LINDBERGH IS DELAYED BY FOG

(CONTINUED FROM PAGE ONE)

B. Houghton's home resting or leisurely packing what has now become a fairly extensive European wardrobe.

The Spirit of St. Louis in which Lindbergh flew to fame from New York to Paris will accompany him home aboard the Memphis. The monoplane has been knocked down and crated at Gosport and will be loaded aboard the Memphis at an English port. Lindbergh will board the cruiser at Cherbourg.

That seaboard town, well known to millions of American tourists who have had their first glimpse of France from liners' decks there, will give Lindbergh a memorable send-off. It was over Cherbourg that Lindbergh crossed into French territory. Cherbourg's people rather regard themselves as ahead of the Parisians in having a claim on Lindbergh for that reason. The chamber of commerce formally requested that Lindbergh depart through their port. He will fly from Paris to Cherbourg.

From Saturday until June 11, Lindbergh will have a week of uninterrupted relaxation, provided he is as good a seaman as he is airman. On Saturday, June 11, the Memphis will arrive in the Potomac abreast the capital and the celebration will begin.

TAKE BOY'S LIFE TO COLLECT HIS INSURANCE MONEY

(CONTINUED FROM PAGE ONE)

out of school, was frightened and did not know how to proceed.

The result was that Clifford staggered out of the house and fell in the yard, writhing in agony. He was taken to the home of his grandparents, Mr. and Mrs. Henry Vetter, where he died.

Before he died, the boy told what made him ill, but it was not suspected he was poisoned.

The circumstances, however, puzzled townspeople and Sheriff Campbell conducted an investigation. Walser was arrested Wednesday night and his girl wife and her five-months-old baby were brought to the jail Thursday.

Formal charges were to be placed against them today, Sheriff Campbell said.

JEFFERSON TOWNSHIP CHILDREN EXAMINED

Representatives of State Board of Health Examine 35 Children Of Pre-School Age

Examinations of children of pre-school age in Adams county, by representatives of the child hygiene division of the state board of health were continued yesterday with a total of 35 children in Jefferson township being examined. Among the minor defects, a few serious ones were found, that were not known to exist. No one can be certain that their children are absolutely healthy unless they have had their children examined from time to time by a competent physician. The representatives of the state board of health who are at work in the county, urge that parents who do not bring their children to the free examinations in the county, take their children to their family physician and ask for such an examination.

Today, the children of Wabash township were being examined at Geneva. Tomorrow, the Hartford township children will be examined at the Hartford township central school building. On Saturday, the children of Linn Grove will be examined at the Linn Grove school building.

The leading peony growers are of the opinion that from the present time to June 12 will find the peonies at their best. The gardens at Van Wert, both private and commercial are open without charge to all who care to inspect them. Van Wert is known far and wide as the home of beautiful peonies. The gardens offer a beautiful sight, with all colors and varieties of peonies in bloom.

Berne Bible School Has An Enrollment Of 372

Berne, June 2.—The Summer Vacation Bible School opened here Tuesday morning with an enrollment of 369 children. New enrollments since that time have swollen the total to 372. Owing to the large number of children enrolled, it was necessary to employ more teachers and to secure larger quarters, and the budget increased to \$890, which is \$75 more than last year's budget.

CORN MARKET SPORTS UPWARD

Prices Advance To Highest Point In More Than Two Years Today

Chicago, June 2.—(UP)—The corn market continued skyrocketing in the opening hour on the Chicago board of trade today and prices advanced 1 to 2 cents to the highest point in more than two years. July sold at \$1.05½ and Sept. at \$1.09.

Since April 16 corn prices have risen 30½ cents, the most sensational spurt the corn market has known in years.

Unfavorable reports from the corn growing areas are responsible for the strength in board dealings. Iowa, the largest corn-producing area in the world, has only 75 per cent of normal areas planted and continued heavy rains in practically all of the corn belt has resulted in poor germination.
