Hog Cholera Disposal Laws Are Being Observed

A representative of the state board of health visited Bluffton yesterday and informed authorities there that after conducting an investigation in Wells county he found that the farmers were observing the law in regard to the disposing of hogs which died of cholera. No violations have been reported in Adams county as far as known, most of the carcasses being taken to the Decatur Fertilizer plant. Many hogs died this year from cholera and illness brought about by the wet weather. Cases have been reported where more than 20 hogs have died within a week for a farmer.

RESOLUTIONS OF RESPECT

God in his infinite wisdom having removed from our midst our faithful and beloved co-worker, Simeon B. Fordyce, impels us to pause in our labors, to express in these words our appreciation of the great loss sustained by us in his passing.

He was a soldier brave and true, whose valor on the field of battle, sustained the cause which reached its culmination in the restoration of our great Republic.

His counsel and advice was always wise and carried with it the deepest conviction and sincerity of purpose.

The history of his life is an unmarred page in the golden book which records the events of the Eternity.

The children, the aged and infirm, the unfortunate have lost in him a friend and counselor.

Truly, he was a man who believed: "And now abideth faith, hope, charity, these three; but the greatest of these is charity."

Therefore be it resolved, that the Adams County Board of Childrens Guardians and the Adams County Board of Charities in joint meeting assembled extend to the bereaved family our sincere sympathy.

Be it further resolved, that a copy of these resolutions be sent to his family and that a copy be placed in our records on a page dedicated to his sacred and imperishable memory. Adams Co. Board of Charities Adams Co. Board of Childrens Guardians.

Her Majesty Views Grand- uer Of Mountain Range Enroute To Pacific

By John Montgomery
(U. P. Staff Correspondent)

Aboard Queen Marie's Special Train in Montana, Nov. 2.—The grandeur of the American Rockies was given queenly consideration today as the royal train made its way through the Montana passes enroute to the Pacific coast.

Her Majesty spent the day in her observation car watching the range of mountains along the Northern Pacific railway slide by. With her sat Prince Nicolas and Princess Ileana who appeared delighted with the sight of the Rockies.

The queen spent one of her most enjoyable days in this country yesterday. It was her holiday, free from the pomp and formality and filled with moments when she could talk with ordinary people.

She was immensely pleased with her reception by the Sioux Indians at Nandan, N. Dak., who adopted her as a full member of their nation in a picturesque ceremony.

Last night she was proudly exhibiting a scar where she was cut by Chief Red Tomahawk to prove her ability to bear pain during the ritual.

The royal train will arrive at Spokane, Wash., tonight.

Train Carrying President Coolidge Hits Automobile

Wilmington, Del., Nov. 2.—(United Press).—Enroute with President Coolidge to Northampton.—The special train carrying President and Mrs. Coolidge home to vote crashed into an automobile at a grade crossing at Aberdeen, Md., early today demolishing the car and injuring the two occupants.

The accident happened while the special was traveling about 45 miles an hour, the safety gate at the crossing had been lowered but W. J. Held, driver of the automobile failed to heed them and drove onto the tracks in the path of the train.

The impact lifted the front trucks of the locomotive off the rails.

With Held, who is a private stationed at the army providing ground at Aberdeen, was another soldier, named Irwin.

The President and Mrs. Coolidge were asleep when the accident happened. The train was delayed 10 minutes.

TO DARKEN HAIR APPLY SAGE TEA

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation. If your hair is fading, streaked or gray, mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use for only 75 cents. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

Farmer, Age 85, Makes First Visit To Large City

Inlay City, Mich., Nov. 2.—Emil Gorschow, 85, can now die happy, content in the knowledge that there is such a vehicle as a street car, that skyscrapers do not topple over in the wind and that 1,000,000 souls can live peacefully in one city.

The aged farmer had tilted the soil in Lapeer county for sixty years and had taken all of life pretty much for granted, until he visited Detroit. The tallest building he had ever seen was three stories.

See What It Does for Bad Nerves.

Dr. Taylor, 2011 Glendale Ave., Detroit, says: "I was paralyzed four years. Three years ago I was recommended by a good doctor to take San Yak Pills for three months, and they cured me. See what it does for the Kidneys

Dr. L. P. Bailey, of McBride, Minn., says of San Yak: "It will do all you claim. It is fine medicine for the blood and has cured rheumatism of long standing. When one treats the kidneys with San Yak he is renewing the whole body. One can always depend on San Yak."

May Be Prosecuted Under State And Federal Laws For Same Law Violation

Washington, D. C., Nov. 2.—(United Press).—Liquor law offenders can be prosecuted under both state and federal

al laws for the same act, the U. S. Supreme court ruled today in a Louisiana case.

Convictions and prison sentences imposed by the state upon Dorcas Hebert, Alcee Beneit, John Miller and Clobule Abadie, Lake Charles, La., after a federal prosecution for the same offense.

Justice Vandevanter in announcing the decision said the state and the federal government had power to proceed independently against a single liquor violation; that the offense constituted separate offenses against each sovereignty.
