judges in the state test.

Mary Madeline Coverdale, who won the Adams county contest, is a pupil in the Central school, Decatur, while Ivan W. Moser, 14, who won second, is a pupil in the Bernie school. Several of the contestants who had excellent papers, failed to observe the rules and could not be considered. For instance, one of the best essays was written on both sides of the sheet of paper and could not be forwarded.

The winning essays are very good and those in charge of the contest here believe the winners have a splendid chance to receive further honors in the district and state. Miss Coverdale is the daughter of Dr. and Mrs. E. G. Coverdale.

Blame Love Plays As

Injurious To Morals;

Japanese Declare Ban

Tokyo.—(INS)—Plays portraying illicit love are injurious to the morals of Japan, if not to New York, so the Tokyo police have forbidden the production here of "Desire Under the Elms" Eugene O'Neill's drama of New England farm life. The play was to have been presented here by the New Drama Association, an organization of Japanese interested in the modern stage.

Japanese actors had been selected to impersonate the horny-handed, nasal-tongued Yankees and rehearsals had been in progress for several weeks when police, after reading the script submitted by the producers, put down the ban.

FRANKLIN ROAD MAP COMPLETED

New Map Of Benjamin Franklin Highway Received By Daily Democrat

A new map of the National Benjamin Franklin Highway, which passes through Decatur and which is reputed to be the shortest and best transcontinental route, has been received by the Daily Democrat from the national headquarters of the Benjamin Franklin Highway Association, in Indiana, Pennsylvania. The terminus of the highway are at Atlantic City and San Francisco and the distance covered is 3,179 miles. The road has the best grades and least curves of any of the transcontinental roads and avoids the congested sections of large cities.

Great benefit will be derived by the communities through which the road passes and with the earnest cooperation on the part of the towns and cities along the route, this highway can be made the greatest and most outstanding in the country, the one over which most of the long distance traffic will be routed.

More than twelve million autos will tour the highways during the 1928 season and more than a billion dollars will be spent by tourists while on these trips. This is "Big Business" and the town or city that is not preparing to take care of its share of this trade is surely overlooking a golden opportunity.

The National Benjamin Franklin Highway Association is composed of

DRINK WATER

IF BACK OR

KIDNEYS HURT

Begin Taking Salts If You

Feel Backache or Have

Bladder Weakness

Too much rich food forms acids which excite and overwork the kidneys in their efforts to filter it from the system. Flush the kidneys occasionally to relieve them like you relieve the bowels, removing acids, a dull misery in the kidney region, waste and poison, else you may feel sharp pains in the back or sick headache, dizziness, the stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, the channels often get irritated, obliging one to get up two or three times during the night.

To help neutralize these irritating acids and flush off the body's urinous waste, begin drinking water. Also get about four ounces of Jad Salts from any pharmacy, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine and bladder disorders disappear.

This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive and makes a delightful effervescent lithia-water drink which millions of men and women take now and then to help prevent serious kidney and bladder disorders. By all means, drink lots of good water every day.

Woman's 12 Grandchildren Help Her Celebrate Her Twenty-third Birthday

Chicago (INS) Her twelve grandchildren today helped Mrs. Caroline Zigahn to celebrate her twenty-third birthday. She is in reality 96 years old, but having been born on this odd day that comes once every four years, she has had but 23 birthdays. Since 1900 was not a leap year, Mrs. Zigahn and others sharing her birthday had to go eight years without a birthday celebration.

Short Talks by Thoughtful Mothers

A New England Mother says, "Our children are very susceptible to coughs and colds. Being located some distance from town, we felt the need of a good dependable cough medicine, and when our druggist recommended Foley's Kidney and Bladder Pills as the best in his judgment, I was glad. For coughs, croup, whooping-cough, troublesome night coughs, bronchial coughs, we have tried it time and again, always with complete satisfaction." Sold Everywhere.
