TO DISPLAY NEW FORD DECEMBER 2

(CONTINUED FROM PAGE ONE)

that the new Ford Car will be as far in advance of present public demand for speed, flexibility, control in traffic and economy of operation as the famous Model T was in advance of public demand when it was introduced in 1908.

Dealers have not yet been advised as to the prices at which the new Ford line will sell, but definite assurance has come from Detroit that the prices will be entirely in accord with the policy of the Ford Motor Company to provide the best possible automobile at the lowest possible price.

Elaborate arrangements are being made for the public reception here. City officials and prominent business men of Decatur and vicinity have been invited and preparations have been made to give every caller at the show a thorough understanding of this car which is expected to make a new chapter in automobile history.

Blood Hound Chase At Asphalt Meeting

Atlanta, Ga., —(UP)—The latest novelty to entertain delegates to a convention will be perpetrated here Dec. 1 during the annual meeting of the Asphalt Paving Association conference which begins tomorrow.

The program of the organization announces a blood hound chase and convict capture will take place following a barbecue and inspection of the Fulton County Convict camp.

Among the other attractions at the conference will be a golf match between Bobby Jones and Watts Gunn.

Two governors are slated to speak at the convention: Governor Hardman of Georgia and Dick Graver, chief executive of Alabama.

The convention will bring here several hundred delegates, from nearly every state. Among the speakers who will discuss technical subjects will be H. W. Skidmore, president of the Association of Asphalt Paving Technologists and Thomas H. MacDonald, director of the U. S. Bureau of Public Roads.

Red Troops In China Massacre Hundreds

Hongkong, Nov. 28.—(UP)—Refugees arriving in Hongkong today from the Hailung and Lukfung districts in southeastern Kwangtung told stories of wholesale massacres by Red troops. They said more than 800 persons had been put to death in one small town.

The Roman Catholic bishop of Hongkong described a ghastly procession in which he said the heads of victims were carried from one city to another.

This bishop said that a distinguished Chinese scholar was killed—but before his life was taken his nose was cut off, his ears were pierced with rope, and he was led in a procession by the rope.

Coolidge To Address Republican Editors

Indianapolis, Nov. 28.—(UP)—President Calvin Coolidge and Will R. Wood, tenth district representative in congress will be the principal speakers at the Golden Jubilee Home-Coming banquet of the Indiana Republican Editorial Association March 9, 1928, if they accept invitations to be sent them soon by association officers. Plans for the celebration were formulated yesterday at a meeting here of association officers, executive committee and district chairmen at which a resolution favoring the invitations to Coolidge and Wood were adopted.

The Golden Jubilee program will continue two days, opening March 8. The invitation to President Coolidge will be extended sometime in January.

Trains Crash, Killing Six

Toronto, Ont., Nov. 28.—(INS)—Six persons dead and more than forty seriously injured was the toll today of a terrific head-on collision between the Montreal-Chicago flyer of the Canadian Pacific line and a heavy laden freight train just outside Enterprise, Ont., late yesterday.

One Man Killed In Roadhouse Holdup

Gary, Ind., Nov. 28.—(INS)—Howe Lowrey, 19, colored porter, was shot to death and three other persons were held up by four armed, masked bandits who made a raid on Sunset Inn, on Dunes Highway, alleged gambling house.

The four bandits swept into the inn early in the morning, with drawn guns, and proceeded with a "wild west" holdup. Lowrey was shot through the heart in his room on the second floor when he attempted to resist a robber who entered.

Birds of One Family

The biological survey says that bull bat is a common name for the night hawk. The whippoorwill belongs to the same family, but is found only in and around dense timber, while the night hawk is a bird of the open, ordinarily seen flying over cities. The night hawk is conspicuous in having a wide white patch on its lower wings, while the wings of the whippoorwill are much shorter and have a light buffy patch.

FRANCE NOT ONLY COUNTRY TO PROTEST U. S. TARIFF POLICY

Washington, Nov. 28.—(INS)—At least nine countries have since 1922 lodged protest with the State Department against the American tariff policy, although France has been the only one of these to translate its protest into definite retaliatory action.

Most of the complaints have arisen from what the foreign governments have termed the stringent provisions of the Ford-McCumber Act. When France decided to apply its maximum duties to certain American goods, Par is explained frankly that this was done in protest against the high rates imposed on French and other goods by the Fordney tariff. The French action led to an open dispute with the United States and Paris has since agreed to suspend temporarily at least the maximum rates on American products.

Swedish, Dutch and British notes were received in Washington almost immediately after the Fordney-McCumber bill became law, and all of them protested against the high duties contained in that law. Spain and Italy thought American unfair in raising the tariff on olive oil and walnuts, while Canada cancelled a modus vivendi under which American fishing vessels were permitted to use Canadian ports to discharge cargoes and obtain bait. The Ottawa Government contended that the tariff on Canadian halibut was too high under the 1922 schedule.

Spain has postponed negotiations on a commercial treaty with this country as a protest against a projected investigation into the cost of producing Spanish onions, while Argentina flatly refused to permit the Tariff Commission agents to inquire into flax-seed and corn production costs.

Embargos on foreign plants and animals have also raised a storm of protest. These prohibitive measures have been taken to keep injurious insects and plant and animal diseases out of the United States.

LARGE CROWD HEARS RABBI

(CONTINUED FROM PAGE ONE)

world would only come to believe this thing that race hatred would cease and that every race would find its useful place in the plan of God.

That nations would no longer war upon one another and that the stronger would succor the weak and make it strong. That the time must come when strong nations must see how much they can do for the weaker one instead of how much they can take from the weak because that nation is helpless.

He cited the United States of America as the one example where men and women of different nationalities live together in peace. Where each one is finding his or her place. He declared that he believed that God had ordained example until all nations every where would see and follow.

Listings of Public Sales will be published Free of charge in this column for those who advertise their sale in the Decatur Daily Democrat. With a daily circulation of 3,300, the Daily Democrat reaches those who wish to buy or sell.

Dec. 29—L. T. Sheehan, 1 1/2 miles east of Monroeville.

A CLEAR COMPLEXION

Ruddy cheeks—sparkling eyes—most women can have. Dr. F. M. Edwards for 20 years treated scores of women for liver and bowel ailments. During these years he gave his patients a substitute for calomel made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. Know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system. If you have a pale face, yellow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results. Thousands of women and men take Dr. Edwards' Olive Tablets—now and then to keep fit. 15c, 30c and 60c.

CHRISTMAS MAIL TO COST U. S. \$9,000,000

Washington, Nov. 28.—(INS)—The United States government will play the role of Santa Clause to the tune of about \$9,000,000 this Christmas season, in that it will cost the Government approximately that amount above and beyond ordinary expenses of running the mail service to handle the 1927 Christmas mail.

This figure is based upon compilations of similar additional expenditures for previous year, with due allowance for the usual normal increase.

Last year the Post Office Department disbursed \$8,688,215 for additional service to take care of the extra volume of Christmas mail that poured in to the vast postal machine from every possible source. Most of this amount was expended for salaries of additional employees.

Figures for the additional income resulting from the Christmas mail rate were not announced.

Get the Habit—Trade at Home, it Pays
