HOOVER CHANGES PROGRAM AGAIN

(By Paul R. Mallon)  
(U. P. Staff Correspondent)  
Washington, Oct. 2 —(U.P.)—Herbert Hoover has rearranged his speaking program to make his Boston address Oct. 15 and the New York City speech Oct. 22. It was announced at his personal headquarters here today.  
The change was necessitated by the discovery that his engagement to speak in Madison Square Garden, New York October 13 conflicted with New York state's registration on that day. Hoover was to have spoken in Boston, Oct. 25.  
Following out his policy of making a speech a week from now until the end of the campaign, the dates were changed.

**State Leaders Cautioned**  
Washington, Oct. 2 —(U.P.)—Twice within a week, Republican National headquarters has cautioned state leaders regarding the injection of the religious issue into the Presidential campaign, it was disclosed here today.  
The second incident was made public by Chairman Work of the National committee in his wire to Oliver D. Street, National committeeman for Alabama, concerning a pamphlet reported to have been written by street and distributed throughout the state.

MEN NO LONGER UNCOUTH, THANKS TO BEAUTY SHOPS

(CONTINUED FROM PAGE ONE)  
the larger cities of the country has had his hair permanently waved.  
It costs only one dollar for each masculine curl, Le Ferte added, and most of the men so beautified take from ten to 15 curls.  
Predicting that the vogue of permanent waves for males would increase greatly during the next few years, Le Ferte revealed how one desirous of permanently wavy locks goes about getting them without attracting too much attention.  
"Its sort of like bootlegging," said Le Ferte. The idea is for the barber to run a beauty shop next door to his barbershop with a passage way between. The permanent wave customer walks into the barbershop, cuts through to the beauty shop, gets his permanent and comes out the way he came in without anyone being the wiser.  
"The reducing machines, working on a principal similar to that of the famous Presidential hobby horse of a few years ago, so far are not used generally in barber shops, it was learned but in most of the combined beauty-barbershops with the discreet inner passage, they are regular equipment.  
Although the association as a whole, according to secretary Joseph Byrne, New York, "is enjoying the greatest success in its history," it still has many problems to work out and is getting new ones every day.  
The hair tonic manufacturers, for instance, don't know quite what to do about the "legions" of bootleggers who have obtained permits to manufacture alcohol into tonic and who then have made their tonics into products more or less potable. David Pat-siner, Chicago, lamented.

**Indian Woman Gives Birth To Five Sons**  
Mexico City, Oct. 2 —(U.P.)—An Indian woman, Maria De Los Remedios Aparicio Soreque gave birth to five sons on September 16, Mexico's independence day—a dispatch to La Prensa from Meravatio.  
Rev. and Mrs. A. R. Fledderjohann and Mrs. Floyd Arnold left yesterday for Terre Haute, to attend the Mid-West Synod of the Reformed church.

ISSUES DISCUSSED BY SEN. ROBINSON

Wichita, Kan., Oct. 2 —(U.P.)—Senator Joseph Robinson, Democratic candidate for vice President digressed from his prepared speech on farm problems here last night to declare, in answer to a question from someone in his audience, that "Neither of the great political parties is dry."  
Robinson stressed the farm problems in his first speech in the native state of his Republican opponent, Senator Charles Curtis, but talked at length of prohibition, the attacks of William Allen White on Gov. Smith and the "whispering campaign".

SEEK RECEIVER FOR GENEVA FIRM

(CONTINUED FROM PAGE ONE)  
Henry Schindler, Charles Duer, William Eckrote, Virgil Windmiller and Rene Monce, Attorney C. L. Walters, of Decatur, is counsel for the petitioners.  
The petitioners allege that the corporation has been unable to dispose of sufficient furniture to meet its overhead expenses and has been running behind financially ever since its organization; that its volume of business is not sufficient to pay its labor and the bills incurred in the purchase of materials; that it is indebted in the whole sum of about \$4,000 and that the whole value of its assets is not more than \$2,000; that it has no cash on hands or in the bank and that it has no credit anywhere. They allege further that checks given to them by the manager, F. E. Neide, in payment for their services, have been returned because of no funds in the bank, and that the manager has finally closed the business.  
The petitioners ask that a receiver be appointed for the corporation and that the receiver be ordered to take charge of all property and assets thereof and to make a distribution thereof in accordance with law.  
The Baumgartner factory was established at Geneva several months ago, being moved there from Linn Grove.
