RUPTURE EXPERT HERE

F. H. Seeley Co.'s expert of Chicago and Philadelphia will be at the Anthony Hotel, Fort Wayne, next Thursday and Friday only, October 18th and 19th from 9 a. m. to 5 p. m. Mr. Seeley says.

"The Spermatic Shield will not only retain any case of rupture perfectly, but contracts the opening in 10 days on the average case. Being a vast advancement over all former methods—employing instantaneous effects immediately appreciable and withstanding any strain or position no matter the size or location. Large or difficult cases, by incisional ruptures (following operations) specially solicited. This instrument received the only award in England and in Spain, producing results without surgery, injections, medical treatments or prescriptions, with distinguished personal patrons of all nations." His method has always been most satisfactory. Late Dr. Edward Shippen, former Medical Director, U. S. Navy.

See Mr. Shevnan who will be glad to demonstrate without charge or fit them if desired. Business demands prevent stopping at any other place in this section.

N. B.—Every statement in this notice has been verified before the Federal and State Courts.—F. H. Seeley.

CAUTION—All cases should be cautioned against the use of any elastic or web truss with under straps, as same rest where the lump is and not where the opening is, often resulting in strangulation. Home Office, 117 N. Dearborn St., Chicago, Ill.
