would be visited on this western swing, but that the complete itinerary was dependent entirely upon weather conditions met once the big craft goes aloft.

To Cross Indiana

Indianapolis, Oct. 24.—(U.P.)—Indiana today prepared to applaud the feat of the Graf Zeppelin in its flight from Germany with a long distance "reception" from the ground Thursday when the big airship passes over.

The Zeppelin is expected to float comparatively slowly over the cities in order to permit citizens an opportunity to see it.

The Zeppelin is expected to fly about 40 miles an hour over the cities.

If the ship sails early Thursday morning, it will pass over Indiana in the afternoon.

The route taken will depend upon weather conditions, but tentative plans include Pittsburgh, Indianapolis, Terre Haute, St. Louis and Belleville, Ill.

CANDIDATES GET WARM WELCOME

introduce to you the man who will address you. Among our great men who have been president, there stands enshrined the name of Grover Cleveland, the great fighter for the cause of democracy, whom it has been said, owed his great popularity to the fact that he was able to vitalize the issues. This great president left to us a son, who has proven worthy of the family name he bears. I present to you, Richard Folsom Cleveland." In addressing the voters, Mr. Roller, said in part:

"Mr. Chairman and fellow citizens of Adams county:

"It is indeed an honor to have been selected as a representative of the young voters of this county to preside at this meeting.

"The young voters are actively interested in this campaign because we feel that the future welfare of the state and nation is in jeopardy. We are ashamed of the records of those who have sold the birthright of the nation for their own personal gain. We have listened to the cries of distress that have come to us from the millions of farmers of this country, who are our friends and neighbors. We have found that they have been ignored by the Republican party and we, whose thoughts are not bound by tradition are here to relieve them.

"Mr. Hoover says, that he will follow the policies of Mr. Coolidge. There are now under Mr. Coolidge's administration over three bank failures a day in the corn belt area. Your farms in Adams county have depreciated 100% during the past 8 years. In our neighboring county of Jay, the banks own 8000 acres of land.

"On the other side we have Gov. Smith, who says that he will do everything in his power to relieve the farmer. He will call a meeting of the best minds in the farming industry and taking the McNary-Haugen bill as a basis work out a way in which the situation can and will be remedied.

"We believe that Gov. Smith, who came up from the common people, is both the champion of the Democrats and the Lincoln Republicans, who certainly are not at home in the party of 'Cool' Cal Coolidge and 'Sir' Herbert Hoover.

"In our own State of Indiana, we have conditions that have scandalized the world. The fair name of Indiana is in disrepute. Those of us who travel have found it necessary to register our party affiliations along with our names if we would escape the jeers of those citizens of other states with whom we come in contact.

"We, of Indiana, are through with governors who deal with high priced saddle horses and hide behind the statutes of limitations. We will

never elect a man who, when the honest statesmen of Indiana arose and demanded an investigation of conditions at the capitol, called a party caucus and on a vote, in which they were divided on strictly party lines, voted to hide the malfeasance of the governor and those who were with him.

"No, ladies and gentlemen, we do not want Mr. Leslie and his gang. Rather would we have Frank Dailey, that honorable gentleman who has had experience in investigating graft and dishonesty and who will, if elected, restore the fair name of Indiana and allow the spirits of Marshall and Ralston to look down with approbation upon him.

"It is impossible for a governor to exert the full powers of his office unless along with him are elected those other state officials and legislators who will work in harmony with him. Therefore we consider it our duty to vote the Democrat Ticket on November 6th.

"In our own county we have a group of splendid candidates. There is not one of them that will not serve you to the best of his or her ability, if elected, and I hope that you will elect them on November 6th."
