NATIONAL CITY CHURCH PLANNED

(CONTINUED FROM PAGE ONE)
tory Sunday, on October 21. On that day, set apart by the International Convention of the Disciples of Christ (Christian Church) held at Columbus, Ohio, in April, the Christian Churches of America will seek to complete the fund for the erection of this representative church. A goal of \$500,000 has been set for the day. Already more than one million dollars have been raised toward the fund.

The building of the National City Christian Church is a part of a three-year program of the Disciples, anticipating the celebration of the nineteenth hundredth anniversary of Pentecost in 1930. It is the plan that the program of evangelization now being carried on by the communion will culminate in this monumental building in the nation's capital at the World Convention of the Disciples to be held in that city in 1930.

The site for the church comprises about 50,000 square feet of ground facing Thomas Circle, at the junction of Massachusetts Ave. and Fourteenth Street, six blocks from the White House. It is considered to be the finest available site for a downtown church in the city of Washington.

The general plans for the building, designed by John Russell Pope, of New York City, has been approved by the building committee. The structure will be of the American Classic style of architecture and will be a fitting companion to the great government buildings and monuments of the capital city. The choice of the architectural style is also in keeping with the recommendation of the Art Commission of Washington that future buildings of an imposing character be of classic design. A tower, one hundred feet in height rising beyond a colonnade of twelve classic columns, will be the most arresting feature of the building. The building group will include, beside the house of worship, a modern educational unit and a smaller prayer chapel.

A real, state, county, and local church organization is outlined for the observance of Washington Church Victory Sunday, Rev. R. A. Schell, director of the work in the Indiana area, composed of Indiana, only, is visiting local church leaders and forming the working organization for the movement in this county. G. T. Burk is the executive of Adams county.

The national movement is being directed by H. H. Harmon, of Indianapolis. Associated with Mr. Harmon in the direction of the field activities are H. P. Shaw, of San Francisco, and A. D. Harmon, of Cable, Wisconsin.
