GILLIOM'S FOES CONTINUE FIGHT

North Manchester, Ind., Feb. 9 (UP)—The Indiana Anti-Saloon league having taken Attorney General Arthur L. Gilliom to task at its recent day convention in Indianapolis, is continuing its fight against him at local gatherings.

The attorney general was the chief personality under discussion at a recent meeting here although Dr. E. S. Shumaker, superintendent of the league was praised for his work.

A report by Fred Rohrer, editor of the Berne Witness, on Gilliom's activities during the local option fight in the state was given prominence.

Indiana Man Goes On Trial For Killing Cousin

Bloomington, Ind., Feb. 9—(UP)—Raymond Stephens was to go on trial in Monroe circuit court today on a charge of killing his cousin, James Stephens.

The dead man, known as "Big Jim" Stephens, died last October 8, from loss of blood after several arteries had been cut in a fight. A knife was wielded during what authorities said was a drinking party.

Deputy Sheriffs And Prisoners Still Missing

Lafayette, Ind., Feb. 9.—(UP)—The whereabouts of John P. Grove and Wallace McClure, Tippecanoe county deputy sheriffs, and their prisoners, Samuel Baxter and John Burns, who left here at 6 a. m., Tuesday for the state reformatory, remained unknown today.

Fifteen possees spent a day of fruitless searching yesterday, with Lieut. Ralph Fisher, of the state police, and M. Johnston, sheriff of this county. The only clue found at Monroe, 12 miles east of here, on state road 52, where a machine answering the description of the car in which the party left Lafayette, passed through the village between 6:20 and 6:30 a. m. Tuesday.

Possees from the American Legion post, Clarks Hills, Raub and Romney renewed the search today.

Cal E. Peterson visited in Fort Wayne last evening.

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache; no hawking, snuffling, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly.

It is just what every cold and catarrh sufferer needs. Don't stay stuffed up and miserable.

of the defense of Governor Ed Jackson who is on trial in Marion criminal court on the charge of conspiring to bribe former Governor Warren T. McCray in 1923.

This was indicated at the opening of the second day of the hearing today by the questioning followed by the governor's attorneys in examining prospective jurors.

Associate Defense Counsel Silas C. Kivett, who resumed the interrogation of the talesmen sought to learn the attitude of every man in the jury box toward the statute of limitations. Kivett explained to the talesmen that the purpose of the statute of limitations was "to protect persons against stale claims and lapse of memory."

Income Tax Claim Against Charlie Chaplin Settled

Washington, Feb. 9.—(UP)—The government's claim against Charlie Chaplin, famous film comedian, for more than \$1,000,000 back taxes has been settled out of court.

The internal revenue bureau of the treasury announced today that the movie star and government attorneys had compromised the amount involved, satisfactorily to both sides.

Chaplin became entangled with the government's tax collection officials last year, just as he was having difficulties with his wife, Lita Gray Chaplin. The government attached his bank account to assure payment of the back taxes.

Officials refused to divulge details of the compromise.

Taylorville Woman Shot In Leg; Sheriff Investigates

Terre Haute, Ind., Feb. 9.—(INS)—Sheriff Ray Foncannon today was investigating the shooting of Mrs. Della Pinnell, 41, of Taylorville. She was hit in the right leg near the knee by a bullet said to have been fired by Enos Hurst, of Chrisman, Ill., a married man, who has been lodged in jail.

Mrs. Pinnell told the sheriff that she was in her one-room cottage near here when she heard some shots fired. Four bullets tore into her home and one of them hit her.

President Of Crimean Republic Is Arrested

Riga, Feb. 9.—(INS)—M. Ibrahimoff, president of the Crimean autonomous soviet republic, was arrested by soviet authorities today charged with wilful, premeditated murder.

The official statement, however, did not indicate the nature of the crime.

PIONEER WORKER FOR RADIO STILL STUDIES

By John O'Brien
UP Staff Correspondent

Paris.—(UP)—In a dusty, cobwebby laboratory, with wobbly chairs and dingy tables, motheaten curtains on the windows, a newspaperman found Edouard Branly, the 87-year-old scientist whose invention of the radio-conductor brought wireless out of the dream stage into practical use.

On the tables were rusty knives, mysterious clock-like wheels and springs. Dynamos hummed in corners. Flies buzzed on the window panes. Sitting near an ancient stove, bending over a schoolboy's notebook, in which he was writing with a two-cent pen, was the man whose labors have brought untold millions to many exploiters of his discoveries. His workshop looked like a piecemeal repair shop.

"Why, right here," said M. Branly in reply to a question about his discovery of the radio-conductor. "It was on this very table that I placed the galvanometer and the metal filings. The 'spark' was in the courtyard down below. That was in 1890. I had been working on the idea for years. Here it came to full fruition."

M. Branly has never had the advantages of state or private subsidies for his work. He makes all his tools with his own hands. He is his own electrician, carpenter, locksmith, designer, chemist and mechanic.

It was as a professor of science in the lycées of Paris that Edouard Branly started his career. He became head of the research bureau of the Sorbonne in 1872 and left the university three years later to become professor at the newly founded Catholic University. He did not earn enough there to make both ends meet and, as he had received a degree in

IF BACK HURTS BEGIN ON SALTS

Flush Your Kidneys Occasionally by Drinking Quarts of Good Water

No man or woman can make a mistake by flushing the kidneys occasionally, says a well-known authority. Too much rich food creates acids which clog the kidney pores so that they sluggishly filter or strain only part of the waste and poisons from the blood. Then you get sick. Rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders often come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, or attended by a sensation of scalding, begin to drink soft water in quantities; also get about four ounces of Jad Salts from any reliable pharmacy and take before breakfast for a few days and your kidneys may then act fine.

This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush clogged kidneys and stimulate them to activity; also to help neutralize the acids in the system so they no longer cause irritation, thus often relieving bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, which every one can take now and then to help keep the kidneys clean and the blood pure, thereby often preventing serious kidney complications.

Discharged Clerk "Gets Even" By Robbing Store

By John O'Brien
UP Staff Correspondent

Reu, Indiana, Feb. 9.—(UP)—Arthur Johns, 27, and married, "got even" with his employers for laying him off by entering their department store and robbing it of \$1,000 January 12, five days after his release.

He admitted the burglary before Judge Hurd Hurst here and was sentenced to one to ten years in the state reformatory.

The Frank Dalley meeting at Bluffton has been postponed to March 6, that being the first available date for Mr. Dalley.

Birth Rate In England In 1927 Lowest In Years

London.—(INS)—The birth-rate for England and Wales in 1927 was the lowest in years, it is revealed in the official report which has just been issued.

The actual rate per 1,000 of the population was only 16.7 as compared to 17.8 in 1926 and 17.7 in 1918, hitherto the lowest figure recorded. For London alone, the rate per 1,000 was only 16.1.
