Berne, July 26.—(Special)—A Blue Racer snake, measuring more than five feet in length, was killed on the Henry Schlagenhauf farm, several miles west of Berne, Tuesday. POLITICAL SITUATION IN CHICAGO IS NEARING CRISIS

(CONTINUED FROM PAGE ONE)

for political leadership. It is the consensus here that the leadership of "Big Bill the bulldozer" is a thing of the past. It is not believed that Mayor Thompson will serve out his present term. His condition is reported grave, and those close to him fear he will not survive his illness. It is common gossip that the Mayor is contemplating resigning.

The defeat of States' Attorney Robert E. Crowe for reelection in the Spring Primaries was a crushing blow to the "America First" group. Charges that Crowe was aligned with the underworld gave Judge John A. Swanson, Republican of the Deneen faction, a sweeping victory.

Wholesale murders, bombing outrages and extensive graft were charges to Crowe supporters. The famous killing of assistant state's attorney William Moswigen, the bombings of the homes of Senator Charles S. Deneen and Judge Swanson were blamed to the Crowe men.

Taxes have increased from thirty to three hundred per cent in the last few years. Home owners claimed they were forced to sacrifice their holdings to meet the tax requirements. A reassessment has been ordered.

Summed up, the situation in the words of those close to the city hall, is one of the worst in the history of Chicago. It will be no surprise here if one of the most startling scandals in the history of the country is uncovered when the special grand jury makes its final report.

Cases To Be Tried In City Court This Evening

The cases in city court, postponed from last Tuesday, will be heard tonight. Mayor George Krick announced today. Those arrested are charged with violation of the motor vehicle laws and violation of the prohibition laws.

Government To Guard Its Evidence Against Bootleggers

South Bend, Ind., July 26.—(U.P.)—Government evidence against bootleggers will be protected here in the future, according to a ruling by United States District Attorney Oliver M. Loomis here. This was Loomis' comment when he refused to grant preliminary hearings before a federal commissioner to fifty bootleg case defendants, all of Fort Wayne.

"Bootleggers have two objects in

demanding a preliminary hearing," said Loomis. "The first is that through it they can gain a glimpse of the evidence against them and can prepare their cases accordingly before going to trial. The second is that they can make stenographic records of the testimony of the government's witnesses in preliminary hearing, and then use these records to trip up government witnesses at the final trial."

\$500,000,000 Lost!

CITIZENS of New York State alone lost over \$500,000,000 invested in worthless securities in the last year, according to reliable authority. Think of it! Multiply it by the number of states in the union and imagine what a staggering amount of hard-earned money flows into the coffers of fake stock promoters!

Like the "hand-writing on the wall"—it's an object lesson to the man with money to invest. Before he parts with a dollar, he should seek the advice of trustworthy, experienced, financial men. This Bank's officials gladly offer their services!
