PROGRAM FOR SENIOR LEAGUE

An especially interesting program has been arranged for the meeting of the Senior Epworth League of the First Methodist Church, Sunday evening, beginning at 6 o'clock, under the leadership of Miss Dorothy Walters. Lantern slides of scenes in India will be given and these pictures will be accompanied by a lecture given by Mrs. R. D. Myers. Special music will consist of a vocal solo by Sara Jane Kaufman and an instrumental duet by Misses Marcella and Doris Nelson.

METHODIST CHOIR

SURPRISES NEWLYWEDS
Members of the Methodist choir and their wives and husbands called, Friday evening, at six o'clock, on Mr. and Mrs. Edgar Wicks, newlyweds of Thursday evening, and tendered them a delightful surprise. The visitors carried with them well-filled baskets and a most delicious supper was enjoyed. After the supper, the evening was spent in social visitation and singing. Those enjoying the supper included: Mr. and Mrs. Edgar Wicks, Mr. and Mrs. Dan Tyndall and daughters Mary Kathryn and Anna Jane, Rev. and Mrs. Ross W. Stokes, Mr. and Mrs. Chas. Colter, Mr. and Mrs. Ben DeVor, Mr. and Mrs. C. L. Walters, Mr. and Mrs. Alva Nichols, Dr. and Mrs. J. Q. Neptune, Mr. and Mrs. Ed Beery, Mr. and Mrs. Wilson Beery, Mr. and Mrs. Alva Lawson, Mr. and Mrs. Dan Sprang, Miss Catherine Dixon, Miss Dorothy Walters, Mrs. Cecil Moser, Miss Maggie Peoples and Mr. Sam Peoples.

The W.C.T.U. will meet Tuesday afternoon at two o'clock at the library. A good attendance is urged.

Mrs. James Arnold, Mrs. Dick Boch, and Mrs. Frank Barthel will be hostesses to the members of the St. Vincent de Paul Society and their guests, Wednesday afternoon, February 29, at two-thirty o'clock in the K. of C. parlors. The attendance of all members is requested as new plans will be made for the charities will be discussed.

All members of the degree staff of Pythian Sister Lodge will meet for practice Monday evening at seven o'clock. This practice will be held to get in readiness for inspection and all members of the staff are urged to be present.

ENTERTAINED AT BIRTHDAY DINNER

Dr. J. S. Coverdale was pleasantly surprised, Thursday noon, when he found himself guest of honor at a noon-day dinner in celebration of his 79th birthday anniversary. The dinner was given by Mrs. Earl Coverdale. A large birthday cake graced the center of the table. Covers at dinner were laid for Dr. J. S. Coverdale, Mr. and Mrs. Al Burge, Mrs. Bertha Ellis, Dr. and Mrs. Earl Coverdale and daughter Mary Madeline.

The Union Township Woman's club will meet with Mrs. C. D. Spuller, Wednesday afternoon, at 1:30 o'clock. Members and visitors are urged to attend. This program will be given: Music, roll call, questions or suggestions on correct table etiquette, business, demonstration—how to lay a table correctly, by Miss Marylynne Wherry; contest, led by Mrs. C. D. Spuller.

SOFT COAL MEN PLAN A SECOND MEET THIS YEAR

International Conference Being Arranged For November 19, 1928

Pittsburgh.—(INS)—The international conference on bituminous coal, held under the auspices of the Carnegie Institute of Technology, is such a gigantic enterprise that preparations have been begun already for the second conference, despite the fact that it is not to convene until November 19, 1928, nearly eight months hence. To formulate plans for the conference, Dr. Thomas S. Baker, president of the Carnegie Institute, has departed for Europe for a tour of England and the countries of the continent. His purpose is to confer with experts over there concerning the various phases of the conference.

The first conference, held here last year, was declared one of the most

important achievements in the history of bituminous, from a technical and scientific viewpoint.

Conference Aims
The conference aims at the maximum development of the uses and possibilities of bituminous. Discussion and exploitation of research work in the industry is one of the main themes. Experts of nearly all countries in the world report the strides made by science in establishing new by-products and uses of soft coal, declared to have more components than any other natural product of the earth.

The interchange of new facts and theories about bituminous coal provides a solid foundation that is expected to result in more rapid progress toward accomplishment of all benefits possible from soft coal.

The Carnegie Institute of Technology is well-equipped to handle an affair of such magnitude. Its institutions are located in the heart of the richest bituminous region in the world and ranks among the foremost technical schools in the world.

Fine Cooperation
In addition, the finest cooperation available is furnished by the United States government through its Pittsburgh Bureau of Mines, the largest and best-equipped mine bureau in the United States. Its representatives

transfer to the conference the latest ideas in safety-first mining, first aid and other mine technical data.

Political economies and partisan discussions have no part in the conference.

DECATUR H. S. NOTES

...by...
ROBERT HELLER

Mr. Patrick, a chiropodist, gave an interesting talk to the pupils Tuesday on the care of the feet. He pointed out the structure of the foot, showing how wrong shoes and habits injure it. He also gave the causes and effects of broken arches. Mr. Patrick made the statement that he had personally examined 45,000 people in the past year. He also said: "I will venture to say that out of this high 'not more than one or two persons have perfect feet.' Mr. Patrick cautioned the girls not to wear high heeled shoes one day and low the next.

