HOOVER POINTS OUT TWO ISSUES

Plans To Stress Prosperity And Integrity In Governmental Management

Superior, Wis., July 17.—(U.P.)—Herbert Hoover has informed President Coolidge he intends to stress the issues of continued prosperity and integrity in governmental management in his campaign for the White House.

The Republican candidate indicated he would have these two as the dominant issues in the speech of acceptance of the nomination at Palo Alto, Calif., August 11, the United Press was reliably informed today.

These are practically the same issues upon which Mr. Coolidge successfully sought election in 1924. They were first suggested publicly at Chicago, Sunday, by Vice-President Charles G. Dawes, who told Hoover he believed these issues were foremost. Mr. Coolidge is understood to have agreed the issues were well selected.

The issue of prosperity will be widely used by Hoover himself in his speeches during the campaign, while that of competent governmental management will be stressed by the other campaigners.

That information coming privately and unofficially, but authoritatively from the conference, which Hoover and Mr. Coolidge have been holding at the president's summer lodge, was the first news emanating from the candidate himself as to the issues he will name in his acceptance speech. Hoover has steadfastly declined to talk about politics, reiterating that he would say whatever he had to say in his speech.

Master Mason Degree will be conferred Tuesday, 7:30 o'clock at the Masonic Hall. All members are urged to be present.

J. E. ANDERSON, W.M.

Little Hope Held For Hoover's Father-in-law

Placerville, Cal., July 17.—(INS)—Unconscious for the past 48 hours the condition of C. D. Henry, father-in-law of Herbert Hoover, was considered hopeless today in a bulletin issued by his physician here.

Allen Hoover, son of the Republican presidential nominee, is here and last night talked with his mother by long distance telephone. Young Hoover said there was a possibility she would leave her husband's westward tour and hasten to her father's side although nothing definite had been decided.
