PLANS MADE FOR TRAINING SCHOOL

(CONTINUED FROM PAGE ONE)

be open to any one who wishes to enroll for that work alone, but the school administration urges all prospective students to take the full three years course of training.

The prospects are favorable for even a larger enrollment this year than any preceding term, so that all who are planning to take the work are urged to be on hand at the beginning of the semester so that full credit may be given for the work.

The pastors and superintendents of the various churches and Sunday schools are asked to bring the school to the attention of the people and urge students to receive this splendid training being given in our community.

Six Inches Of Rain Fall In Hour's Time In Town In Illinois; Stream Flooded

Galesburg, Ill., Sept. 8.—(UP)—Six inches of rain fell here in a little more than an hour early today, sending Cedar Fork, the small stream which bisects the city, out of its banks, flooding the Central city water plant and causing damage estimated at \$100,000.

Galesburg was dependent today on a water supply from two St. Peters wells pumped directly into the mains, the engine room of the distribution plant being under water.

Factories and buildings located in the vicinity of the small streams were flooded and many basements through the city were filled when the storm sewers proved inadequate to carry off the rush of water.

First Evidences Of Predicted Political Storm Are Posted

Rapid City, S. D., Sept. 8.—(UP)—First evidences of the western political storm forecast to break after President Coolidge's return to Washington were publicly posted in South Dakota today.

Senator MacMaster, republican, South Dakota advocate of the McNary-Haugen farm relief bill, who has lived silently in a cabin within a mile of Mr. Coolidge all summer, issued a statement in which he warned against another presidential veto of the farm measure.

"If such a measure is vetoed again and the farmers again are denied the relief they must have, then the republican party had better sit up and take notice," MacMaster said.

Miss Bernice Nelson was a visitor in Fort Wayne today.

WHEELER'S BODY IS LAID TO REST

Noted Prohibition Leader Is Buried Beside Wife At Columbus, Ohio

Columbus, O., Sept. 8.—(UP)—The body of Wayne B. Wheeler, general counsel of the Anti-Saloon League, will be buried here today beside the grave of his wife who was burned to death four weeks ago.

Prohibition leaders and church notables will gather at the bier to pay last tributes to the man who, perhaps more than all others, wrote prohibition into the constitution.

Dr. Francis Scott McBride, general superintendent of the Anti-Saloon League, and temporary successor of Wheeler; Dr. Howard Hyde Russell, founder of the league; Dr. Ernest Cherrington, general secretary of the World League Against Alcoholism, will deliver funeral orations.

Honorary pall bearers will be Governor Vic Donahey, Ohio, former Governor Richard Yates, Illinois; Col. Patrick Henry Callahan, Louisville, and Mayor James Thomas of Columbus.

Services will be held in the Central Methodist Episcopal church at 2 p. m. Burial will be in Green Lawn cemetery.

Moves Planned To Save Harry Hill From Trial

Seattle, Wash., Sept. 8.—(UP)—Two proceedings designed to save Harry Hill from trial in Stretcher, Ill., for killing his mother were scheduled for tomorrow as the youth's father, Dr. H. C. Hill, conferred with his attorneys regarding plans to save his son.

An extradition protest filed by Hill's attorneys was to be heard in Olympia tomorrow by Gov. Roland H. Hartley. Hill was also to appear tomorrow in Judge John A. Frater's court in a habeas corpus proceeding.

Get the Habit—Trade at Home, it Pays

Elephant Hides For Dainty Women; Frog Skins Worn By Men

Paris.—(UP)—Milady now uses elephant hides for raincoats, shoes, bags and grips. A method has been found permitting to make the rough hide supple. Various hues are employed, tans and greys predominating. One raincoat of elephant hide with buttons of ivory from the tusks of the animal is selling fast.

But Milady's husband has to be content with skins of frogs as a novelty. This material is light and waterproof. The husband can carry a wallet or a cigarette case made from frog skin or he can swing a cane covered with the

same fabric. Silk butterflies are another fad which promises to be popular with American visitors. They are of sheer silk with the wings painted on. They can be fastened with a pin to a frock giving the impression of real butterflies which have just alighted. The wearing of a coat over the frock does not injure them. Several women have realized that the butterflies can be used on their shoes as buckles or as hat trimmings.

Robert Krick, who is driver of the American Railway Express truck in this city, has gone to Rochester to substitute for the Express company's agent in that city, while the latter takes two weeks vacation.
