

## THREE KILLED IN CROSSING CRASH

Pennsylvania Freight Train Hits Auto At Crossing In Frankton

Elwood, Ind., Nov. 2.—(UP)—A collision between a Pennsylvania railroad train and an automobile at a crossing in Frankton last night killed three persons and injured three others, one perhaps fatally. Failure of William Hughes, 55, driver of the automobile, to see the oncoming train was believed responsible. All the occupants of the automobile were from Frankton and were enroute to church.

Mrs. William Hughes, 48, wife of the driver, was killed outright; Wayne Hughes, 5, son of Mr. and Mrs. Hughes, died at Mercy hospital after the accident, and Mrs. Sarah Davis, 67, mother of Mrs. Hughes, also died at the hospital.

Hughes was in a critical condition at the hospital today and attendants said death was expected momentarily.

## WOMEN!

To nine women out of ten, this is a mighty important message. There is no longer any need for any woman to suffer any menstrual pain.

No more painful periods! A strong statement but literally true. There is seldom a particle of pain any part of the period. And this is done without narcotics. Feminex is a formula which will rank with the great medical discoveries.

Don't disregard the doctors who are urging all women to take advantage of Feminex. Nor believe all the women who say Feminex has brought them absolute freedom, complete and amazing absence of all pain! Feminex works.

Every drugstore must have Feminex by this time. It costs a quarter. Don't you think any woman who suffers much is foolish not to try it?

## Burning of Leaves

The season is here when the leaves must be taken care of. We urge every one to rake their yards now as soon as possible. If you will get the leaves out to the street, we will try our best to take care of them, hauling them away or burning them in a safe place. It is very dry and there is danger of fires so please be careful.

We are informed that fires should not be started on asphalt pavements, so please do not burn leaves on Winchester, North Second or Thirteenth streets. The best plan is to rake the leaves to the street and let the city men take care of them.

AMOS FISHER,  
Street Commissioner.

## Get Your Winter Supply of Iso-Vis Now

Is your car ready for cold weather? Now is the time to look after its oil needs.

The crankcase should be drained and flushed out with Polarine Flushing Oil. This cleansing lubricant is not expensive and there is no service charge. Flushing is important for it removes dirt and grit and particles of metal that collect in every crankcase.

Then have the motor filled up with a fresh supply of clean, new Iso-Vis of proper grade and your car will be "all set" for winter weather. You can save money by buying 5 gallons at once, having your motor filled and taking home the rest for future use.

Iso-Vis—the constant viscosity motor oil—was put on the market last winter. It became famous immediately for its extraordinary performance and has been gaining in popularity ever since.

Motorists who once try Iso-Vis are so enthusiastic they talk to their friends about it—and courteously write us letters of praise and appreciation. Here are a few extracts:

"I am getting more miles per dollar through the use of Iso-Vis"—Mr. George W. Koenig, LeMars, Iowa.

"It (Iso-Vis) was highly satisfactory in every sense and is positively the longest lived lubricant I have ever used"—Mr. J. Chris Schutz, Madison, South Dakota.

"With Iso-Vis oil in my car, the new oil shows 14 and after 500 miles it has a pressure of 15 and on draining the oil it looked too good to throw away so I put it back in the crankcase and ran it another 500 miles, and the pressure gauge varied between 15 and 16 without adding any fresh oil"—Mr. Otto Larson, Wilton, North Dakota.

The thousands of letters we receive are the best "ads" that could be written about Iso-Vis for they report actual records of it in use. Try it and see for yourself what it will do! 30c per quart.

Iso-Vis "F" for Fords.
