, none of that bloating, and I can eat anything and plenty of it. My rheumatism is gone, doesn't pain or swell at all, and my leg is as good as it ever was. My weight was formerly 140 pounds, and now I weigh 157 pounds, a gain of 17 pounds. I lay my present state of good health to Viuna."—Harvey Knox, Route 2, Gaston, Ind.

VIUNA The vegetable regulator Sold By CALLOW & KOHNE

of the disease had been reported. Twenty thousand units of anti-typhoid vaccine are on the way to Miami by train and airplane, having been sent by the United States Public Health service. Meantime, a flood of money poured into the Red Cross headquarters here for relief of the Florida hurricane victims. The Bureau anticipated that by night the Million mark would be well exceeded. Supplies are arriving in Miami and vicinity plentifully.