Begin Practice For Contests
Practices have begun for the county music contest. Parts for the quartet an solos were given out Thursday. As there are only two weeks left every opportunity for practice is being taken.

Get the Habit—Trade at Home, it Pays

Radio Loud Speaker Is Heard Four Miles

London.—(INS)—A new radio loud speaker, described as having greater volume than that which was used to hurl music across the Hudson River from New York to New Jersey, has made its appearance here.

The speaker is claimed by its patentees to have a range of more than four miles. When running at full power in the office of its makers, listeners had to put cotton in their ears to escape from being deafened.

Noses Needn't Shine Any More

when you use this new wonderful French Process Face Powder called MELLO-GLO. Keeps that ugly shine away. Women rave over its superior purity and quality. Stays on longer—skin looks like a peach—keeps complexion youthful—prevents large pores. Get a box of MELLO-GLO Face Powder today. The Holthouse Drug Company.

Mrs. David Archer of route nine, and Mrs. Lizzie Abell of route four, were Saturday visitors in Decatur.

GIRLS, GOOD HEALTH MAKES YOU ATTRACTIVE TO MEN

Get the Habit—Trade at Home, it Pays

Personals

Miss Gladys Graham, teacher in the Anderson high school, arrived home Friday evening, for an over Sunday visit with her parents Mr. and Mrs. L. A. Graham, North Fourth street.

Miss Veronica Anker, teacher in the Plymouth schools, is visiting over the week-end at the rparental home in this city.

Mrs. Rose Brockie and son John, of New Bremen Ohio, and Mrs. George Geyer of LaFountain are guests over the week-end at the C. E. Bell residence.

"What looks suspicious t' me is that prices allus o' up over night instead o' 'n' daytime," complained the Soles t'day. Tell Binkley has just returned from a 750-mile auto trip, an' th' only bad luck he had wuz havin' t' stay over night at a country hotel. — Abe Martin, Indianapolis News.

COURT HOUSE

Estates Opened

Letters of administration have been issued to John Keller in the estate of Samuel Frank. He filed bond in the sum of \$800.

Letters of administration have been issued to C. L. Walters in the estate of Floyd Gephart. He filed bond in the sum of \$200.

NEW HANDBAGS TO BE MORE ATTRACTIVE

By Alice Langellier
(I. N. S. Staff Correspondent)

Paris.—(INS)—New handbags will be especially attractive to spring and summer tourists for they have delightful little Parisian schemes worked out in a great number of stitches. They are finely embroidered in colors on night satin and faille backgrounds. The old Elizabethan knot stitch has been revived for many of them and others are so well done that only the touch convinces one that it is actual embroidery and not the point of a pen.

There are bits of Versailles with its masses of colored flowers and dainty statines lining the avenues of the forest. Sacre Coeur stands up against a clouded sky and will be a joy to all those who have had the good luck to stand up on the Butte and look over Paris at dusk.

Leather is undoubtedly more popular than silk for handbags because it is more serviceable, maintains its shape longer and in many instances, does not spot.

A new leather shopping bag has jewelled clasps in the center of the frame which are so arranged that each of the three connected sections can be opened separately while the other two are closed. A stiff leather shopping-bag which is flat when carried has a piece of soft leather at the bottom folded in, which, when stretched out to make a base, allows the bag to stand upright.

A new bag suitable for practically every occasion, is being made of broadcloth and comes in twenty four different shades so that a color may be found for almost every costume in this day of ensembles. This bag follows the style of the new frocks which calls for flounces and overskirts. It is almost square, a trifle longer than it is wide, and comes in antelope with marcasite clasps.

Slingshot Days

The country boy who uses a slingshot to knock some unwary sparrow off a limb has little thought that he is practicing one of mankind's earliest arts. Not alone is the story of David an instance. There were long centuries of the Stone age when slung pebbles formed man's most effective weapon—his only weapon, it is probable—in the chase of that considerable fraction of his animal food which had to be captured awing.

Stomach Upset? Try This Treatment
Why suffer with an "angry" upset stomach? Get a box of Chamberlain's Tablets, and in a few days your stomach will be back to normal. A sensible treatment for upset stomach, gas-pains, biliousness, indigestion and constipation. Fifty and 25-cent pocket sizes at druggists. For free sample, write Chamberlain Medicine Co., 509 6th Avenue, Des Moines, Iowa.

CHAMBERLAIN'S TABLETS "Help You Stay Well"

PERFORMANCE as different as the car itself

Were greater beauty their only advantage, the new engineering principles of Dodge Brothers Victory Six would still be revolutionary.

Were greater safety The Victory's only advantage, it would still command the gratitude of a life-loving world.

Were greater economy its paramount feature, the fact would still remain that The Victory has made possible 21 miles per gallon at 25 miles per hour FOR A SIX.

But these are incidental to the basic Victory achievement.

You must DRIVE the car to know about that!

You must take a corner faster than you ought, a cobble pavement faster than you thought, before The Victory secret begins to reveal itself.

And you must unleash the full, sustained speed of the car before the idea takes full hold!

Victory design is unlike that of any other vehicle in the world—and Victory performance is equally radical and remarkable.

To examine the one and experience the other will prove an event that we urge you not to postpone.
