ique manner. He said in part: "It does not matter so much what a person says, as what he does and what he is. I will speak about a person this evening that said very little, but did much. You rarely ever hear him spoken of, yet he did something that really turned the tide of history. When Joseph went to Egypt, he filled the granaries with corn and preserved the Israelites. Joseph of Nazareth overcame all difficulties and preserved the Savior of mankind. The Bible records another Joseph, who saved the day for the Savior Jesus Christ. He occupied a very unique position. If you can imagine the United States congress and the supreme court dissolving itself into one body, the head of this body would be equal to that of Joseph of Arimathea. He was a man of political power and he was rich. Each one of the four Gospels laud his wisdom and concil. When Jesus was upon trial, he voted his conviction, although he was in the minority. Joseph was ready to stake his wealth and social standing for that, which he knew was right. Joseph openly went into the presence of Pilate and begged the body of Jesus. Pilate thought, Joseph

was dippy, but it never changed his conviction. As a Jew, it meant to be ceremonially unclean, to touch a dead body. It deprived him of partaking of the great feast. All this made no difference to Joseph, since he had witnessed the trial and crucifixion of Jesus, he took him to be the Son of God. He hurried him in his own tomb hewn in a rock. Jesus did not need the tomb very long, but he needed it very badly. In three short days, Jesus returned the tomb to Joseph with a hearty thank you. The tomb was worth just as much when Jesus left it as it was before. If that tomb could be located today, it would be worth a million times more, because Jesus was in it. The riches and service we give to Jesus, always enriches the giver."

The union service next Sunday night will be held at the Presbyterian church. The sermon will be preached by the Rev. M. W. Sunderman, pastor of the Evangelical church.

Bodies Of Drowned Orphans Are Recovered

Mexico, Ind., July 9.—(U.P.)—Bodies of three boy inmates of the orphan's home here have been recovered from Eel river following a triple drowning Friday night. A combined funeral service will be held Tuesday. The dead were Durwood Muffley, 12; Raymond Todd, 11; and Bruno Logman, 14.

Ex-Senator Chamberlain Of Oregon, Dies Suddenly

Washington, July 9.—(INS)—Ex-Senator George E. Chamberlain, (D) of Oregon, who sponsored much of the army legislation during the world war, is dead.

The veteran senator, who was chairman of the senate military affairs committee throughout the year, expired at his hotel here last night from apoplexy. Announcement of the death was made this morning.

Since his retirement from the senate in 1921, Senator Chamberlain had been engaged in law practice in Washington. Two years ago he suffered a stroke which kept him in ill-health for some time. He later recovered, however, and again became active in business. A second stroke last night proved fatal.

Infected Milk Blamed For Deaths Of Two Persons

La Salle, Ill., July 9.—(INS)—Two persons are dead and four other members of a family are seriously ill here today as a result of drinking what is believed to have been infected milk.

Boniface Conway, 19, Notre Dame student, died today, five days ago his brother, Robert, 16, died on a similar poisoning. Two brothers and two sisters are confined in the La Salle hospital suffering from the same malady. Physicians believe they drank milk that had been poisoned by the cows eating snakeweed.

Greek Chamber Of Deputies Resigns

Athens, July 9.—(U.P.)—The chamber of deputies was dissolved today in accordance with the demand of Premier Venizelos, who plans an early election.

President Coundouriotis is opposing firmly Venizelos's demand that the voting system be changed, and a direct clash between the two leaders seems imminent.

Mr. and Mrs. Wm. Cole and children were over Sunday guests at the J. R. Glancy residence in Bronson, Michigan.

ATTEND SCHOOL AT WINONA LAKE

Winona Lake, Ind., July 9.—Indiana University's new summer extension school, which opened at Winona Lake June 23, has an enrollment of 303 students, including four from Adams county. Glennis D. Elzey, Elois M. Lewton, Dora M. Magley, and Florence H. Magley, of Decatur, are enrolled.

