RADIO PROGRAM
AT H. S. CHAPEL
 The students of the public high school enjoyed an interesting Chapel program beginning at 8:15 o'clock this morning. Rev. Fledderjohann gave a talk on the life of Abraham Lincoln as the first feature of the program. At nine o'clock, through the courtesy of Chas. Knapp, dealer in radios, a radio was brought out on the auditorium platform, and an hour's program of music was enjoyed, by the New York Symphony Orchestra, with Walter Damrosch leading. The music was very clear and audible over the entire large assembly. There was no static to mar the reception and the students gave the entire program their undivided interest. Miss Dessolet Chester announced each number in turn as it was played by the orchestra and gave the name of the author. The program rendered was as follows:
 1. "Overture" by Rossini.
 2. "Romance" from "Symphony in E Minor"—Schumann
 3. "Entrance of the Little Fauns"—Pierne
 4. "Flight of the Bumble-bees."
 5. "March Militaire"—Schubert.
 One week from today, the pupils will again have the privilege of listening in to a New York Symphony concert.

OVERWEIGHT

Overweight is dangerous—not only in itself, but as a condition indicating certain organic diseases. That's why insurance companies bar people of marked overweight. If you want to keep your weight at a safe figure, watch your diet, and above all, your liver!
 A sluggish liver lets the system fill with poisons formed in food waste, and this toxic condition is a common cause of overweight. The liver needs a little help occasionally, especially after the age of 35, and there's nothing better for this, as doctors agree, than a little ox gall. Ox gall is a splendid natural stimulant for the liver, promoting its normal functioning, so essential to real health.
 Dioxol tablets are genuine ox gall in dainty and tasteless form, each tablet representing 10 drops of pure ox gall. They cost less than 2c each at good druggists, and a few prove a revelation. To be sure of getting the genuine ox gall, ask for Dioxol.
