Was a Good Judge of Liquor

"Since a young man I had liking for liquor and was considered a pretty good judge of it at one time, but constant drinking gave me stomach trouble which became chronic. My stomach would have been a valuable addition to a gas factory. Doctors did not seem to relieve me. One day my druggist got me to try MELLO-GLO and I am now as good as new." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Folthouse Drug Co., and druggists everywhere.

Takes Years Off Your Complexion

You have wanted a skin food and beautifier that keeps the face young. There is a new French Process Cream that will do this. It is so pure and different one application brings a change. It is called MELLO-GLO and everybody says it is wonderful. Get MELLO-GLO Cream now and increase your beauty.

A Life Saver for Your Car

EXCEPT in the case of accidents, cars die a gradual death. Dr. Clare E. Griffin of the University of Michigan has made some interesting estimates from statistics on the length of life of automobiles.

In his "Life History of the Automobile" he says that of any 100,000 automobiles beginning life at the first of any year, 220 will be junked the first year; 2,051 the second; 4,400 the third; 6,750 the fourth; 8,920 the fifth; and 10,670 the sixth; etc.

What sends some cars to the scrap heap while others of the same age are still serving a useful life?

Faulty lubrication in most cases. That is the most important single cause for the premature demise of automobiles.

Keep your car perfectly lubricated with Polarine and you will literally save its life. Polarine is the most perfect protection that could be devised for the motor of an automobile. Heat and friction cannot break its tough film. You can depend on Polarine to protect all the moving parts of the engine at all times.

Polarine is the result of years of experience and scientific work. It is one of the major products of an organization that is noted for its absolute dependability.

Polarine is a life saver for an automobile and a worry saver for the man who drives it. If you have had trouble with your car, you will appreciate the pleasure of driving a car that runs smoothly—a car that is properly lubricated.

Polarine will save your car from the junk heap and it will promote a smooth performance that will add immeasurably to the pleasure of motoring.

Have the crankcase drained out today, cleaned with Polarine Flushing Oil, and refilled with the particular grade of Polarine made expressly for your car.
