

## YOUNG STRIBLING IN A COME-BACK

By Frank Getty,  
UP Sports Editor

Madison Square Garden, New York, Sept. 7.—(U.P.)—Young Stribling of Georgia is back in the tistic lime-light, standing out today as one of the leading contenders for the heavy-weight championship of the world.

The southern boy's victory over Johnny Squires of South Africa in two rounds at Madison Square Garden last night went a long way towards restoring him to the good graces of fickle New York fandom.

It is true that Squires could offer little opposition, the South African proving quite as horizontal as any of the British heavyweights.

Stribling's demeanor in the ring and his businesslike way of finishing off his opponent were a pronounced improvement over some of his previous performances.

Squires went down twice in the first round, once from exhaustion and again from a savage left hook to the jaw. He was practically out on his feet when the bell saved him.

In the second round, Stribling went to work with a vengeance and quickly had the South African helpless, Louis Magnolia stopping the fight after 44 seconds.

Stribling weighed 184 1-4, and looked very fit. He seems to have improved his attack, and displayed an effective line of jabs, hooks, uppercuts and a devastating straight right which seldom missed.

## Watching The Scoreboard

(U.P.)

Yesterday's hero: George Harper, utility outfielder of the St. Louis Cardinals, whose home run in the tenth inning with Wilson on base gave the St. Louis Cardinals a 4 to 3 victory over the Pittsburgh Pirates.

Chick Hafey put the Cardinals in the lead in the fifth with a home run with one on base, only to have the Pirates tie the score in the ninth with a home run by Paul Waner with L. Waner on base. Burleigh Grimes allowed but six hits, while the Pirates found Mitchell for seven. In the first half of the tenth, Pittsburgh threatened to sew up the game when Scott singled and scored on Grimes' long single.

The Chicago White Sox opened a three game series with the Cleveland Indians by winning 2 to 1. Both teams scored their only runs in the first inning. A double by Mostil, a single, a base on balls and a sacrifice fly accounting for the White Sox's runs.

All other scheduled games were rained out.

## JUNIOR BASEBALL SERIES STARTS

By Dixon Stewart,  
UP Staff Correspondent  
Chicago, Sept. 7.—(U.P.)—Two teams of youthful diamond stars, one from Worcester, Mass., and the other from Oakland, Calif., meet here this afternoon in the first of three games to decide the mythical junior baseball championship of the world.

The teams are the last survivors of the American Legion's tournament in which more than 100,000 boys under 17 participated. The series is sponsored by the American and National leagues and the winning players will be guests of Judge K. M. Linds at the worlds series next month.

Worcester holds the championship of the east and Oakland the championship of the west. The latter team is banking on the strong left arm of Charles Hardt, a pitcher who may earn big league spurs in the near future. Charley allowed only one run in 57 innings of championship play. In the last 38 innings he has not allowed a run.

Against this brilliant southpaw twirling Worcester in pitting a 16-year-old right hander, Wilson Dunlap. Dunlap has won 21 out of the 22 contests he has pitched for his team.

## Golf Tennis Sport Fever Baseball Swimming

Football dope overwhelmingly predominates in today's clippings. Unless local golf bugs shoot us some help soon, this column is likely to do the fade-away any day.

The first football game of the season, so far as known, will be played by the Kokomo and Elwood high school elevens at Kokomo, tomorrow.

Coach Means, of Bluffton high, is introducing cross country as sport in Bluffton this fall. He is urging all track and baseball men who are not out for football to take part in the running. According to the Bluffton News, "efforts are now being made to hold a few cross country meets this fall, probably with Decatur, Hartford City and Central high school of Fort Wayne."

Our good friend Buckner has started his football column, "Gridiron Dope," in the Bluffton Banner. Here is one of his paragraphs:

"They say that the Tigers eleven this year will not be quite as heavy as in former years, but what the boys lack in weight they will make up in speed. Well, plenty of speed and ac-

tion suits us."

**Beware Of Undertakers, Gang**  
Winslow, Sept. 7.—(U.P.)—Yellow Jacks, credited with being among the most stinging of all stinging insects, can be routed with embalming fluid. This was proved by Oliver Benton, undertaker, who was stung by five yellow jackets while cutting his hedge at his home. He sprayed the insects' nest with the fluid and they left in a hurry.

Judging from the reports we hear coming from the camp of the Decatur high Yellow Jackets this fall, its going to take more than the undertaker's embalming fluid to put them to rout.

## New Football Rules

In his article, "The Gridiron-Sizzles" appearing in the October issue of College Humor, Maor John L. Griffith, Western Conference Athletic Commissioner, says: "While most of the changes noted in the new football rules have to do with clearing up the basic points which caused some confusion among officials last year, there have been a few changes which will excite the interest of the college men and women who will witness the games this fall."

"Last year the committee, composed of Tad Jones, Bill Roper, Alonzo Stagg, A. F. Ahearn, H. J. Stegeman, D. X. Bible, H. W. Hughes, George Varnell, E. K. Hall and W. S. Langford, in an attempt to add another interesting feature to the game, tried to encourage the backward pass. Experience taught, however, that many fumbles in the backward passes when without doubt was no intent on the part of the offensive team to make an English rugby play. This year the committee has designated that a protected backward pass the ball will belong to the side that recovers it at the spot of recovery. In the case of a backward pass in which a player attempts to hand the ball to another and where it has not been clearly thrown two yards, if such a ball is fumbled either team may recover and run with it."

"The rules also provide that when the ball is not in possession of a player and strikes the goal post or crosses the bar, unless it is a kicked ball which

later scores a goal, it will be considered as out of bounds."

but will be out to land a place on the basketball team.

Chesterfield!"

Mild enough for anybody  
... and yet they Satisfy\*

\* A PLAIN, unvarnished statement of fact: "Mild enough for anybody and yet they satisfy".

If you will light a Chesterfield and smoke it critically you will find no hint of

harshness, but a certain mildness, with a rich, wholesome flavor.

Chesterfields satisfy without being harsh. They're mild without being insipid or tasteless.
