COOLIDGE TO TOUR DAKOTA

(CONTINUED FROM PAGE ONE)

here say he can do nothing more than work for the President and they believe that if Norbeck is for Coolidge then South Dakota will be for Coolidge.

Even if Mr. Coolidge had no political motive in view when he elected the Black Hills for his summer white house, he has rapid political fruits. Prominent citizens from all parts of the state, who frankly expressed their doubts before his arrival, agree that his presence here has resulted in change of sentiment favorable to the chief executive.

His visits throughout the state are expected to solidify this sentiment and bind the state against any threatened farm insurrection.

APPOINTMENT OF ADMINISTRATOR

NOTICE OF PUBLIC LETTING

Notice is hereby given that the Board of Commissioners of Adams County, Indiana, will receive bids for the construction of a macadamized road in Preble township, in said county known as the Keeneland Macadam Road, up and until 10 o'clock A. M. on Tuesday, the 5th day of July 1927 at the regular meeting of said board held in the city of Decatur, Adams County, Indiana. Sealed bids will be received for the construction of said road in accordance with the plans, specifications and report of the viewers and engineer, which are now on file in the auditor's office of said county, said road will be built of crushed stone.

A check must accompany each bid in twice the amount of the bid filed, conditioned on the faithful performance of said work, and that the bidder, if awarded the contract, will enter into contract therefor, and complete same according to such contract, and in accordance with the bond filed. All bids shall be made so as to give the amount for which said road will be constructed for cash, payable on estimates to be made by engineer in charge not to exceed eighty per cent of any one estimate, out of the funds to be hereinafter raised by the sale of bonds as required by law.

The board of commissioners reserves the right to reject any or all bids.
MARTIN JABERS, Auditor
Adams County, Indiana.

COURT HOUSE

Decision Is Affirmed

The decision of the Adams circuit court in the case of Edward Fennig vs. the Linn Grove Light and Power company has been affirmed by the appellate court of Indiana. The decision of the appellate court was received by the clerk of the circuit court here today. Mr. Fennig received a judgment for \$4,000 in the Adams circuit court in January, 1925. He had brought suit against the Linn Grove company for personal injuries sustained when he came in contact with an uninsulated electric wire belonging to the light and power company, while engaged in moving a house along a highway near Berne. The light and power company appealed the case to the appellate court.

Former Mayor Returned To Indiana City For Trial

Princeton, Ind., June 21.—(United Press)—Former Mayor Charles Niemier, of this city, was brought back from Detroit today by Sheriff Sylvester Summers to face grand jury indictments charging embezzlement of city funds.

Niemier, who was arrested by Detroit authorities Sunday after a 19 weeks nation-wide search for him, returned to Indiana willing and without handcuffs. He declares that he is the victim of a "political frameup" and is innocent of any crime.

Sheriff Summers paid Detroit authorities a \$500 reward for the former mayor's capture and declared before leaving that city that Niemier's arrest would result in a "big political upheaval" when details of his administration were laid bare at his trial.

Record Class Graduated

Princeton, N. J., June 21.—(United Press)—The largest class in history was graduated today from Princeton University, degrees being awarded to 449 graduates.

LUTHERANS WILL ENLARGE HOSPITAL

(CONTINUED FROM PAGE ONE)

dency of the central district of the Missouri Lutheran synod now lies between the Rev. J. D. Mathius, of Indianapolis, incumbent, and the Rev. Walter Lichtsinn, of Hammond, following the vote held Monday by the 600 official delegates attending the six-day conference convention being held at Concordia college by pastors, teachers and laymen. Three men were nominated for the presidency, the Rev. P. O. Kleinhaus being eliminated on the ballot held Monday.

Other business of the afternoon consisted of a report by J. C. Trier, treasurer of the district, a report by the chairman of the finance board, a report by the executive committee on the synod's budget, and reports by the mission board. The Rev. Frederick Potenhauer, of Chicago, president of the Missouri synod, continued his report on the different phases of the synod's work during the past two years.

Discussion of theological and dogmatical questions received the attention of the conference at the morning session Monday. The theme for the discussion in German was "The State of the Humiliation and the Exaltation of Christ." The discussion on this subject was led by Prof. E. Schneider. The discussion in English on "The Relation of the Church to Civil Government," was led by the Rev. Arnold Mueller. Both themes will be discussed at the morning sessions the rest of the week, each one being given one and a quarter hours.

A layman's meeting at the college chapel at 7 o'clock and a pastoral conference at 7:30 o'clock at the Concordia Lutheran church concluded Monday's program.

