

PASTOR PAINTS WORD PICTURES

Rev. Smith Dwells On Christ's Seeking To Have Fellowship, Communion

The pastor, last night, at the United Brethren church, introduced his sermon discussion by giving the word picture of Hunt's painting of Christ standing at the door, under the picture title "The Light of the World" and also the word picture of the artist Bida, of the Foolish Virgins. The pastor dwelt on Christ's seeking to have fellowship and communion with folks. That he was wanting to come in to their hearts now. If Christ is refused entrance here in this world, then the door of Heaven will be closed to such on the morn of eternity, he said. Rev. and Mrs. Myers favored the audience with two special numbers last evening. Services are announced for tonight at 7:30 o'clock. Services are only being announced from night to night.

They Do Turn to Admire

Reception of the new Hudson Super-Six has been instantaneous, overwhelming all past Hudson triumphs in interest, enthusiasm and sales.

Not only the center of every Automobile Show—not only the delight of thousands who have bought and driven it—but it is equally the focus of admiration as it parks at the curb, threads through traffic or flies across country, in easy supremacy.

The Super-Six principle freed to the limit now admittedly excels any development thus far known. There is nothing with which to compare it in performance, stamina, safety and economy of operation.

At any speed, and for any distance you demand, you will never feel the slightest effort is exerted in motor or chassis. You pass and hold the lead at will. You level hills as if they did not exist. And its four-wheel brakes with the flexibility of the motor permit a flashing nimbleness you will like.

Its seven beautiful new bodies share with its brilliant performance in the greatest reception of all Hudson history.
