## Call Of Open Road Beckons Woman Of 60

Pendleton, Ore., July 24.—(United Press)—Having raised sixteen children—13 boys and three girls—Mrs. Camille Erwin, 60, decided to spend her remaining years seeing the country in the most approved summer tourist style—hitch-hiking.

Mrs. Erwin passed through Pendleton recently on the first lap of another tour through the States.

"The life of a wanderer is good enough for me," Mrs. Erwin told city officials when she arrived from Spokane. "The open highway is my home. "Easy to get rides? Say, it's just like falling off a log," the elderly hiker laughed.

Mrs. Erwin said she experienced many interesting adventures while touring the country. She has been in nearly every state and Mexico.

Expenses are the most trivial part of hitch-hiking, Mrs. Erwin believes. And to illustrate this the hiker said she made a trip from Calexico, Mex., to Kentucky, covering fourteen states in 23 days at an expense of \$25.

Another trip from Portland, Ore., to Great Falls, Mont., was completed in a week at a cost of only 65 cents.

### Yacht Race Across Atlantic Ends Today

Santander, Spain, July 24.—(U.P.)—The yachts Nina and Elena crossed the finish line in Santander Harbor today, first in their respective classes in the trans-Atlantic races from New York.

The Nina crossed the finish line at 2:56:52 P. M. and the Elena at 4:19:53 P. M.

The Nina had been awaited and was expected to win, but recent reports had been that the Atlantic which holds the trans-Atlantic yacht record—was in the lead in the larger class and officials had expected to greet her rather than the Elena, her nearest rival.

The race was for cups offered by the King and Queen of Spain.

## CRITICISM INSTEAD OF GLORY AWAITING

one car of which has been reserved by the Italian government—and proceeded via Kirunaboden, Halmoe and Treleborg directly south to Italy.

The train will miss Stockholm and every effort will be made to expedite the party on the return to Italy. Several members are suffering illness and injury and desire to get immediate medical attention.

Noble has been criticized principally because he was the first of the Italia crew to be rescued from the ice floe, and the train routing and missing of Stockholm will save Noble from any embarrassment that might come up.

Premier Benito Mussolini ordered some days ago that the Italia crew proceed home as soon as possible and refrain from making any statements or giving interviews.

The Citta Di Milano will return to Kings Bay from Narvik to aid in the search for six members of the Italia crew who floated away with the envelope of the dirigible and also for the six men of the Roald Amundsen group.

Inquiry Set For September  
Rome, July 24.—(INS)—Italy's inquiry into the conduct of the Noble expedition which has been ordered by Premier Mussolini, as the result of criticism throughout northern Europe, was expected today to be opened late in September or early in October. It is believed that it will be directed by Mussolini himself.

All the rescued members of the Noble party will have reached Italy within the next fortnight, unless the order to return immediately is countermanded.

## EAST MARKED AS BATTLE GROUND

paign strategists.

A heap of political straws thrown to the wind in the three gatherings revealed this year's mid-summer campaign zephyr to be something of a gale and disclosed at the same time an astonishing agreement between Democratic and Republican strategists as to where the most blood is likely to be spilled between now and November.

X marks the spot, which comprises exactly all the territory of the original thirteen colonies lying north of the Potomac. In this normally rock-ribbed republican territory in national elections, this year's contest will be decided.

## HOOVER SEES NO NEED FOR ALARM

(CONTINUED FROM PAGE ONE)

President Coolidge in 1924 is regarded by students of politics as the most effective and least expensive of modern political history. It fits precisely the personality and purpose of the new republican leaders.

Hoover intention will be manifest in his acceptance speech here August 11, the United Press is informed. The 40-minute speech will seize no expensive issue. It will lay down a program for efficient administration of government affairs.

That decision is politically more important than it appears because of growths from the middle west for a farm relief campaign, the roar of the dyes for a prohibition campaign and the calls of some of the independents for a fight against the so-called power combine.

## Local Theatres Offering Excellent Bills This Summer

Decatur's two movie houses are offering excellent bills during the hot weather season and, to make the patrons more comfortable, the theaters are artificially cooled. On Wednesday and Thursday, the Adams Theater is giving a double bill, showing a picture of the great Pendleton, Oregon, Rodeo, in connection with the regular bill, "The Isle of Forgotten Women." The Rodeo picture was filmed at the great round-up held in Oregon and the picture is a real thriller. About 2,500 people take part in this picture, including Indians. This double picture is given without an advance of price. At the Cort theater, several excellent pictures will be shown during the week, including the "College Hero," tonight and Wednesday, and an airplane picture featuring Monte Blue, in "Across the Atlantic," on Thursday and Friday.

## POSTING CORN BORER GUARDS

Indianapolis, July 24.—Posting of guards to maintain a quarantine around the northeastern Indiana counties infested by the European corn borer began this week it was announced by Frank N. Wallace, state entomologist. Approximately 30 men were placed Monday covering most of the trunk roads through the territory.

Paul T. Ulman, deputy state entomologist, who is directing the state's part in quarantine enforcement, informed Wallace this afternoon that by tomorrow almost all the main roads would be supplied with guards and by the latter part of the week the quarantine machinery would be in complete operation.

No corn, sorghums or sudan grass will be permitted to be taken from the quarantined area without certification by a representative of the U. S. department of agriculture.

The area, considerably larger than that quarantined last year to prevent spread of the corn borer, includes all of Steuben, Lagrange, DeKalb, Noble, Allen, Whitley, Adams and Elkhart counties and parts of the counties of St. Joseph, Marshall, Kosciusko, Wabash, Huntington, Wells, Jay and Randolph.

## Capt. Carranza, Mexico's Air Hero, Buried Today

Mexico City, July 24.—(INS)—The funeral of Captain Emilio Carranza, Mexico's foremost flier, who met death when his plane crashed in a storm in New Jersey while he was attempting a non-stop flight from New York to this city, will be held today. A hushed throng of more than a half million paid silent tribute to the late flier when his body was brought here yesterday and solemnly escorted through flower-strewn streets to the building of the ministry of war, where it now lies in state.

## George Souders, Race Driver, Still Unconscious

CITIZENS of New York State alone lost over \$500,000,000 invested in worthless securities in the last year, according to reliable authority. Think of it!
