A number from here attended the
Frank Dailey meeting at Fort Wayne
last night and are more enthusiastic
than ever if that is possible.

There is one fine quality that surely
no one doubts, about Governor
Smith. He is unafraid. He is also
honest and he says what he thinks
without dodging or quibbling.

Drop a dollar or two or a dime or
two into one of the Red Cross boxes.
The money will be rushed to Florida
where perhaps some of your dearest
friends are in need of aid.

It's about time for the officers to
again call attention of some drivers
to the fact that the stop signs mean
stop and that reckless driving will not
be permitted here. It has to be done
every so often it seems.

The first meeting of consequence in
this county so far arranged is that
of Friday, October 5th, when Governor
John M. Parker, of Louisiana, will
speak. He is able and worth hearing
and the court house should be packed
on that occasion.

Prosecutor Remy down in Marion
county is still "going to go to the
bottom of things," according to his
recent statement. There has been so
many attempts at this that we have
about given up hope of them ever
finding the bottom there.

Whether you wish to believe it or
not, the autumn weather is very near.
We have a little touch of it this week.
How about your winters supply of
fuel and other things that make the
cold season more comfortable for the
family? Its sure time to think about it.

The Independent Equality for Agri-
culture club which is now being or-
ganized in this district under super-
vision of Dr. M. T. Jay should be of
great value to the farmers. Its time
for them to assert themselves and to
demand certain things that have been
given to every class excepting them.

The 1929 automobile licenses plates
for Indiana are now being shipped to
the various stations. They are ex-
actly like those of this year except for
the color, the new ones being orange
on a black back ground. Its a little
early for they will not be issued for
about three months but its alright to
have them ready.

When a farmer asked Senator
Curtis, the republican candidate for
vice-president a few questions the
other night, he lost his head and re-
plied, "You're too damn dumb to
understand." Thats the theory of
some folks. They think the general
run of voters are so ignorant they
can put over the same old story and
get away with it. What do you think?

The people of Florida and the West
Indies are suffering as a result of the
recent terrific storms and the appeal
of the Red Cross should not go un-
answered. Of course you have many
expenses and worries of your own but
in such a crisis as this the American
people never fail. Adams county must
do her full share in this drive.

Don't lets drop the matter of re-

TODAY'S CHUCKLE

El Paso, Tex. Sept 22—(U.P.)—
The Rev. H. D. Tucker has begun

ing services at Asbury Methodist
church. He reports increased atten-
dance.

viving sales days in Decatur. They
were for years the best trade draw-
ing plan ever used here and from re-
ports from numerous towns and cities
in this section, still are where used.
If we add to the gift distribution,
some attractive bargains, the old
town will prosper and will attract
visitors from a radius of many miles.

A Bluffton man who was sent to
the reformatory for larceny will
spend an additional year there be-
cause he stole a suit of underwear
from the prison store room. Seems
like some folks can't help it once
they have formed the habit of steal-
ing but it certainly takes courage or
a lack of sense for a prisoner to steal
while he is serving time, don't it?

We presume there are some folks
in Indiana who will not vote for
Frank C. Dailey for governor but
surely they have not heard his frank
and sensible speech or his promise to
serve during the next four years. Mr.
Dailey is considered one of the best
attorneys of the middle west and to
secure his services at \$8,500 per year
is an opportunity that should not be
overlooked.

When making up your mind how
you will vote in Indiana this year, it
is well to remember Walb, Jackson,
Stephenson, McCray, Robinson, Du-
vall, Coffin, "birds of a feather," the
riding horse, numerous scandals and
a lot of other things which though
called to your attention only a few
months ago by Tom Adams and other
republicans, may now be forgotten in
the rush of things.

"If you people are really ready for
a new deal and see fit to elect me
governor of Indiana, we won't waste
much time getting back to the simple,
old fashioned way of just being honest
and once more running the state on
a sound business basis. If I'm the
man for the job, I'll tackle it with all
I've got."—Statement by Frank C.
Dailey. Surely you are ready for it
and will choose this man in November.

During the last month the Federal
Land Bank in St. Louis has had over
300 inquiries about Missouri farms,
which is ten times the number re-
ceived a year ago during the same
period of the year, indicating that
there is a trend towards normalcy on
the prices and sale of farm lands.
You are right now at the place where
you can buy a farm for less than it
is really worth. That condition can
not and will not last long. You can
scarcely make a better investment.
