Table Cloth Types a Linen Note With Appeal

NEW YORK, Nov. 14.—(U.P.)—Once winter comes, spring is surely not far behind. With more than the usual amount of Eve's curiosity, women begin peering around corners to get a glimpse of the lovely things being prepared for Florida, California and of course Havana, regarded by many as the mecca of fashionables this winter.

Spring comes first to the shop windows and beckons shivering mortals with frosted noses pressed against the pane. It somehow warms the cockles of one's heart to find linens again being so charmingly shown.

They will undoubtedly achieve increased prominence at southern resorts this winter. Handkerchief linen which first made its debut about a year ago is considered of foremost importance, and will be identified not only with the ensemble mode but also in the guise of blouses accompanying lightweight woolen costumes. It is featured in modernistic prints and a large variety of plain shades. French designers are also showing jacquard patterns on the sheer qualities.

Broadened effects on linens strike the newest note and appear on the heavier weight in borders for coats, while more discreet designs are found on the satin-finished qualities for dresses. Monotones will be seen in greater numbers and will generally subscribe to the combination thought of colors, either joining several shades of one color or contrasting tones in a modernistic effect.

Among the interesting sports linen novelties launched for resort wear is a knitted open mesh developed from highly mercerized imported yarns. It is shown in creamy white and colors and is particularly suited to blouse interpretations as well as frocks of sports genre.

The Tirzah Club of the Ben Hur lodge will meet Friday evening, immediately following the lodge session. Mrs. Millie Wels and Mrs. Mary Artman will be hostesses.

The Women of Mooseheart Legion will meet in the Moose Home, Thursday evening at seven-thirty o'clock. All members of the organization are requested to be present.

After the business meeting small tables were arranged for bridge, and the prize for high score was awarded to Miss Gretchen Kocher. At the conclusion of the games, dainty luncheon cloths were placed upon the tables, which were centered with vases of beautiful yellow crysanthemums. A delicious luncheon was served by the hostess assisted by Mrs. Charles Holthouse. Mrs. Dick Heller was present at the meeting and presented her affiliation card from the Rensselaer chapter with the desire to become active in the local chapter. Jasper Wable of Monroe township fell from his hay mow Monday and was painfully injured about the back and chest. He was unconscious several hours.

The Bay Piano factory at Bluffton is operating with fifty men now and the new owner hopes to meet with such success as will keep it going permanently.

C. E. Troyer, of near Wabash, Ind., cornering the world, now holds another record in the form of 113.8 bushels of corn to the acre on a 5-acre plot. The record was made with hybrid corn which he has been developing for the past seven years. This was the first year he has had sufficient corn to plant a five-acre piece of ground and enter it in the state five-acre contest. The corn does not grow nearly as large as any other variety, but is more productive. Every stalk in the five acres had one or more ears and all ears were located at the same height on the stalks, making the field an easy one to shuck and a heavy producer. For a profit and yield the new variety is expected to set a record, but for show purposes the corn amounts to little, as the ears are all small and irregular in size.

Joe Simmons, the happy warrior from Bluffton, was here yesterday with his usual smile and says he is back on the job trying to make an honest dollar.
