

MUCH FURNITURE MADE IN INDIANA

Indianapolis, Ind., April 4 — (INS) — Indiana is outstanding in the manufacture of furniture, William H. Wilson asserted. "The Hoosier state stands third in the value of furniture manufactured. It is the birthplace of the kitchen cabinet and the center of that branch of the industry. Queer as it sounds Indiana stands first in the manufacture of cedar chests."

The tonnage of furniture shipped from Indiana is greater than that from any other state in the Union. Wilson asserted. "The Hoosier state stands third in the value of furniture manufactured. It is the birthplace of the kitchen cabinet and the center of that branch of the industry. Queer as it sounds Indiana stands first in the manufacture of cedar chests."

Indiana also has the largest bedroom and dining room furniture factory in this country, ranks third in the manufacture of bed room furniture and fifth in the number of furniture manufacturers, he added.

"Indiana men have contributed largely to the development of the industry," Wilson continued. "Lawrence H. Whitling, of Peru, led in the move to establish the American Furniture Mart, the largest commercial building in the world, covering 42 acres of floor space and used by 764 manufacturers to display their products to the retail dealers."

"Indiana has 216 manufacturers and 117 of them take advantage of the Mart for display," Wilson continued.

Hoosiers stand out on the board of control of the gigantic display room Wilson said, six of its 22 members hail from Indiana. They are J. W. Caswell, Huntington; Lee Endres, Rushville; J. B. Hamilton, Shelbyville; Oscar Klamer, Evansville; John Madden, Indianapolis; and Edward Showers, Bloomington.

A CLEAR COMPLEXION

Ruddy cheeks—sparkling eyes—most women can have. Dr. F. M. Edwards for 20 years treated scores of women for liver and bowel ailments. During these years he gave his patients a substitute for calomel made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. Know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women and men take Dr. Edwards' Olive Tablets—now and then to keep fit. 15c, 30c and 60c.
