INDIANA DOWNS PURDUE 40 TO 37

Big Ten Race Tightens With Important Games Carded This Week

Chicago, Feb. 20—(INS)—It was left to Indiana to reopen the big ten basketball race and give the added starters another run for their money. This interesting event occurred at Bloomington Saturday night when the Hoosiers rose to mighty heights to hand the pace-setting Purdue quietest their first defeat of the season. The score was 40 to 37.
It was the second cage duel of the current season between these rival Indiana schools. The Boilermakers managed to nose out in front on their own floor, but they couldn't make the grade in the enemy's camp. This defeat drops Purdue into a tie with Wisconsin for first place. Each team has won five games and lost one.
Northwestern kept within striking distance of the lead by beating Minnesota Saturday night. The score was 41 to 36. In the only other conference game played Saturday, Wisconsin defeated Ohio State, 21 to 18, at Madison.
Indiana and Northwestern are now tied, with six games won and two lost, for second place. Michigan is third with four victories and three defeats.
Two championship games are scheduled for tonight. The bell ringer of this pair should be the Michigan-Purdue tilt at Lafayette. The other game brings together Wisconsin and Iowa at Iowa City.

COLDS THAT DEVELOP INTO PNEUMONIA

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.
Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.
Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. (adv.)