The convention opened Sunday morning with services being held at the St. Paul's church. The principal speaker was Dr. Potenhauer. Practically all the pastors present took part in the communion service. The Rev. Irvin J. G. Fisher, of Aurora, Ind., gave a preparatory address. A special musical program was presented by St. Paul's mixed choir.

New Congregations Admitted

At the syndical meeting Sunday afternoon, the Rev. Mathius made his opening address and gave a report on the activities of the various offices of the synod during a period of two years. Five new congregations were received into membership upon the recommendations of the committee on constitutions, as follows:

St. Johns, Rochester, (Ind., Pastor Mader, Concordia, Cincinnati, Pastor G. H. Kase, supply pastor; Our Blessed Savior, Alexandria, Ind., Pastor O. E. Schmidt; Bethlehem, Fort Wayne, Prof. Mensing, supply pastor, and the Concordia congregation at Hessville, Ind., Pastor G. Gotterman.

COOLIDGE KEEPS CLOSE WATCH ON GENEVA PARLEY

(CONTINUED FROM PAGE ONE)

costing about \$250,000,000 will be necessary to put this country on a parity with Great Britain if the Geneva arms conference accepts the American proposal for a 300,000 maximum cruiser tonnage for the two navies.

Present American modern cruiser tonnage, built and building, is only 95,000 compared with Britain's 304,290 tons, according to latest navy department figures.

Based on the cost of two 10,000 ton U. S. cruisers under construction—about \$1,000,000 per 1,000 tons—it would cost the American taxpayers \$205,000,000 to meet the proposed treaty tonnage, plus about 20 per cent more for guns and equipment.

Britain is already building 15 cruisers of the 10,000 ton type, compared with two this country is building and the six additional for which there is only a small initial appropriation.

Under the American plan, no American destroyer or submarine construction would be required, but excess American ships of both types would be scrapped eventually to meet the proposed treaty limitations.

Most observers here predict congress will not make the full \$250,000,000 appropriation necessary for the American navy to equal Britain's present 300,000 ton modern cruiser strength, regardless of whether a Geneva treaty allots the United States a 300,000 ton paper strength.

The American plan provides a transitional period during which cruiser and destroyer totals may be grouped together, thus permitting the United States to maintain her present destroyer supremacy pending achievement of cruiser equality with Great Britain.

Officials here today, after studying official summaries of the British and Japanese plan, were hopeful the conference would result in the British and Japanese plan, were hopeful the conference would result in a treaty.

On the basic American principle of extending to auxiliary ships of the United States, Great Britain and Japan, the 5-5-3 capital ship ratio of the Washington treaty, Great Britain is favorable though the Japanese position is not yet clear.

Only Japanese refusal to accept this ratio would now block a treaty according to some officials here.

Blames Communists For Massacre At Herrin, Ill.

Fort Wayne, Ind., June 21.—(UP)—Communists organizers "promoted, fomented, and were responsible" for the Herrin Ill. massacre of 1922 Ellis Searles, editor of the United Mine Workers journal told the Indiana Exchange clubs in annual convention here. Searles said that 19 paid organizers from Communist headquarters in Chicago were sent in 1922 to Herrin and were aided by 67 Marion county Communists in a plot to seize the United Mine Workers and use the organization in an armed revolution.

The conspiring, he charged culminated in the massacre in which a score of miners were killed.

De Molays Open First State Conclave Today

Terre Haute, Ind., June 21.—(UP)—The first State conclave of De Molays got under way here today when incoming trains, busses, traction cars and automobiles brought scores of De Molays into the city.

The convention is scheduled to last two days. Sen. Arthur R. Robinson will give an address, while Louis G. Lower of Kansas City who is known as the first DeMolay, will trace the growth of the organization in his address. Ed. J. Schoonover, member Emeritus, grand council for Indiana, will also speak.

A tour of the Wabash valley, a huge street parade and dance will make up part of the program.

Fred Studler Buys Grocery At Berne

Berne, June 21.—Fred W. Studler has purchased the Central Grocery in Berne from a group of men, headed by O. N. Smith. Glenn Agler has been in charge of the store since it passed out of the sole ownership of Mr. Smith. Mr. Studler has been a merchant in Berne for several years. He is the owner of the Studler Dry Goods store here and a general store at Linn Grove.

places. Lake Taneycomo, famous summer resort of Missouri, is rising, it is reported, and heavy damage to summer cottages and nearby homes is feared. The lake rose and flooded surrounding lands once before this spring.

Sixteen Men Cling To Storm-Tossed Barges

Boston, Mass., June 21.—(United Press)—Sixteen men who spent the night clinging to wave-swept barges a mile and a half from the highland light coast guard station near here were believed at dawn today to be out of danger.

A high sea which had been running since Sunday night was still in evidence.
