Didn't have many flies this season
but we hand it to those that did
withstand the rain and the cold, they
sure can bite and hang on.

Arthur Gilliom has decided that he
does not "choose to run" either for
governor or United States senator
next year. Just as well perhaps.

The Yanks made it two in a row
and now look like easy winners of
the pennant and their victories so far
have not been because of any sen-
sational batting by Ruth and Gehrig.

Well, whatever we may have to say
about the early summer weather we
can't complain much about the
autumn so far. It has been wonder-
ful and the farmers appreciate it for
in many cases they are getting crops
when they scarcely expected them.

Sure lets every body plan to have
a good time on Halloween. When
the celebration was put on two years
ago the youngsters had so much fun
they didn't care to go out and see
how much property they could de-
stroy and every body had a fine time.
Why not?

Of course so long as officials of the
state sworn to enforce the laws,
violate them and give as an excuse
that the laws are not as they should
be, they will find it a very difficult
matter to make others obey. Laws
certainly are not made for only a
part of the people but for all, no dif-
ference what position of honor they
happen to hold.

The times are not as good as some
of the optimists predicted or as bad
as many pessimists declared certain.
Seems to be moving along just kind
of so-so, with those wise enough to
advise getting by in a very satis-
factory manner but with those who
don't seem to care not doing so well.
It will get better we are sure but not
so good that any one can show a
profit worth while without going
after it.

George Remus, king of the boot-
leggers, put the finishing touch to a
colorful life of sin yesterday when
he shot and killed his wife, who fol-
lowing his conviction to prison sev-
eral years ago filed suit for divorce.
Remus had been a modern sport,
made a million from the illicit sale
of liquor and lived in luxury at Cin-
cinnati. Soaked with his poisoned
"hooch" he committed murder and
the rest of his days will be spent in
prison if he escapes the electric chair,
a sorry ending to a mis-spent life.

Another very great honor has come
to Dore B. Erwin, well-known local
attorney who for years has been
active in the state lodge of the
Knights of Pythias. He has been
elected to a four year term as na-
tional delegate and in that position
will attend the meetings of the order
next year at Detroit and two years
later. Mr. Erwin served as grand
chancellor of the order for Indiana
and was chairman of the building
board which erected the Pythian home
at Lafayette recently. Five men were
chosen as delegates in the recent
meeting and Mr. Erwin received the
highest number.

The local Red Cross chapter will
make a determined and organized
effort to increase their membership to

one thousand, a worthy goal and one
which they deserve to reach. No or-
ganization in this country is more
necessary for the men and women
who devote their efforts and their
very lives to this cause are always
handing out mercy. They are first in
the field of suffering whether it be
caused by fire, or flood or war or dis-
ease. They save many lives, they
make comfortable many victims of
disaster, they take care of the needy.
They should have what they ask—
1,000 members in Adams county.

The wise men of the world predict
that we are drifting to another world
war and they see as the big reason
that certain interests benefit when
wars are on. Seems terrible that men
would be willing to make profits at
a game in which millions must risk
their lives but more than one war
has been brought about by selfish in-
terests. The brave men who fought
in the last war wish no more wars,
not because they are afraid, but be-
cause they see the uselessness and
the foolishness of it. To do this they
advocate conscription of capital and
labor as well as men and they are
right about it for if no one made any
profit from war it wouldn't last long,
perhaps never start. There is too
much difference between the man who
offers his life and the one who sits
at home and builds a business. Its
unfair and unjust.

ITCHING ECZEMA
DRIED RIGHT UP
BY THIS SULPHUR

Any breaking out of the skin, even
fiery, itching eczema, can be quickly
overcome by applying a little Men-
tho-Sulphur, says a noted skin spe-
cialist. Because of its germ de-
stroying properties, this sulphur
preparation instantly brings ease
from skin irritation, soothes and
heals the eczema right up and leaves
the skin clear and smooth.

It seldom fails to relieve the tor-
ment and disfigurement. Sufferers
from skin trouble should get a little
any good drug'st.

To Run For U. S. Senator

Indianapolis, Ind., Oct. 7.—(INS)—

Strong pressure is being exerted to
induce Meredith Nicholson, of Indian-
apolis, World famous novelist, to be-
come a candidate for the Democratic
nomination for United States Sena-
tor, the International news Service
learned today.

Nicholson, the author of "The House
of a Thousand Candles" and other pop-
ular fiction, has taken a deep interest
in the movement to purge Indiana of
political corruption. He has been prom-
inent in Democratic politics for some
time and was a victim of the Klan
Wave when he was defeated for sena-
tor several years ago.

Should Nicholson decide to enter and
succeed in the 1928 race, he would op-
pose senator Arthur R. Robinson, if
Robinson is renominated in the 1928
primary.

ship, called this morning, renewed