The registration record lists students from 54 counties in Indiana and from seven states outside of Indiana, including Florida, Illinois, Kansas, Kentucky, Michigan, Ohio and Wisconsin. Most of the students are from the north central part of the state, with large delegations from Kosciusko and surrounding counties.

Thirty courses are offered by a teaching staff of 20 members Full University credit is offered. Dr. E. M. Linton, associate director of the Extension Division, is in charge. He was manager of the privately operated Winona summer school for seven years. This school has been discontinued. The building formerly used by the private school is now used for the full-time University courses. The Winona public school building is used for practice teaching.

An ideal combination of recreational facilities at Winona Lake, of the world famous Chautauqua program offered here by the Winona Assembly, and of the educational advantages of the

state university are rapidly making this a leading summer student center of the middle west.

Three World's Track And Field Records Fall

New York, July 9.—(U.P.)—Three world's track and field records were broken and one tied last week. Ed Hamm of Georgia Tech leaped 25 feet, 11 1/8 inches in the final Olympic try-outs at Cambridge to set a new record in the broad jump. Lloyd Hahn of Nebraska and the Boston A. A. ran the 800 metres in 1 minute, 51 2/5 seconds in the same meet, clipping one fifth of a second off Dr. Otto Peltzer's world record.

S. A. Lay of New Zealand threw the javelin 222 feet, 9 inches in the British amateur meet at Stamford Bridge, Eng., to break the accepted world record.

Larva, a Finn, beat Paavo Nurmi and tied the latter's world record of 3:52 6/10 for the 1,500 metres in the Olympic trials meet at Helsingfors, Finland.

Glenmore and joined with a posse of officers and citizens in searching fields and buildings in the vicinity of the town.

A Ford touring car, believed to have been abandoned by the burglar was found in the driveway at a vacant house, about a quarter of a mile north of Glenmore. A suit case containing clothing, was found in the car. The license number on the car was 482,599 and was issued in Indiana this year to Herman Parker, of West Point, Indiana. The license was issued for a Ford touring car, but the engine number on the abandoned car had been obliterated and officials were unable to ascertain if the license had been issued for this car.

The bullet was removed from Mr. Hunter's arm and it is believed that the wound will not prove serious. It entered the arm a short distance above the elbow. The shot was fired from a .22 calibre revolver.

A New Car .. A New Car Style .. A New Zenith of Low Priced Car-Luxury and Performance

New slender profile chromium-plated radiator—Long, low bodies.—Generous room for 2 to 5 passengers, according to body model.—Luxurious deep upholstery and appointment detail.—New "Silver-Dome" high-compression engine, for use with any gasoline.—Smooth speed up to 60 and more miles an hour.—Chrysler light-action internal expanding hydraulic four-wheel brakes—no other car of this price possesses this feature.

All Chrysler research, engineering and manufacturing have been inspired by the fundamental motive of giving ever greater quality and value for each dollar of car cost. Public recognition of this principle, in four years advanced Chrysler from 27th to 3rd place in sales in the N. A. C. C.

With a new product—the Plymouth—Chrysler is the first to give, at so low a price, the advantages of performance, riding ease, dependability and full adult size which characterize fine cars of higher price.

The new Chrysler-designed and Chrysler-built Plymouth is so revolutionary an advance over other low-priced cars, it is such conclusive evidence that the past year's strides in the science of manufacturing have multiplied the purchasing power of the

motor car dollar, that you will surely want to see it and drive it.

And above all, you must see its beautiful lines and finish, and stretch at ease in its deep-upholstered, full adult-size bodies, to comprehend how completely the Plymouth surpasses cars heretofore sold under \$1000.

The Plymouth is today displayed by every Chrysler dealer. He wants you to see it and to ride in it.

Please submit the Plymouth to this trial. We believe you will discover there has never been a car anywhere near its price that can approach the Plymouth for power, pick-up, smoothness, easy handling, safety, quietness and roominess—nor that can equal it in beauty and style.
